INTRODUCTORY SECTION

CITY OF NORTHFIELD
NORTHFIELD, MINNESOTA

FOR THE YEAR ENDED
DECEMBER 31, 2025

May 26, 2026

To the Honorable Mayor, Members of the City Council, and Citizens of Northfield:

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of audited financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the annual comprehensive financial report of the City of Northfield for the fiscal year ended December 31, 2025.

This report consists of management's representations concerning the finances of the City of Northfield. Consequently, management assumes full responsibility for the completeness and reliability of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Northfield continues to build and refine a comprehensive internal control framework that is designed to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Northfield's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City of Northfield's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material aspects.

The City of Northfield's financial statements have been audited by Abdo, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Northfield for the fiscal year ended December 31, 2025, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of Northfield's financial statements for the fiscal year ended December 31, 2025, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of Northfield's MD&A can be found immediately following the report of the independent auditors.

All City funds, departments, commissions, and other organizations for which the City of Northfield is financially accountable are presented within the Annual Comprehensive Financial Report. The Northfield Fire Relief Association does not meet the established criteria for inclusion in the reporting entity and accordingly is excluded from this report.

To the Honorable Mayor and City Council
City of Northfield, Minnesota

Profile of the Government

The City of Northfield was formed in 1855 and was incorporated in March 1875. The City of Northfield as it exists today consists of 7.6 square miles. As of the 2020 Census, Northfield has a population of 20,790. Northfield is a 45-mile drive from Minneapolis and Saint Paul.

Northfield is a Home Rule Charter City with the City Council appointing a City Administrator. The City Administrator has operating responsibilities for all City functions.

The City of Northfield provides various services to the residents in the community. The current services are:

- General Government
 - a. Mayor & City Council
 - b. Administration
 - c. Elections
 - d. Finance
 - e. City Attorney
 - f. Human Resources and Risk Management
 - g. Information Technology
 - h. Community Development, including Housing and Economic Development
 - i. Planning
 - j. General Government Building

- Public Safety
 - a. Police
 - b. Fire
 - c. Building Inspections

- Public Works
 - a. Engineering
 - b. Streets
 - c. Street Lighting
 - d. Water
 - e. Wastewater
 - f. Garbage
 - g. Storm Water Drainage

- Culture and Recreation
 - a. Ice Arena
 - b. Outdoor Pool at Memorial Park
 - c. Park Maintenance
 - d. Library

- Liquor Store

- Community Resource Center

- Municipal Hospital

To the Honorable Mayor and City Council
City of Northfield, Minnesota

The council is required to adopt a final budget prior to the close of the fiscal year. The annual budget serves as the foundation for the City's financial planning and control. The City Administrator, Finance Director and other department directors prepare the annual budget each summer. A preliminary budget is presented to the City Council in August, prior to consideration of the preliminary property tax levy. Under Minnesota Statutes, a preliminary property tax levy must be adopted no later than September 30th of each year for the ensuing years' collection. This action establishes a maximum levy. Subsequent Council action may lower the preliminary levy but may not increase the levy. In addition, the City Council reviews the budgets for the enterprise funds and all other funds on an annual basis as part of the budgetary process.

In November, citizens receive a notice of proposed property taxes based upon the preliminary levies established by all taxing jurisdictions. Citizens are invited to a public hearing known as the Truth in Taxation hearings for each taxing unit. The City's hearing includes a presentation that addresses the budget, proposed property tax levy, other city operations, and the priorities of the City Council for the upcoming year. There is an opportunity for public comment, on these topics, at the public hearing before the final property tax levy is adopted.

Economic Condition and Outlook

The estimated population as reported by the Minnesota Demographer for 2020 was 20,790, which represents a 3.9 percent increase from 2010. The 2010 Census established the City's population at 20,007. The population has remained steady over the last decade with slight increases in the last few years. This is reflective of the upturn of the economy and the increase in residential construction since the low in 2011. The unemployment rate peaked in 2020, early in the COVID pandemic, but as of March 2026 it is now 4.3%, well below pre-pandemic levels and just below the State of Minnesota rate of 4.5%.

	Revenue from Licenses & Permits:	Increase (Decrease)
2025	\$ 713,657	\$ 2,511
2024	711,146	(210,412)
2023	921,559	70,810
2022	850,749	53,583
2021	797,166	163,627
2020	633,539	61,152
2019	572,387	(55,509)
2018	627,896	(231,352)
2017	859,248	179,774
2016	679,474	250,717

Revenue from permit activity was essentially flat, a 0.35% increase from the prior year; it was 11% over budget and in line with expectations. In 2025, the city issued permits for 21 single family dwellings valued at \$8.3 million vs 10 single family permits valued at \$4 million in 2024.

2026 should remain similar to 2025, with an emphasis on alterations rather than new construction, at least in the commercial sector. Residential new construction should remain the same or slightly higher. High interest rates, labor and material costs have slowed construction. The market has also caught up with projects delayed during COVID from both the labor shortage and material availability. Other factors which may affect revenue for 2026 are the proposed high school renovation and fees collected from the City of Dundas, as the City of Northfield is providing Building and Inspection services for that jurisdiction.

Northfield's fastest growing population is people between the ages of 25 and 34, however the aging of the largest birth cohort in history, the baby boom, will continue to contribute to shifts in demand for commercial and service sector business,

