- (B) Utility and Street Assessments: The Property will be assessed for utility and street improvements when said improvements have been determined by the City to benefit the Property as required by Minnesota Statutes Chapter 429.
- XIII. The Property shall be zoned according to normal zoning procedures established in the Northfield Zoning Ordinance. The City of Northfield Comprehensive Plan shall guide the City in arriving at the appropriate zoning of the Property. When the Property is annexed to the City, it will be zoned Agricultural, unless another zoning designation is specified at the time of annexation.
- XIV. This Agreement will go into effect on the date that the Orderly Annexation Agreement is approved by the Minnesota Municipal Board or its successor agency. Each subsequent annexation within the Property designated by this Agreement must be reviewed and approved by the Municipal Board or its successor agency.
- XV. The City of Northfield and the Township of Bridgewater agree that no alteration of the stated boundaries of the Property is appropriate. Furthermore, the parties agree that no

consideration by the Municipal Board or its successor agency is necessary. Upon receipt of this resolution, passed and adopted by each party, the Municipal Board or its successor agency may review and comment, but shall, within thirty (30) days, make an order, including the immediate annexation stated in Section II, in accordance with the terms of this joint resolution.

Future annexations will be accomplished by submission of a joint resolution for orderly annexation to the Municipal Board or its successor agency from the City and the Township. The submission of a resolution by either the City or the Township, or both the City and the Township to the Municipal Board or its successor agency to consider an annexation under the terms of this Agreement shall confer jurisdiction to the Municipal Board or its successor agency over said annexation.

In regard to the subdivisions known as Bittersweet and Timberlane, any future annexation will occur subsequent to compliance with the terms of Section VII and the previous paragraph.

- XVI. The City of Northfield and the Township of Bridgewater agree to work with all other appropriate jurisdictions to protect Spring Brook Creek and the Spring Brook Creek Watershed.
- XVII. The City of Northfield will reimburse the Township Bridgewater for its costs, limited to attorney's fees and extra meeting costs incurred in relation to this Orderly Annexation Agreement, up to \$3,500.00.
- XVIII. Any tax payments due to the Township per Section XII. of this Agreement will be made within 30 days of receipt by the City of the tax distribution from Rice County.
- XIX. This Agreement will automatically expire on December 31, 2019; however, nothing herein shall prevent the City of Northfield and the Township of Bridgewater from amending this Agreement during its term.

RE: Orderly Annexation Agreement with Bridgewater Township

EXHIBITS: Joint Resolution for Orderly Annexation
Map of the Potential Annexation Areas
Examples of Tax Collections in Annexation Areas

Subsequent to the City Council meeting on August 2, 1999, City Attorney Maren Swanson and I met with Bruce Albers, a representative of the Bridgewater Town Board, and their attorney John Ophaug. The proposed Joint Resolution for Orderly Annexation has been revised based on the results of this meeting. Except for some editorial corrections, additions to the attached Joint Resolution for Orderly Annexation are underlined and text that was removed is indicated by a strikeout. The main elements in this revised Agreement are as follows:

1. Since the City and the Township are contemplating a master orderly annexation agreement and subsequent annexation of land for Target, both of which are expected to be reviewed by the Municipal Board at their September 1999 meeting, the Municipal Board will require that the City and the Township incorporate any annexation that will occur simultaneous with approval of the master orderly annexation agreement to be included within the Agreement. In this regard I have incorporated the description for the annexation of the Target site into a new Section II.
2. In reviewing the redrafted Section II with Mr. Albers, it was apparent that annexation of the Target site would create a situation whereby the City's corporate limits would completely surround the Assembly of God's property. Since it is the stated intent in the Agreement of the City and the Township to avoid these situations, Mr. Albers suggested that the Assembly of God's property also be included with the annexation of the Target site. The necessary legal description is included in Section II.

Also, please note that the developer is revising the legal description for the Target site to include additional area to the east which will allow the proposed extension of Jefferson Road to be moved further to the east as the City Council directed. Also, in reviewing the legal description for the annexation with the State it was determined that the City has already annexed to the southeast right-of-way line of Highway No. 3, instead of the center line of Highway No. 3 as previously thought. These changes are not incorporated into the attached

Agreement, but will be included in the original Agreement.

3. The time periods listed in item III were extended to the year 2019.
4. In Section IV, the requirement that a two-thirds majority of the land owners agree to any annexation was amended to state that a minimum of two-thirds of the land owners owning a minimum of two thirds of the land must agree to any annexation. The Township was concerned that a number of smaller land owners and tracts of lands could combine to force a larger tract of land into the City.
5. Within Section IV, I have also provided that the City will retain the ability to annex property by ordinance that is or becomes wholly surrounded by the City's corporate limits. Mr. Albers indicated that the Township would probably not agree to this and would prefer not to allow annexations that would create situations in which property becomes wholly surrounded by the City's corporate limits. While it is preferable to prevent isolating tracts of land in the annexation process, I believe that without the ability of the City to annex land by ordinance, it is very likely that the annexation of some future development could be delayed because of the objections of a few land owners. In an effort to resolve any potential disputes that may arise in the future, I have included a new provision in Section XV that would allow either the City, the Township or both entities to request the Municipal Board to make the annexation decision in such cases.
6. The requirement that the Bridgewater Town Board not allow annexation of land within the City of Northfield's Planned Urban Boundary/Urban Expansion Boundary to any other jurisdiction was retained and renumbered as Section VI, but the Township may want to reduce the area from which it would exclude other jurisdictions from annexing land. In this regard the north half of Sections 10 and that part of Section 11, not already annexed and part of the City of Northfield, were removed from the Agreement. (See attached Map)
7. Section X was eliminated and its provisions combined with Section IV.
8. Under the property tax provision in Section X a provision defining the term "single family residential" was added.

This redrafted Agreement will be considered by the Bridgewater Town Board at its meeting on August 16, 1999.

Also, as request by the City Council, I have attached an example of how taxes are collected and distributed in recently annexed property and an example of how it would be collected and distributed under the attached annexation Agreement.
