Recreation Report

April 2024

Indoor Tennis: This new program, as of last spring, has been attracting students to the Acers and Grand Slammers experience. The program focuses on developing the basics of tennis through innovative drills and unique training equipment. Every class at each elementary school was full last year, and we are seeing high volumes of registrations this year.

Slow Flow Vinyasa Yoga: Maggie Underdahl is leading this course at Spring Creek Elementary on Wednesday evenings this spring. There are eight people registered for this new offering.

Basketball: Both boys and girls programs have concluded their season. There was an end of season tournament on the last day. The upper grade level registrations have increased tremendously in our boys program over the last few years from 6, to 13, to 27. The coaching staff, comprised of outstanding high school and college players, and adults, was top-notch!

CPR/AED/First Aid Certifications: LaVergne Aldemann ran a recertification course recently at the middle school. Community Education offers a handful of certifications and recertifications throughout the school year.

Age Friendly Pickleball: Age Friendly Free Pickleball has concluded for the season. A total of 586 people participated from mid November - mid March (406 at the high school for int./adv. players, and 181 at Bridgewater Elementary for beg. players)! Age friendly covered over \$3,500 of building supervisor fees this season, allowing for the program to run at no cost.

Upcoming Programs

- **Intro to Martial Arts:** Tu, Th, 4/2-5/30, 6:15-6:45 pm