To the Honorable Mayor and City Council
City of Northfield, Minnesota

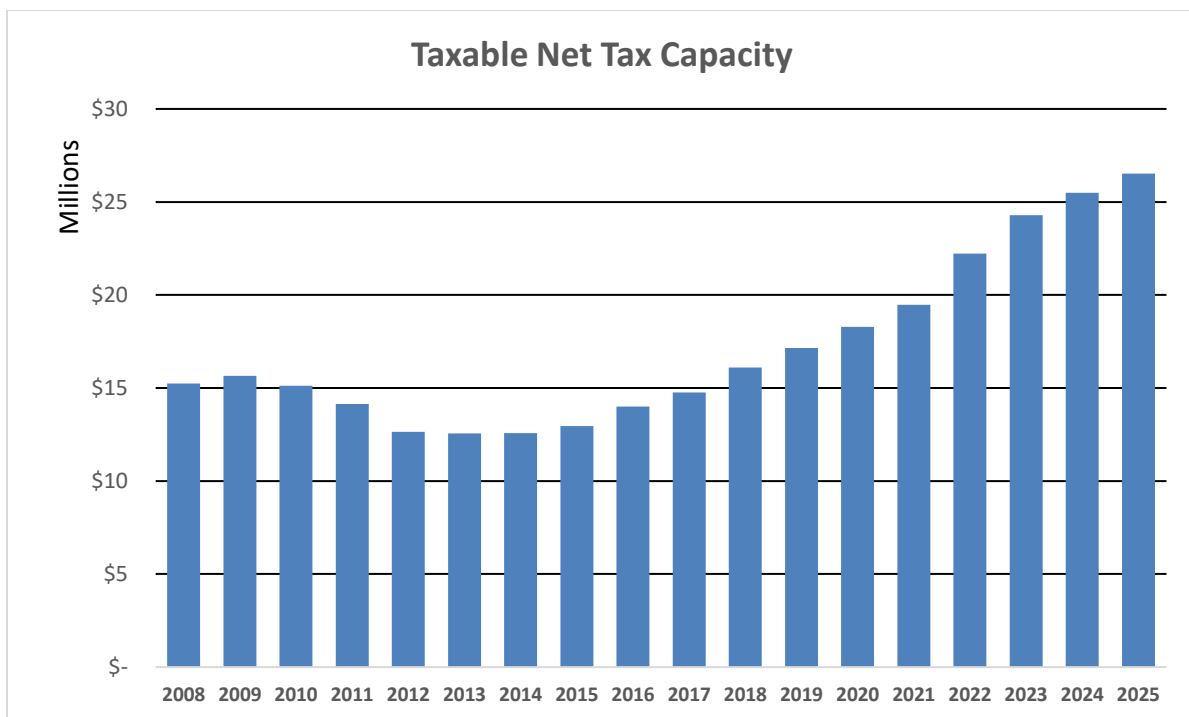

housing and care facilities. All of Minnesota’s baby boomers will be 65 or older by year end 2028. According to state agency forecasts, the 65+ population will now exceed the number of children under 18 in the state between 2031 and 2035.

According to recent forecast data from the MN State Economist at Minnesota Management and Budget (MMB), the state has already experienced reduced starts in new home construction due to high interest rates, and the outlook does not improve before 2028 given national policy uncertainties affected by tariffs and changes in immigration and energy policy. MMB economic forecasts show a softening in the temporary employment market, demonstrable shifts downward in hours worked per week per worker, and a very tight labor market with far more job openings than unemployed workers. Given the state’s trend toward higher labor market participation than the national average and uncertainty in immigration policies, forecasts through 2029 show a significant stall in employment growth and a higher likelihood that businesses will not invest in fixed improvements until uncertainty in the market is reduced.

Other concerns regarding the economic outlook include:

- Higher inflation will likely negatively impact nominal consumer spending predictions which could have an implication for sales tax revenues.
- Longer-term interest rates will likely come down more slowly as a new set of inflation expectations are calculated.
- Consumers and lenders are both reporting expectations of higher-than-anticipated inflation.
- Minnesota is highly dependent upon migration for its labor force, including immigrants. This includes highly skilled workers in medical and technical fields as well as seasonal and farm laborers.

The City’s tax base in tax capacity values is shown below:

The residential sector is moderately increasing; commercial and industrial values are gaining. We anticipate the base capacity to be stable with a modest increase over the next year.

To the Honorable Mayor and City Council
 City of Northfield, Minnesota

Major Employers - Northfield is known for the quality educational institutions that have been landmarks in the community for over 100 years. Northfield’s heritage dates back to 1855 when the City was established on the banks of the Cannon River. Soon a dam was constructed to power the Ames Flour Mill, which turned wheat from nearby fields into flour. Today, the Ames Flour Mill is the location of Post Consumer Brands, formerly Malt-O-Meal, a food manufacturer producing a significant part of the nation’s breakfast cereals. The educational institutions and the mill remain major employers in Northfield.

Major employers in Northfield are as follows:

Employer	Products/Services	Employees
Post Consumer Products	Grain & Oilseed Milling	878
Carleton College	Education	860
St Olaf College	Education	860
ISD 659	Education	576
McLane Minnesota Inc.	Grocery Distribution	550
Lutheran Home - The Cannon Valley	Retirement Community	500
Northfield Hospital	General Medical & Surgical Hospital	481
Multek Flexible Circuits	Technology & Manufacturing	450
Taylor Truck Line, Inc.	Transportation	360
Three Links Care Center	Skilled Nursing Care Facility	250

Table 16 in the Statistical Section also details the principal employers for the current year along with a comparison from nine years ago.

Financing General Fund operations - The City's General Fund operations continue to be supported by two major categories of revenue. They are general property taxes at 55 percent, and intergovernmental revenues at 26 percent. Intergovernmental revenue includes state aids, such as local government aid, highway maintenance aid, fire relief aid and police aid; county grants include highway aid and support of library operations. Local Government Aid (LGA) is the single largest revenue source within the category of intergovernmental revenues. 2020, 2021 and 2022 also included revenue from COVID-related funding from the CARES Act and American Rescue Plan (ARPA). 2023 included one-time State Police Aid.

The history and ratio to total budget of property taxes and intergovernmental revenues are shown below. The City of Northfield is heavily dependent upon state aid to support General Fund operations. Monitoring state legislative activity and the state’s own fiscal condition has been a continual focus.

	General Fund			
	Property Tax Revenue	Percent of Total	Intergovernmental Revenue	Percent of Total
2025	\$ 11,567,178	56.94%	\$ 5,325,291	26.22%
2024	10,475,474	54.68%	5,072,800	26.48%
2023	10,171,986	53.95%	5,278,887	28.00%
2022	8,425,519	50.15%	5,496,701	32.71%
2021	7,404,234	48.23%	5,306,210	34.56%
2020	7,214,743	46.75%	5,692,340	36.89%
2019	6,583,221	49.84%	3,852,999	29.17%
2018	6,133,235	48.68%	3,829,758	30.40%
2017	5,624,778	47.81%	3,659,007	31.10%
2016	5,454,266	47.10%	3,674,908	31.73%

To the Honorable Mayor and City Council
City of Northfield, Minnesota

Long-term Financial Planning

In 2025, a utility rate study was conducted by Baker Tilly, formerly Springsted Incorporated. That study laid out a plan for our Water, Sewer, Stormwater and Garbage rates for the next 5-10 years based on operating expense and anticipated capital projects. This study will be updated in the future if CIP/CEP assumptions change. Based on this study, the Council authorized Water, Waste Water, Storm Water and Garbage rates to increase by 9.0 percent, 3.0 percent, 5.0 percent and 6.5%, respectively, in 2026. A drinking water treatment facility study was completed in 2021. In January of 2025, the Council voted not to accept bids on a new water treatment plant. However, the City continues to explore State and Federal Funding grant opportunities to offset capital costs to construct the facility and to reduce the impact on water rates in 2026 and beyond.

