

SOUTHERN MINNESOTA
INITIATIVE FOUNDATION

Collaborating for Regional Vitality

Rice County Investments

We envision southern Minnesota as a prosperous and growing region with vibrant communities, innovative and successful economies, and engaged and valued citizens. To achieve this vision, Southern Minnesota Initiative Foundation, a regional development and philanthropic organization, fosters economic and community vitality in 20 counties of southern Minnesota through a culture of collaboration and partnership.

Making a Difference Strengthening the local foods system

The Cannon River Chapter of the Sustainable Farming Association of Minnesota launched the regional brand “Cannon Valley Grown” with the support of SMIF’s FEAST! Smart Start Grant. Cannon Valley Grown is working to promote and strengthen the local foods system in its area. This project will build a committed group of producers, food entrepreneurs, and allied businesses well-equipped to partner in a vibrant local food economy in the Cannon River region. Cannon Valley Grown states on their website, “We want to transform the way we connect the next generation of local sustainable farmers and producers to consumers, all while supporting a healthier ecosystem.”
