

November 4, 2024

Dear Resident,

I am writing to inform you about the proposed relocation of the Northfield Archery Range, currently located at 10353 Hall Ave, to Meadows Park and to request your feedback. As a valued community member, your input is crucial.

Meadows Park has been identified as a potential new location due to its accessibility and suitability. The archery range needs to be relocated because of the upcoming Water Treatment Plant project, which will be built on the current range site.

Why Meadows Park? Meadows Park offers ample space, easy accessibility, an existing parking lot, and is currently underutilized, making it ideal for the new archery range. Utilizing existing resources will result in significant cost savings. We believe this move will enhance the park's offerings while maintaining a safe, enjoyable environment for archery enthusiasts.

We kindly ask you to complete a short survey to provide your feedback on this proposed relocation. Your responses will help us make an informed decision that benefits our community.

Please use the QR code below to access the survey.

If you have any comments or questions, you can include them in the survey or reach out to me directly at Charlie.Fredericks@Northfieldmn.gov.

We appreciate your time and participation. Together, we can ensure Meadows Park remains an enjoyable space for all users. Thank you for your attention and involvement.

Sincerely,

Charlie Fredericks
Streets and Parks Manager

Estimado habitante,

Le escribo para informarle de la propuesta de traslado del campo de tiro con arco de *Northfield* al parque *Meadows Park* y para pedirle su opinión. Como miembro valioso de la comunidad, su opinión es crucial.

El parque *Meadows Park* se ha identificado como posible nueva ubicación debido a su accesibilidad e idoneidad. El campo de tiro con arco debe trasladarse debido al próximo proyecto de la planta de tratamiento de aguas, que se construirá en el emplazamiento actual.

¿Por qué el parque *Meadows Park*? El parque *Meadows Park* ofrece un amplio espacio, fácil accesibilidad, un aparcamiento existente y actualmente está infrautilizado, lo que lo hace ideal para el nuevo campo de tiro con arco. La utilización de los recursos existentes supondrá un importante ahorro de costos. Creemos que esta medida mejorará la oferta del parque, al tiempo que mantendrá un entorno seguro y agradable para los aficionados al tiro con arco.

Le rogamos que rellene una breve encuesta para darnos su opinión sobre esta propuesta de traslado. Sus respuestas nos ayudarán a tomar una decisión informada que beneficie a nuestra comunidad.

Utilice el siguiente código QR para acceder a la encuesta.

Si tiene algún comentario o pregunta, puede incluirlos en la encuesta o ponerse en contacto conmigo directamente en Charlie.Fredericks@Northfieldmn.gov.

Agradecemos su tiempo y participación. Juntos podemos garantizar que el parque *Meadows Park* siga siendo un espacio agradable para todos los usuarios. Gracias por su atención e implicación.

Atentamente,

Charlie Fredericks
Director de Calles y Parques
Ciudad de Northfield