PFM Asset Management manages the majority of the City's investment portfolio. A smaller portion is kept in the 4M fund for cash flow and is managed in-house.

Major Initiatives

In 2025, the City adopted the 2025–2028 City of Northfield Strategic Plan, a renewed roadmap designed to guide the community toward a stronger, more inclusive, and more resilient future. Grounded in shared values and shaped by community input, the plan reflects the collective hopes, needs, and priorities of Northfield residents. The Strategic Plan also identifies key initiatives that will be undertaken to achieve targeted outcomes across four priority areas.

- Improve Financial Strength

A financially responsible organization focused on long-term fiscal sustainability through responsible budgeting, economic growth, and diversified revenue sources to maintain quality City services while minimizing additional burdens on residents and businesses.

- Develop and implement Northwest Area shovel-ready and recruitment plan
- Strategies to develop high potential commercial/industrial properties
- Create a revenue diversification program (new and updates)
- Implement a coordinated 2-year budget and aligned financial management plan
- 5-year financial management alignment with service level strategy

- Increase Housing Availability

Addressing housing affordability and expanding housing options for all stages of life and income levels to keep Northfield welcoming and livable for everyone.

- Develop and implement single-family home expansion strategy and recruitment plan
- Implement new and existing housing stabilization program
- Create a strategy to reduce homeownership disparity
- Create development subsidy standards and policy
- Create a plan for publicly owned high priority redevelopment sites

- Achieve Infrastructure Sustainability

Investing in resilient infrastructure, safer streets, flood mitigation, and long-term improvements that support community needs today and into the future.

- Implement neighborhood flood improvements
- Implement downtown flood improvements
- Implement citywide pedestrian crossing improvement plan

To the Honorable Mayor and City Council
City of Northfield, Minnesota

- Create pedestrian and biking crossing improvement plan for Highway 3
 - Create a safe street for all plan
 - Create a dam removal strategy
- Enhance Service Delivery

Improving the efficiency, accessibility, and responsiveness of City services while strengthening community engagement and the overall resident experience.

- Earned our 16th consecutive GFOA Award for Excellence in Financial Reporting and maintained the City's "AA" Bond rating with S&P Global Ratings.
- Identify long-term service delivery needs.
- Defined service levels in core services.
- Review and update communications plan.
- Develop a survey framework.

The City has a website located at www.northfieldmn.gov for use by citizens and other interested parties. Information is continuously provided here in a convenient manner. Updates are made continually and include progress reports on the City's major initiatives.

Acknowledgements

The preparation of this report could not have been completed without the efficient services of the Finance Department staff and the consultation of the City's auditing firm. Particularly, Mary Grant, Accounting Coordinator in the Finance Department and others in the City have our sincere appreciation for their contribution to the preparation of this report.

We also want to express our appreciation to the Mayor, members of the City Council, and City Administrator for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

Brenda Angelstad

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and City Council
City of Northfield, Minnesota

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City of Northfield, Minnesota, (the City) as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City as of December 31, 2025, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Municipal Hospital, which is a discretely presented component unit of the City and represents 30 percent, 23 percent and 72 percent, respectively, of the City's assets, net position and revenues. Those statements were audited by other auditors, whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included in the City, is based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Northfield and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter - Restatement

As discussed in Note 9 to the financial statements, the City restated beginning net position for governmental activities and beginning fund balance for the 2019 and 2024 capital project funds to correct errors in the previously issued financial statements. Our opinions were not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Northfield's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis starting on page 25 and the Schedule of Employer's Share of the Net Pension Liability, the Schedule of Employer's Contributions, the related note disclosures and the Schedule of Changes in the City's OPEB Liability and Related Ratios, the respective budgetary comparison schedule and related note disclosures starting on page 104 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying combining individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying combining, individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information in the report. The other information comprises the introductory section and statistical section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated May 26, 2026, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of the City of Northfield (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2025. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on page 8 of this report.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplemental information in addition to the basic financial statements themselves.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of combining and individual fund financial statements and schedules that further explains and supports the information in the financial statements. Figure 1 shows how the required parts of this annual report are arranged and relate to one another. In addition to these required elements, we have included a section with combining and individual fund financial statements and schedules that provide details about nonmajor governmental funds, which are added together and presented in single columns in the basic financial statements.

Figure 1
Required Components of the
City's Annual Financial Report

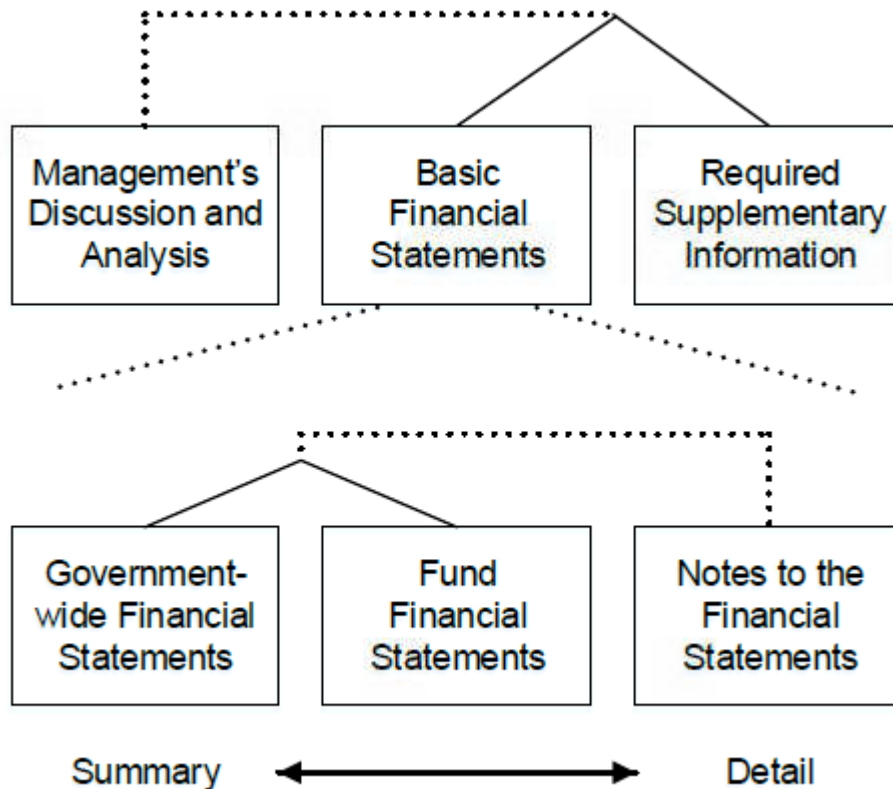

Figure 2 summarizes the major features of the City’s financial statements, including the portion of the City government they cover and the types of information they contain. The remainder of this overview section of management’s discussion and analysis explains the structure and contents of each of the statements.

