

To Northfield City council members:

As per my recent conversation with Ben Martig , he asked me to put in writing a formal request for a change to the reconstruction project involving the intersection of 7<sup>th</sup> and Division. I am talking specifically about the North driveway access to our property at 701 Division Street. We had expressed numerous times our desire to keep the original width of the driveway during this project as it is very important to the flow of our business. We would be willing to have only 2 parking places where we were promised 3, if the driveway can remain at its original size. With the nature of our business, this driveway plays a very crucial part in giving access to our customers. Please consider this request.

Sincerely,

A handwritten signature in dark ink, appearing to read "Michael Witt". The signature is stylized with large, sweeping loops and a long horizontal flourish extending to the right.
