

CVB

The CVB met on May 15th. One topic of conversation was the fact that Northfield is a stop on the Bike MS Ride, which is a bike-a-thon that travels all around the state. About 600 people (bike riders plus support people) are expected to arrive between 11am - 3pm on Monday July 16th. They leave town the next morning. Shops are being asked to stay open late. Lisa is putting together volunteer teams to provide things like medical services, garbage collection, food, and the like. There are probably still spots for more volunteers, in case you're interested in helping. (Just let Lisa know.)

Her work on the media room of the website got delayed, but she's hopeful that it will be live soon.

A lively discussion was held on the topic of educating Northfield residents about the benefit tourism.