Figure 2
Major Features of the Government-wide and Fund Financial Statements

	Fund Financial Statements		
	Government-wide Statements	Governmental Funds	Proprietary Funds
Scope	Entire City government (except fiduciary funds) and the City’s component units	The activities of the City that are not proprietary or fiduciary, such as police, fire and parks	Activities the City operates similar to private businesses, such as the water and sewer system
Required financial statements	<ul style="list-style-type: none"> • Statement of Net Position • Statement of Activities 	<ul style="list-style-type: none"> • Balance Sheet • Statement of Revenues, Expenditures, and Changes in Fund Balances 	<ul style="list-style-type: none"> • Statement of Net Position • Statement of Revenues, Expenses and Changes in Net Position • Statement of Cash Flows
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, and short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included	All assets and liabilities, both financial and capital, and short-term and long-term
Type of deferred outflows/inflows of resources information	All deferred outflows/inflows of resources, regardless of when cash is received or paid.	Only deferred outflows of resources expected to be used up and deferred inflows of resources that come due during the year or soon thereafter; no capital assets included	All deferred outflows/inflows of resources, regardless of when cash is received or paid
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during the year, regardless of when cash is received or paid

Government-wide Financial Statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City’s finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City’s assets and deferred outflows of resources and liabilities and deferred inflows of resources with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City’s net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, public works, culture and recreation, housing and economic development, transit and miscellaneous activities. The business-type activities of the City include water, wastewater, garbage, storm water and municipal liquor store.

The government-wide financial statements include not only the City itself (known as the *primary government*), but also the Housing Redevelopment Authority and Municipal Hospital for which the City is financially accountable. Financial information for these *component units* is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found starting on page 39 of this report.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact by the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains various individual governmental funds, several of which are Debt Service funds that are considered one fund for financial reporting. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General fund, Debt Service fund, 2025 Capital Project fund, and Ice Arena Construction fund. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The basic governmental fund financial statements can be found starting on page 44 of this report.

Proprietary Funds. The City maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its water, wastewater, garbage, storm water, and liquor store operations. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its information technology and insurance operations. Because both of these services predominantly benefit governmental rather than *business-type functions*, they have been included within the *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for each of its operations that are considered to be major funds of the City. Both internal service fund balances have been incorporated into the functions of the governmental activities that benefited from these services. Individual fund data for the internal services funds is provided in the form of combining statements elsewhere in this report. The basic proprietary fund financial statements can be found starting on page 50 of this report.

Notes the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found starting on page 55 of this report.

Required Supplementary Information. The required supplementary information can be found starting on page 104 of this report.

Other Information. The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the notes to the financial statements. Combining and individual fund statements and schedules can be found starting on page 116 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government’s financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources at the close of the most recent fiscal year as shown below.

By far, the largest portion of the City’s net position reflects its investment in capital assets (e.g., land, buildings, infrastructure, machinery, and equipment), less any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City’s investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

City of Northfield’s Summary of Net Position

	Governmental Activities			Business-type Activities			Total	
	2025	2024	Increase (Decrease)	2025	2024	Increase (Decrease)	2025	2024
Assets

Net Position as a Percent of Total								
Net investment in capital assets	66.6 %	73.3 %		65.1 %	61.3 %			
Restricted	15.3	13.8		0.0	0.0			
Unrestricted	18.1	12.9		34.9	38.7			
Total	100.0 %	100.0 %		100.0 %	100.0 %			

An additional portion of the City's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance of *unrestricted net position* may be used to meet the City's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position, both for the City as a whole, as well as for its separate governmental and business-type activities.

Governmental Activities. Governmental activities increased the City's net position as shown below. Key elements of these changes are as follows:

City of Northfield's Changes in Net Position

	Governmental Activities			Business-type Activities			Total	
	2025	Restated 2024	Increase (Decrease)	2025	2024	Increase (Decrease)	2025	Restated 2024

Correction of Error (Note 9)	2,280,315	-	2,280,315	-	-	-	2,280,315	-
Net Position, January 1, as Restated	70,051,458	57,210,452	12,841,006	52,075,571	52,875,555	(799,984)	122,127,029	110,086,007
Net Position - December 31	\$ 78,909,723	\$ 65,619,111	\$ 13,290,612	\$ 59,411,738	\$ 52,075,571	\$ 7,336,167	\$ 138,321,461	\$ 117,694,682

Key elements of this increase are as follows:

- Increases in property taxes/tax increments
- Increases in capital grants/contributions

Property Taxes and Tax Increments

On December 3rd, 2024, the City Council approved a 15.8% increase in their 2025 levy. This increase was required to be within their 2025-2028 strategic plan to improve financial strength, increase housing availability, achieve infrastructure sustainability, and enhance service delivery.

Capital Grants and Contributions

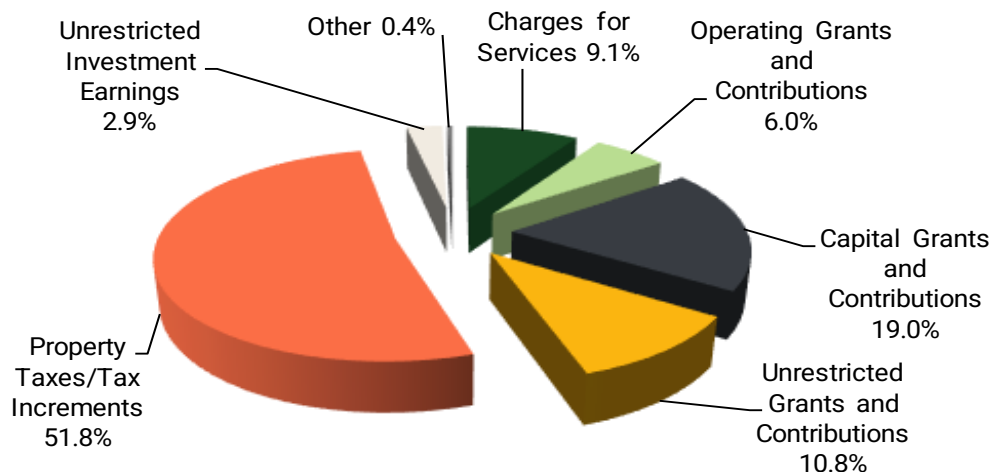

During the fiscal year, the City received significant donations related to the ice arena project. These donations totaled \$2,091,652. The City also received a one-time state-awarded grant related to the Mill Town Trail Project in the amount of \$2,157,813.

