

## EXHIBIT B

### FINDINGS OF FACT

The Northfield city ordinances outline in Chapter 34 – Land Development Code (LDC), Section 8.5.8 the Heritage Preservation Commission’s Certificate of Appropriateness process and approval criteria. The HPC shall consider the following in evaluating an application for a certificate of appropriateness for a zoning certificate and/or building permit. Criterion (A) below must be met and criteria (B) through (G) shall be considered:

Criteria A. For all applications, the proposed action fully complies with all applicable requirements of the LDC;

Findings: The proposed work complies with the LDC. Further details on the applicable sections of the Northfield LDC are included below.

Criteria B. That the proposed action is in harmony with the purpose of the H-O district for sites located in the H-O district;

Findings: The proposed action is in harmony with the intent of the H-O district. Within the LDC Section 2.5.3, Historic Overlay District (H-O) purpose is defined “(a) Safeguard the heritage of the city by preserving sites and structures which reflect elements of the city's cultural, social, economic, political, visual or architectural history; (b) Protect and enhance the city's appeal to residents, visitors and tourists and serve as a support and stimulus to business and industry; (c) Foster civic pride in the beauty and notable accomplishments of the past; and, (d) Promote the preservation and continued use of historic sites and structures for the education and general welfare of the people of the city.”

- a) The applicant is proposing maintenance and investment to preserve the building.
- b) Rehabilitating the deteriorated facade enhances the building’s appeal to residents and visitors.
- c) The proposed rehabilitation will highlight the beauty of the building and foster more pride in the building’s history.
- d) The proposed rehabilitation promotes the continued use of the historic building.

Criteria C. That the proposed action would complement other structures within the H-O district for sites located in the H-O district;

Findings: The changes will complement other structures within the H-O district.

Criteria D. That the proposed action is consistent with the Downtown Preservation Design Guidelines for sites located in the H-O district, and consistent with the Secretary of the Interior's Standards for Treatment of Historic Properties for sites located within or outside the H-O district;

Findings: The work on the building is consistent with the Downtown Preservation Design Guidelines and the SOI Standards. The existing stucco and brick veneer is not original though it dates from the period of significance. The stucco and brick veneer, and reconfigured windows have not taken on their own historic significance. The proposed

rehabilitation replaces deteriorated elements with restoration, repair, and rehabilitation of historic materials. Where historic materials cannot be preserved replacement with compatible materials is proposed.

Criteria E, Consideration should be given to the amount and quality of original material and design remaining in the building or structure when applying criteria, guidelines, and standards;

Findings: The project proposes to restore and highlight the original materials and recover original configurations in the case of the stone windowsills. While the brick and stucco veneer dates to the period of significance these materials are not original. Proposed new materials will match historical configurations without detracting from the original materials.

Criteria F, For new construction, the building or addition should be compatible with: (i) scale, texture, materials, and other visual qualities of the surrounding buildings and neighborhoods; (ii) the height, width, depth, massing, and setback of the surrounding buildings; and (iii) the amount of solid wall to window and door openings, and the replacement of window and door openings, should be proportional to that of the surrounding buildings and neighborhood;

Findings: Not applicable.

Criteria G, Consideration shall be given to clear cases of economic hardship or to deprivation of reasonable use of the owner's property.

Findings: Not applicable.
