September 1, 2015	Accept Feasibility Report and call for Improvement Hearing	The engineer will present the Feasibility Report, the proposed project, an initial cost estimate and potential assessments. As part of the meeting the City Council will also set the date and time for the Improvement Hearing as required by the 429 process.	Resolution 2015-088	
September 15, 2015	Improvement Hearing	The purpose of this hearing is for the City Council to discuss a specific local improvement before ordering it done. The Council considers all the information in the Feasibility Report and any other information necessary for Council deliberation.  At the Improvement Hearing interested persons may voice their concerns, whether or not they are in the proposed assessment area. A reasonable estimate of the total amount to be assessed and a description of the methodology used to calculate individual assessments for affected parcels must be available at the hearing. If the Council rejects the project, it may not reconsider that same project unless another hearing is held following the required notice.	Public Hearing	Mail notice: September 2, 2015  Ad in paper: September 2 & 9, 2015
September 15, 2015	Order Improvement and Preparation of Plans and Specifications	The project may be ordered any time within 6 months after the Improvement Hearing. It is not advisable to change project parameters after ordering the improvement. Upon ordering the improvement construction drawings and specifications are prepared. Any changes to the project scope after this point will require redesign effort with additional cost and staff time as a result.	Resolution 2015-098	

1 – Dates in *grey text* indicate actions that have taken place. Dates in **bold text** indicate the next planned step. Dates in *italics* denote tentatively scheduled future actions.

2 – Motions will be used for those items that are not necessary for the 429 process. Resolutions are required for those steps that are part of the 429 process.

3 – Staff actions to insure that proper timelines are followed in the 429 process.

		This also has the potential to delay the project.

May 26, 2016	Preconstruction Conference	Meeting with City, County, Designer, and Contractor to discuss how the project will progress.		
May 2016	Neighborhood Tour	Prior to the start of construction a walking tour of the project corridor will be taken. Individual meetings with property owners will be scheduled to go over the details of construction and document existing conditions.		
June – November 2016	Construction	Once the project is awarded staff manages the day-to-day contract execution. Typically a Resident Project Representative is on-site to make sure the project is constructed in accordance to the plans and specifications. Communications between the contractor and city is primarily through the City Engineer, Project Manager and Resident Project Representative.  Significant changes will be brought to the City Council and County Highway Department for approval prior to the work being executed. Minor changes and field directives are authorized by the City Engineer in advance to maintain the project schedule. All contract changes must be approved by the City Council. Adjustments to estimated quantities occur during the final acceptance of the improvements.		
July 2017	Accept Improvements and Authorize Final Payment	The City Engineer recommends to City Council when the final payment should be made to the Contractor. The City Council may accept the work by resolution; however, if the city fails to pay the amount due within 30 days of a monthly estimate, or 90 days after the final estimate, the city must pay interest on the past due amount as prescribed by law.