The following graphs depict various governmental activities and show the revenue and expenses directly related to those activities.

Expenses and Program Revenues - Governmental Activities

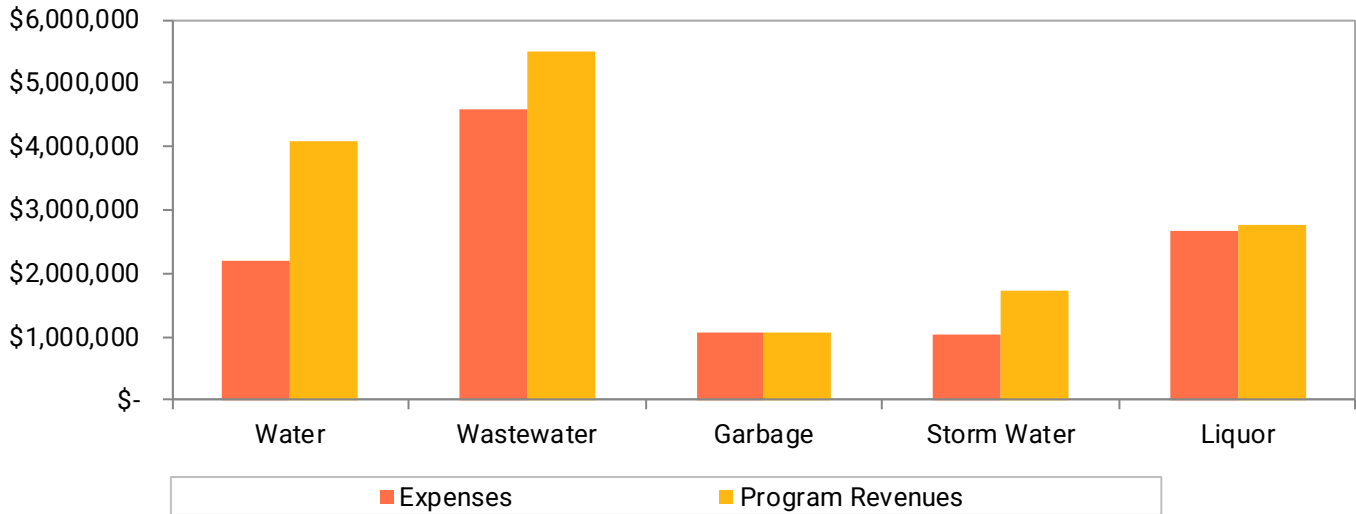

Revenues by Source - Governmental Activities

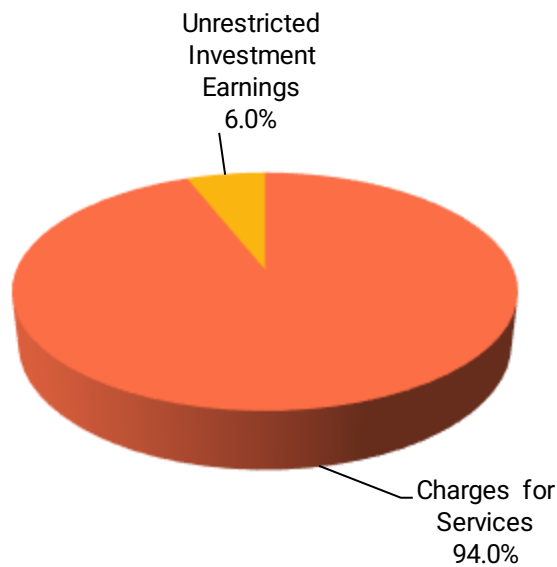

Business-type Activities. Business-type activities increased the City's net position as shown above. Key elements of this increase are as follows:

- Increased charges for services due to increase utility rates ranging from 1.0 - 28.0 percent in 2025 to fund future infrastructure improvements.
- Decreased transfers out relating to funding improvement projects in the current fiscal year.

Expenses and Program Revenues - Business-type Activities

Revenues by Source - Business-type Activities

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. The table below outlines the governmental fund balances for the year ending December 31, 2025:

	General Fund	Debt Service Fund	2025 Capital Project Fund	Ice Arena Construction	Other Governmental Funds	Total	Restated Prior Year Total	Increase/ (Decrease)
Fund Balances								
Nonspendable	\$ 162,284	\$ -	\$ -	\$ -	\$ 4,511	\$ 166,795	\$ 374,738	\$ (207,943)
Restricted	22,288	7,285,186	-	14,004,036	5,049,022	26,360,532	10,647,751	15,712,781
Committed	-	-	-	-	2,343,757	2,343,757	2,039,992	303,765
Assigned	-	-	-	-	4,213,757	4,213,757	3,431,467	782,290
Unassigned	11,805,925	-	(1,094,585)	-	(2,007,231)	8,704,109	7,793,450	910,659
Total	\$ 11,990,497	\$ 7,285,186	\$ (1,094,585)	\$ 14,004,036	\$ 9,603,816	\$ 41,788,950	\$ 24,287,398	\$ 17,501,552

As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances shown above. Additional information on the City's fund balances can be found in Note 1 starting on page 65 of this report.

The *General fund* is the chief operating fund of the City. At the end of the current year the total fund balance of the General fund is shown in the table above. As a measure of the General fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. The total unassigned fund balance as a percent of total fund expenditures is shown in the chart below along with total fund balance as a percent of total expenditures.

	Current Year Ending Balance	Prior Year Ending Balance	Increase/ (Decrease)
General Fund Fund Balances			
Nonspendable	\$ 162,284	\$ 155,456	\$ 6,828
Restricted	22,288	22,038	250
Unassigned	11,805,925	11,085,502	720,423
Total	\$ 11,990,497	\$ 11,262,996	\$ 727,501
General Fund expenditures	\$ 19,648,202	\$ 18,763,642	
Unassigned as a percent of expenditures	60.1%	59.1%	
Total Fund Balance as a percent of expenditures	61.0%	60.0%	

The fund balance of the City's General fund increased as shown above. The increase in fund balance was due to increased property tax revenues during the year as noted in the governmental activities above.

