Request for Proposals

September 5, 2018

Introduction

The City of Northfield (“City”) is seeking a Consultant to provide services in developing a citywide Climate Action Plan (CAP) with the help of the Climate Action Plan Advisory Board (CAPAB). The CAP will serve as a comprehensive strategy for addressing climate change in the City of Northfield —while taking into consideration the impacts and collaboration with neighboring communities— and will identify targeted policies, programs, and projects that will both mitigate the City’s contribution to climate change—setting goals for carbon neutrality, reducing our carbon footprint—and preparing Northfield for the unavoidable impacts of climate change.

Inquiries about the engagement or the request for proposal should be addressed to:

David Bennett, P.E., Public Works Director/City Engineer
David.Bennett@ci.northfield.mn.us
507-645-3006

Submit 3 hard copies and one electronic copy of the proposal. The City of Northfield reserves the right to reject any and all proposals submitted.

The City of Northfield reserves the right, where it may serve the City’s best interest, to request additional information or clarification from proposers or to allow corrections of errors or omissions. At the discretion of the City, firms/individuals submitting proposals may be requested to make oral presentations as part of the evaluation process. Following a review of the proposals,

The City of Northfield reserves the right to retain all proposals submitted and to use any concepts and ideas in a proposal regardless of whether that proposal is selected. Submission of a proposal indicates acceptance by the proposing firm/individual of the conditions contained in this request for proposal, unless clearly and specifically noted in the proposal submitted and confirmed in the written contract between the City of Northfield and the firm/individual selected.

Tentative Project Schedule

Phase I – Data Gathering. Start date: Immediately

Phase II – Writing Climate Action Plan. Start date: Jan. 2019

Project Consultant

The City of Northfield is seeking a Consultant that demonstrates excellent understanding of climate change and climate change planning, technical expertise in urban planning and municipal climate change mitigation and adaptation, expertise in creative and effective community engagement, and knowledge of our community and region. Acknowledging that solutions will need to be implemented by, or with support from, city government, community and stakeholders, higher levels of government and outside entities, the Consultant should demonstrate expertise in zoning and municipal codes, state regulations and incentives in Minnesota, public utility regulation, and the federal policy landscape.

The Climate Action Plan Advisory Board will actively manage the development of the Climate Action Plan. The Consultant's primary role is to lead the development of the Plan by providing technical expertise, supporting stakeholder engagement, and developing innovative materials. The Consultant is expected to work closely with staff and subcommittee of the CAPAB to develop the Plan. The Consultant should be available to meet with the subcommittee at least two times in development of the CAP.

The Plan will be developed with the public participation and input from:

- Climate Action Plan Advisory Board
- Environmental Quality Commission

The City has also recently joined ICLEI and is hoping to work with their ClearPath program for data analyzing and displaying. The consultant should be familiar with ICLEI and be willing to work with their resources and guidance.

Scope of Work

The Consultant will focus on Phase I until budgeting for Phase II has been determined. In their proposal, the Consultant is encouraged to provide a detailed technical and project management approach that incorporates and expands on these tasks.

The total budget available for Phase I is \$15,000. Phase II is expected to begin on January of 2019.

Upon mutual agreement of the PARTIES hereto pursuant to Section VI, **Paragraph K** of this Contract, additional compensation for such services, and/or an extension of time for completion thereof, may be authorized. - K. **Modifications/Amendment.** Any alterations, variations, modifications, amendments or waivers of the provisions of this Contract shall only be valid when they have been reduced to writing, and signed by authorized representative of CITY and CONSULTANT.
- L. **Records—Availability and Retention.** Pursuant to Minn. Stat. § 16C.05, subd. 5, CONSULTANT agrees that CITY, the State Auditor, or any of their duly authorized representatives at any time during normal business hours and as often as they may reasonably deem necessary, shall have access to and the right to examine, audit, excerpt, and transcribe any books, documents, papers, records, etc., which are pertinent to the accounting practices and procedures of CONSULTANT and involve transactions relating to this Contract. CONSULTANT agrees to maintain these records for a period of six years from the date of termination of this Contract.
- M. **Force Majeure.** The PARTIES shall each be excused from performance under this Contract while and to the extent that either of them are unable to perform, for any cause beyond its reasonable control. Such causes shall include, but not be restricted to fire, storm, flood, earthquake, explosion, war, total or partial failure of transportation or delivery facilities, raw materials or supplies, interruption of utilities or power, and any act of government or military authority. In the event either PARTY is rendered unable wholly or in part by force majeure to carry out its obligations under this Contract then the PARTY affected by force majeure shall give written notice with explanation to the other PARTY immediately.
- N. **Compliance with Laws.** CONSULTANT shall abide by all Federal, State and local laws, statutes, ordinances, rules and regulations now in effect or hereinafter adopted pertaining to this Contract or to the facilities, programs and staff for which CONSULTANT is responsible.
- O. **Covenant Against Contingent Fee.** CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for CONSULTANT to solicit or secure this Contract, and that it has not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift or any other consideration, contingent upon or resulting

from award or making of this Contract.

