

lighting options

preferred option

Selux Olivio Sistema 2/3/4

- + Customizable with multiple heads per pole
- + Modern, sculptural, and elegant
- + Great for plazas with a strong design identity
- + Can include different beam angles and accessories
- + Example: Downtown Commons Minneapolis

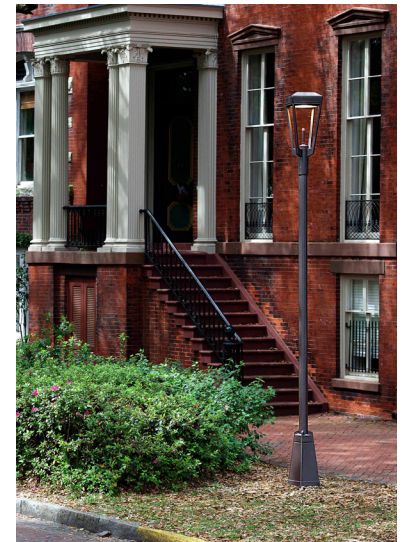

Bega B84148

- + Clean, minimalist cylindrical form
- + High-quality, even illumination with minimal glare
- + Durable materials suited for civic spaces
- + Subtle aesthetic that recedes into the landscape

Landscape Forms Ashbery Area Light

- + Modern interpretation of traditional street lighting
- + Warm, welcoming glow ideal for plazas and public spaces
- + Designed to complement historic and transitional contexts
- + Scaled for pedestrian-friendly environments

Bega B77151

- + Compact and refined post-top luminaire
- + Wide, uniform light distribution with minimal uplight
- + Versatile design suited for both contemporary and historic settings
- + Exceptional material quality and long service life

Schreder Isla Led

- + Sculptural form with soft, curved lines
- + Energy-efficient LED technology with good optical control
- + Designed to integrate seamlessly into civic and plaza settings
- + Balances contemporary styling with timeless appeal

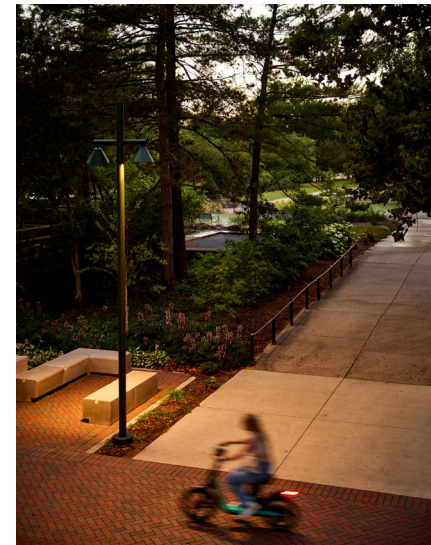

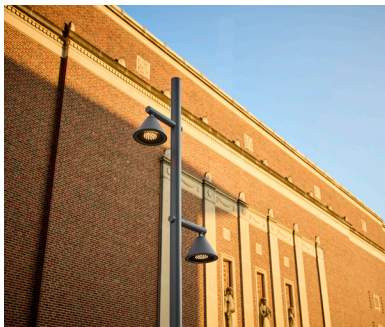

Neri Nova M

- + Classic-inspired lantern with updated LED technology
- + Strong civic presence without feeling overly ornate
- + Excellent light distribution for pedestrian and plaza spaces
- + High-quality craftsmanship rooted in historic European design

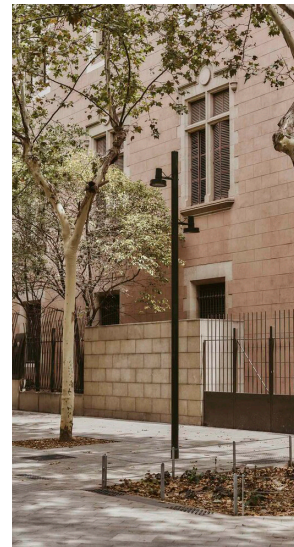

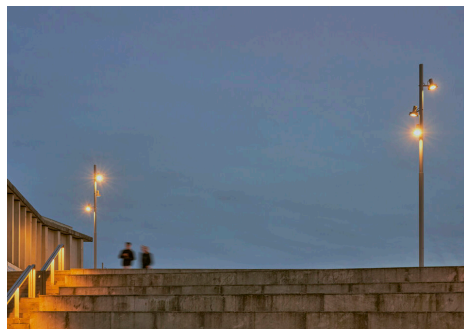

Landscape Forms Moment Accent Light

- + Contemporary, minimalist form factor
- + Designed for accent lighting at pedestrian scale
- + Subtle visual presence, supports layered lighting strategies
- + Ideal for highlighting specific plaza zones or pathways

Landscape Forms / Urbidermis Arne Accent

- + Simple, refined geometry for clean streetscape integration
- + Excellent optical control for pedestrian spaces
- + Works well for plazas seeking a modern yet understated feel
- + Blends with surrounding landscape / recedes into the background

Hess Reno Elements

- + Modular, multifunctional lighting columns
- + Customizable with various equipment options, including lighting modules, loudspeakers, cameras, info displays, Wi-Fi, and e-mobility charging stations
- + Suitable for plazas seeking a blend of traditional form and modern functionality