Other major governmental fund analysis is shown below:

	December 31, 2025	December 31, 2024	Increase (Decrease)
Debt Service fund	\$ 7,285,186	\$ 6,392,774	\$ 892,412
<i>The Debt Service fund increase in fund balance during the year was due to increased investment earnings and increased tax revenue.</i>			
2025 Capital Project fund	\$ (1,094,585)	\$ (1,247,732)	\$ 153,147
<i>The 2025 Capital Project total fund balance increased as a result of a bond issuance during the fiscal year and the receipt of additional local grant funding.</i>			
Ice Arena Construction fund	\$ 14,004,036	\$ (215,575)	\$ 14,219,611
<i>The Ice Arena Construction total fund balance increased as a result of a bond issuance during the fiscal year and the receipt of contributions and donations.</i>			

Proprietary Funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Net position of the City's proprietary funds increased or (decreased) as follows:

	Ending Net Position 2025	Ending Net Position 2024	Increase/ (Decrease)
Water	\$ 17,246,823	\$ 14,072,427	\$ 3,174,396
<i>The increase is primarily the result of higher charges for services driven by utility rate increases, along with capital contributions received during the year.</i>			
Wastewater	\$ 30,173,367	\$ 27,874,990	\$ 2,298,377
<i>The increase is primarily the result of higher charges for services driven by utility rate increases, along with capital contributions received during the year.</i>			
Storm Water	\$ 7,866,523	\$ 6,240,356	\$ 1,626,167
<i>The increase is primarily the result of higher charges for services driven by utility rate increases, along with capital contributions received during the year.</i>			

Capital Asset and Debt Administration

Capital Assets. The City's investment in capital assets for its governmental and business-type activities as of December 31, 2025 is shown in the table below (net of accumulated depreciation). This investment in net assets includes land, buildings, infrastructure, machinery, and equipment.

Major capital asset activity during the current fiscal year included the following:

- Completion of College & Water Project
- 2023 Reclamation & Overlay
- Completion of Bluff View
- Disposal of 2009 Caterpillar
- Purchase of JD Tractor snow attachment
- 2025 Elgin Pelican
- Completion of Storm Structure
- Lincoln Box Culvert
- Purchase of 2024 F-150
- Completion of library study room
- Completion of council chamber improvements
- Completion of Babcock Shelter/Ballfield
- Completion of TH246

Capital Asset and Debt Administration (Continued)

- Disposal of various tractors, snowblowers, trucks, and skid-steer loader
- Completion of Sprinkler System – NCRC
- Completion of Honey Locust ECRT
- Completion of outdoor pool pump
- Purchase of various police vehicles
- Construction in progress of the Ice Arena
- Construction in progress of the Mill Town State Trail
- Construction in progress of the 2025 Reclamation and Overlay
- Construction in progress of the transit hub
- Construction in progress of Wall Street improvement

Additional information on the City’s capital assets can be found in Note 3C starting on page 73 of this report.

Long-term Debt. At the end of the current fiscal year, the City had a total bonded debt outstanding as shown below. The City’s debt is composed of debt backed by the full faith and credit of the City, special assessment debt for which the City is liable in the event of default by the property owners subject to the assessment, tax increment bonds, and bonds secured solely by specified revenue sources (i.e., revenue bonds).

City of Northfield’s Outstanding Debt

Notes	303,575	460,166	(156,591)	-	-	-	303,575	460,166	(156,591)
Total	\$ 59,413,575	\$ 36,550,166	\$ 22,863,409	\$ 19,010,000	\$ 19,550,000	\$ (540,000)	\$ 78,423,575	\$ 56,100,166	\$ 22,323,409
Percent increase (decrease)									39.8%

The City’s total debt increased during the current fiscal year due to issuance of General Obligation bonds, series 2025A and 2025B. The City’s bond rating was ‘AA’ from Standard & Poor’s for their 2025 issues.

Minnesota statutes limit the amount of net general obligation debt a City may issue up to three percent of the market value of taxable property within the City. Net debt is debt payable solely from ad valorem taxes. The current debt limit for the City is \$65,501,598, which is significantly in excess of the City's outstanding general obligation debt.

Additional information on the City's long-term debt can be found in Note 3E starting on page 77 of this report.

Currently Known Facts, Decisions, or Conditions

- The 2025 unemployment rate for Rice County, where the City is located, was 3.9 percent, which was an increase from 3.1 percent in the prior year. This is favorable to the State's average unemployment rate of 4.3 percent and also to the national average rate of 4.3 percent.
- Inflationary trends in the region are slightly above national indices. Minnesota was 2.8 percent versus the United States at 2.6 percent.

All of these factors were considered in preparing the City's budget for the 2026 fiscal year.

During the current fiscal year, unassigned fund balance in the General fund increased to \$11,990,494. This unassigned fund balance is designated for cash flow purposes and revenue stabilization.

The City's tax levy was increased by 9.9 percent for 2026.

For 2026, water rates are set to increase 9.0 percent. Wastewater rates are set to increase 3.0 percent. Storm water rates are set to increase 5.0 percent. Garbage rates are set to increase 6.5 percent.

Requests for Information

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Director, City of Northfield, 801 Washington Street, Northfield, Minnesota 55057-2598.

City of Northfield, Minnesota
 Reconciliation of the Balance Sheet
 to the Statement of Net Position
 Governmental Funds
 December 31, 2025

	Primary Government
Amounts reported for governmental activities in the statement of net position are different because	
Total Fund Balances - Governmental Funds	\$ 41,788,950
Net capital assets used in governmental activities are not financial resources and therefore are not reported as assets in the funds.	100,375,708
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported as liabilities in the funds. Long-term liabilities at year-end consist of	
Compensated absences payable	(1,317,560)
Bonds payable	(58,785,000)
Notes payable	(303,575)
Net pension liability	(4,425,493)
Other postemployment benefit liability	(1,736,010)
Bond premium, net of accumulated amortization	(3,136,153)
Investment in joint ventures are not financial resources, and therefore, are not reported in the funds	5,167,590
Long-term assets are not available to pay current-period expenditures and, therefore, are unavailable in the funds.	
Delinquent property taxes receivable	158,005
Special assessments receivable	1,132,650
Intergovernmental receivable	673,703
Governmental funds do not report long-term amounts related to pensions.	
Deferred outflows of pension resources	3,874,141
Deferred inflows of pension resources	(5,586,006)
Governmental funds do not report long-term amounts related to other postemployment benefits.	
Deferred outflows of other postemployment benefit resources	281,170
Deferred inflows of other postemployment benefit resources	(279,114)
Governmental funds do not report a liability for accrued interest until due and payable.	(925,436)
Internal service funds are used by management to charge the costs of various services to individual funds. The assets and liabilities of certain internal service funds are included in governmental activities in the statement of net position.	1,952,153
Total Net Position - Governmental Activities	\$ 78,909,723

