

4th Street Bikeway Improvements

Nevada Street – Prairie Street

Existing Street Configuration

4th Street Bikeway Improvements

Nevada St – Prairie St

On-Street Cycle Track - \$

Raised Cycle Track - \$ \$

Raised Buffer Cycle Track - \$ \$ \$

On-Street Considerations

- Painted buffer space – no physical barrier
- Existing road width remains
- High visibility of cycle track

Raised Cycle Track Considerations

- Reduced road width
- Elevated cycle track separation
- Small snow storage area
- Opportunity for raised street crossings
- Storm relocation

Raised Buffer Considerations

- Reduced road width
- Storm relocation - stormwater control in buffer
- Larger snow storage area
- New curb on road and bike

Fourth Street Cycle Track – Plan View
