

Date of Park and Recreation Advisory Board Meeting: November 20, 2014

To: Park and Recreation Advisory Board

From: Allison Watkins

Subject: Ice Arena and Pool

Action Requested: PRAB Discussion

Summary Report:

Arena:

- The NHA held the Try Hockey Event on November 8. This is an event sponsored by USA Hockey and the NHA for any child that wants to try and play hockey for the day. The NHA handed out full hockey equipment for any child that needed it to play. The event was very well attended and the NHA got a number of new registrations from it.
- The NHA Mite program is up in numbers this year.
- Both the girls and boys high school teams have officially started their season.

Pool:

- The insulated concrete blankets have been put down at the pool to help prevent the concrete from heaving.
- I have donating 250 1 day admission passes to Sandy Malecha, the Coordinator of the Northfield Healthy Community Initiative. These passes will go into the goody-bags of families that register for this year's Eat, Talk, Connect program for local families.