City of Northfield, Minnesota
Reconciliation of the Statement of
Revenues, Expenditures and Changes in Fund Balances
to the Statement of Activities
Governmental Funds
For the Year Ended December 31, 2025

	Primary Government
Amounts reported for governmental activities in the statement of activities are different because	
Net change in fund balances - governmental funds	\$ 17,501,552
Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over the estimated useful lives and reported as depreciation expense.	
Capital outlay	21,769,657
Depreciation expense	(4,769,972)
Capital contributions to business-type activities	(2,797,814)
The City has an equity interest in joint ventures. The net allocated gain or (loss) and contributions from this investment is not a current financial resource and therefore is not reported in the governmental funds.	703,375
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are delayed and amortized in the statement of activities.	
Principal repayments	2,951,591
Debt issued	(25,815,000)
Premium on bonds issued, net of amortization expense	(1,230,406)
Interest on long-term debt in the statement of activities differs from the amount reported in the governmental fund because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due.	(431,473)
Long-term pension activity is not reported in governmental funds.	
Pension expense	560,213
Direct aid contributions	61,285
Delinquent property taxes receivable will be collected this year, but are not available soon enough to pay for the current period's expenditures, and therefore are unavailable in the funds.	
Property taxes	63,983
Certain revenues are recognized as soon as they are earned. Under the modified accrual basis of accounting certain revenues cannot be recognized until they are available to liquidate liabilities of the current period.	
Special assessments	(477,150)
Intergovernmental grants	673,703
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	
Other postemployment benefit costs	75,286
Compensated absences	(118,634)
Internal service funds are used by management to charge the costs of various services to individual funds. The net revenues of certain of the internal activities of internal service funds are reported in governmental	138,069
Change in Net Position - Governmental Activities	\$ 8,858,265

The notes to the financial statements are an integral part of this statement.

Note 1: Summary of Significant Accounting Policies

A. Reporting Entity

The City of Northfield (the City) was incorporated in 1875. The City operates under a Home Rule Charter as defined by Minnesota Statutes which provides for a Mayor-Council form of government. The Council exercises legislative authority and determines all matters of policy. The Council appoints the city administrator who is responsible for the proper administration of all affairs relating to the City. The City has considered all potential units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the primary government to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the primary government. Each discretely presented component unit is reported in a separate column in the combined financial statements to emphasize it is legally separate from the City. Each discretely presented component unit has a December 31 year end.

Blended Component Unit. The Northfield Economic Development Authority (EDA) was created pursuant to Minnesota Statutes 469.090 through 469.108 to carry out economic and industrial development and redevelopment within the City in accordance with policies established by the City Council. The seven-member board consists of two Council members and five other Council-approved members. The EDA may not exercise any of the powers enumerated by the authorizing Statutes without prior approval of the City Council. The EDA issued debt during 2025 with the specific financial burden on the primary government. The EDA is reported as a special revenue fund and debt service fund of the City.

Discretely Presented Component Units. The component unit columns in the combined financial statements include the financial data of the Housing and Redevelopment Authority and the Northfield Municipal Hospital. These component units are presented in separate columns to emphasize that they are legally separate from the City.

The Northfield Housing and Redevelopment Authority (HRA) was created pursuant to Chapter 487 of the Minnesota Session Laws of 1947. The HRA was created by the City to carry out certain redevelopment projects. The governing board, which is comprised of five members, one of which is a City Council member, is appointed by the Mayor and approved by the City Council. The Council reviews and approves HRA tax levies, and the City provides major community development financing for HRA activities. The HRA is reported as a governmental fund type. Separate financial statements are not issued for this component unit. Condensed statement information for the HRA is presented starting on page 174 of these financial statements.

The Northfield Municipal Hospital board of directors is appointed by the City Council. The Hospital has its own budget review and prepares its own financial statements. The City can impose its will on the Hospital, and the outstanding bonded indebtedness is the hospital's debt and is not the responsibility of the City. The Hospital is reported as a discretely presented enterprise fund. Complete financial statements may be obtained at the entity's administrative offices, Northfield Municipal Hospital, 2000 North Avenue, Northfield, MN 55057.

Joint Venture and Joint Powers Agreement. The cities of Northfield and Dundas, Minnesota and the townships of Bridgewater, Northfield, Webster, Forest, Waterford, Sciota and Greenvale, Minnesota (Rural Fire) formed the Northfield Area Fire and Rescue Service, Northfield, Minnesota (NAFRS), established under Minnesota Statutes, section 471.59 on April 1, 2014 to provide fire protection, suppression, prevention, technical rescue and non-transport emergency medical services to these communities. The Board consists of eight voting Board members which consists of five board members appointed by the Northfield City Council, two Board members appointed by Rural Fire and one Board member appointed by the Dundas City Council. There are also 5 ex-officio (nonvoting) Board members. The Board exercises legislative authority and determines all matters of policy. The Board appoints personnel responsible for the proper administration of all affairs relating to the Organization's activities. Funding is provided by the communities at a ratio of 72.8 percent for Northfield, 6.0 percent for Dundas and 21.2 percent for Rural Fire. The percentages will be updated every two years based on their annual budget.

Note 1: Summary of Significant Accounting Policies (Continued)

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the City and its component units. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Amounts reported as *program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide and fiduciary fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary funds. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, other postemployment benefits, and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the year for which the tax is levied. Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 1: Summary of Significant Accounting Policies (Continued)

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before eligibility requirements are met are also recorded as unearned revenue.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

The City reports the following major governmental funds:

The *General fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Debt Service fund* accounts for resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

The *2025 Capital Project fund* accounts for project costs and funding for the 2025 street projects.

The *Ice Arena Construction fund* accounts for project costs and funding for the Ice Arena which was bonded by the EDA.

The City reports the following major proprietary funds:

The *Water fund* accounts for the water service charges which are used to finance the water system operating expenses.

The *Wastewater fund* accounts for the wastewater service charges which are used to finance the sanitary sewer system operating expenses.