- P. **Covenant Against Vendor Interest.** CONSULTANT warrants that it is not employed by any vendor of equipment or service provider that could result in a commission, percentage, brokerage, or contingent fee as a result of CONSULTANT's association with CITY.
- Q. **Non-Discrimination.** The provisions of any applicable law or ordinance relating to civil rights and discrimination shall be considered part of this Contract as if fully set forth herein.
- R. **Interest by City Officials.** No elected official, officer, or employee of CITY shall during his or her tenure or employment and for one year thereafter, have any interest, direct or indirect, in this Contract or the proceeds thereof.
- S. **Work Product.** All materials such as reports, exhibits, models, graphics, computer files, maps, charts, and supporting documentation produced under work authorized by this Contract ("Materials") shall become the property of CITY upon completion of the work. CITY may use the information for the Project for which they were prepared. Such use by CITY shall not relieve any liability on the part of CONSULTANT. Notwithstanding any of the foregoing to the contrary; (a) CONSULTANT may reuse standard details of its Materials in the normal course of its business; and (b) CITY understands that the Materials have been prepared for a specific project, and are not intended to be reused for other purposes. If CITY reuses the Materials for any other purpose, CITY waives any claims against CONSULTANT arising from such reuse and agrees to defend and indemnify CONSULTANT from any claims arising from such reuse.

CONSULTANT understands that all of the data created, collected, received, stored, used, maintained or disseminated by CONSULTANT in performing those functions that the CITY would perform is subject to the requirements of the Act, and CONSULTANT must comply with those requirements as if it were a government entity. - V. **No Waiver.** Any PARTY's failure in any one or more instances to insist upon strict performance of any of the terms and conditions of this Contract or to exercise any right herein conferred shall not be construed as a waiver or relinquishment of that right or of

that PARTY's right to assert or rely upon the terms and conditions of this Contract. Any express waiver of a term of this Contract shall not be binding and effective unless made in writing and properly executed by the waiving PARTY.

- W. [Optional, include as applicable: **Special Conditions.** To the extent not inconsistent with this Contract, including Exhibits 1-3, this Contract is subject to such special conditions as are set forth in Exhibit 4, Special Conditions Supplement, which is attached hereto and made a part hereof.]

These identification numbers may be used in the enforcement of federal and state laws which could result in action requiring CONSULTANT to file state tax returns, pay delinquent state tax liabilities, if any, or pay other CITY liabilities.
- Y. **Patented Devices, Materials and Processes.** If this Contract requires, or CONSULTANT desires, the use of any design, device, material or process covered by letters, patent or copyright, trademark or trade name, CONSULTANT shall provide for such use by suitable legal agreement with the patentee or owner and a copy of said agreement shall be filed with CITY. If no such agreement is made or filed as noted, CONSULTANT shall indemnify and hold harmless CITY from any and all claims for infringement by reason of the use of any such patented designed, device, material or process, or any trademark or trade name or copyright in connection with the services agreed to be performed under the Contract, and shall indemnify and defend CITY for any costs, liability, expenses and attorney's fees that result from any such infringement.
- Z. **Mechanic's Liens.** CONSULTANT hereby covenants and agrees that CONSULTANT will not permit or allow any mechanic's or materialman's liens to be placed on CITY's interest in the Property that is the subject of the Project during the term hereof. Notwithstanding the previous sentence, however, in the event any such lien shall be so placed on CITY's interest, CONSULTANT shall take all steps necessary to see that it is removed within thirty (30) days of its being filed; provided, however, that CONSULTANT may contest any such lien provided CONSULTANT first posts a surety bond, in favor of and insuring CITY, in an amount equal to 125% of the amount of any such lien.
- AA. [Optional, include as applicable: **Construction Observation.** CONSULTANT shall visit the project at appropriate intervals during construction to become familiar with the progress and quality of the contractors' work and to determine if the work is proceeding in general accordance with the Project plans and specifications, and shall be responsible for notifying CITY of any errors or omissions in contractor's work or any deviations in the contractor's work from the Project plans and specifications developed by CONSULTANT.]

- BB. **Severability.** The invalidity or unenforceability of any provision of this Contract shall not affect the validity or enforceability of any other provision. COMPENSATION

Subject to the limitations set forth in this Exhibit, CITY will compensate CONSULTANT in accordance with the schedule of fees below for the time spent in performance of services under this Contract, provided that under no circumstances shall CONSULTANT's total charges to CITY, including expenses, exceed \$_____ ("maximum price"), unless such charges in excess of the maximum price are authorized in writing by the [Position, e.g. City Engineer] before they are incurred by CITY.

[CITY will make periodic payment to CONSULTANT upon billing at intervals not more often than monthly at the rates specified in the schedule of fees included herein, provided that no bill/invoice submitted to CITY shall exceed a percentage of the maximum price equivalent to the percentage of the scope of services completed by CONSULTANT to the satisfaction of the [Position, e.g. City Engineer] as determined by CITY.]*

CITY shall be entitled to withhold five percent (5%) of the maximum price until such time as CONSULTANT has fully performed the scope of services detailed in Exhibit 1 to the satisfaction of the [Position, e.g. City Engineer].

[In no event shall the total of CITY's payments to CONSULTANT under this Contract be required to exceed a percentage of the maximum price equivalent to the percentage of the scope of services completed by CONSULTANT to the satisfaction of the [Position, e.g. City Engineer].]*

* [NOTE TO DRAFTER: The above asterisked language may not be workable in many circumstances, as it may simply be impractical to determine the percentage of the scope of services that has been completed at a given moment (or even an approximation thereof). An alternative would be to negotiate a 'tiered' or 'phased' scope of services and compensation structure that would divide the project into several logical steps and require CITY authorization before the Consultant begins work on the next step. Such a tiered or phased scope of services would have to be drafted on a case-by-case basis.]
