1 – Dates in grey text indicate actions that have taken place. Dates in **bold** text indicate the next planned step. Dates in *italics* denote tentatively scheduled future actions

Fall/Winter 2020-2021	Construction	<p>Once the project is awarded staff manages the day-to-day contract execution. Typically a Resident Project Representative is on-site to make sure the project is constructed in accordance to the plans and specifications. Communications between the contractor and city is primarily through the City Engineer, Project Manager and Resident Project Representative.</p> <p>Significant changes will be brought to the City Council for approval prior to the work being executed. Minor changes and field directives are authorized by the City Engineer in advance to maintain the project schedule. All contract changes must be approved by the City Council. Adjustments to estimated quantities occur during the final acceptance of the improvements.</p>		
June 15, 2021	<i>Accept Improvements and Authorize Final Payment</i>	<i>The City Engineer recommends to City Council when the final payment should be made to the Contractor. The City Council may accept the work by resolution; however, if the city fails to pay the amount due within 30 days of a monthly estimate, or 90 days after the final estimate, the city must pay interest on the past due amount as prescribed by law.</i>	<i>Resolution 2021-XXX</i>