The *Storm Water fund* accounts for revenues and expenses with storm water disposal.

Additionally, the City reports the following fund types:

Internal Service funds are used to provide insurance coverage and data processing to other departments of the City.

Fiduciary Funds

The fiduciary funds use the accrual basis of accounting. Revenues are recognized with earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows.

The Private-Purpose Trust fund accounts for money held by the City in the capacity of trustees for others. The fund is used for the activity of the City's Whittier Trust.

Custodial funds are used to report fiduciary activities that are not required to be reported in pension (and other employee benefit) trust funds, investment trust funds, or private-purpose trust funds. They use the *economic resources measurement focus*. The City's Custodial fund accounts for the activities of the Deputy Registrar.

Enterprise funds are used to account for those operations that are financed and operated in a manner similar to private business or where the Council has decided that the determination of revenues earned, costs incurred and/or net income is necessary for management accountability.

Note 1: Summary of Significant Accounting Policies (Continued)

As a general rule the effect of interfund activity has been eliminated from government-wide financial statements. Exceptions to this general rule are charges between the City's water, sewer and sanitation collection functions and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position/Fund Balance

Deposits and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. The proprietary funds' portion in the government-wide cash and temporary investments pool is considered to be cash and cash equivalents for purposes of the statements of cash flows.

Cash balances from all funds are pooled and invested, to the extent available, in certificates of deposit and other authorized investments. Earnings from such investments are allocated on the basis of applicable participation by each of the funds.

The City may invest idle funds as authorized by Minnesota Statutes, as follows:

1. Direct obligations or obligations guaranteed by the United States or its agencies.
2. Shares of investment companies registered under the Federal Investment Company Act of 1940 and received the highest credit rating, rated in one of the two highest rating categories by a statistical rating agency, and have a final maturity of thirteen months or less.
3. General obligations of a state or local government with taxing powers rated "A" or better; revenue obligations rated "AA" or better.
4. General obligations of the Minnesota Housing Finance Agency rated "A" or better.
5. Obligation of a school district with an original maturity not exceeding 13 months and (i) rated in the highest category by a national bond rating service or (ii) enrolled in the credit enhancement program pursuant to Statute section 126C.55.
6. Bankers' acceptances of United States banks eligible for purchase by the Federal Reserve System.
7. Commercial paper issued by United States banks corporations or their Canadian subsidiaries, of highest quality category by at least two nationally recognized rating agencies and maturing in 270 days or less.
8. Repurchase or reverse repurchase agreements and securities lending agreements with financial institutions qualified as a "depository" by the government entity, with banks that are members of the Federal Reserve System with capitalization exceeding \$10,000,000, a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York, or certain Minnesota securities broker-dealers.

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 1: Summary of Significant Accounting Policies (Continued)

9. Guaranteed investment contracts (GICs) issued or guaranteed by a United States commercial bank, a domestic branch of a foreign bank, a United States insurance company, or its Canadian subsidiary, whose similar debt obligations were rated in one of the top two rating categories by a nationally recognized rating agency.

The broker money market accounts operate in accordance with appropriate state laws and regulations. The reported value of the pools is the same as the fair value of the pool shares.

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The City has the following recurring fair value measurements as of December 31, 2025:

- Commercial Backed Securities and US Treasury securities of \$21,512,607 are valued using quoted market prices (Level 1 inputs)
- Commercial paper, Mortgage-backed securities and Municipal securities of \$3,165,428 are valued using a matrix pricing model (Level 2 inputs)

The Minnesota Municipal Money Market Fund is regulated by Minnesota Statutes and the Board of Directors of the League of Minnesota Cities and is an external investment pool not registered with the Securities Exchange Commission (SEC) that follows the regulatory rules of the SEC. In accordance with GASB Statement No. 79, the City's investment in this pool is valued at an amortized cost, which approximates fair value. There are no restrictions or limitations on withdrawals from the 4M Liquid Asset Fund. Investments in the 4M Plus must be deposited for a minimum of 14 calendar days. Withdrawals prior to the 14-day restriction period will be subject to a penalty equal to seven days' interest on the amount withdrawn. Seven days' notice of redemption is required for withdrawals of investments in the 4M Term Series withdrawn prior to the maturity date of that series. A penalty could be assessed as necessary to recoup the Series for any charges, losses, and other costs attributable to the early redemption. Financial statements of the 4M Fund can be obtained by contacting League of Minnesota Cities Finance Department at 145 University Avenue West, St. Paul, Minnesota, 55103-2044.

The City's investment policy follows Minnesota Statutes, which reduce the City's exposure to credit, custodial credit and interest rate risks. Specific risk information for the City is as follows:

- *Custodial Credit Risk* - For investments, custodial credit risk is the risk that in the event of a failure of the counterparty, the government would not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. As of December 31, 2025 all investments were insured or registered, or securities were held by the City or its agent in the City's name.
- *Credit Risk* - Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits investments in commercial paper that is rated in the highest quality category by at least two nationally recognized rating agencies. The City's investment policy does not further limit the ratings of their investments.
- *Concentration Risk* - The City's investment policy does not address concentration with a particular broker. Investment instruments are varied to prevent concentration in any one investment type. The Hospital does not place a limit on the amount of the total portfolio that may be invested in any one depository or issuer. The Finance Department is responsible for the formulation, documentation, and monitoring of investment strategy consistent with the investment policy.

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 1: Summary of Significant Accounting Policies (Continued)

- *Interest Rate Risk* - In accordance with its investment policy, the City diversifies its investment portfolio to eliminate the risk of loss resulting from the over-concentration of assets in a specific maturity. The maturities selected shall provide for stability of income and reasonable liquidity. The Hospital has a formal investment policy that addresses permissible investments, portfolio diversification and instrument maturities. Within these parameters, the liquidity of the investments is a concern maximizing income and the quality of the investments is paramount.

Property Taxes

The City Council annually adopts a tax levy and certifies it to the County in December for collection the following year. The County is responsible for collecting all property taxes for the City. These taxes attach an enforceable lien on taxable property within the City on January 1 and are payable by the property owners in two installments. The taxes are collected by the County Treasurer and tax settlements are made to the City during January, June and November each year.

Delinquent taxes receivable includes the past six years' uncollected taxes. Delinquent taxes have been offset by deferred inflow of resources for delinquent taxes not received within 60 days after year end in the fund financial statements.

Accounts Receivable

Accounts receivable include amounts billed for services provided before year end. Unbilled utility enterprise fund receivables are also included for services provided in 2025. The City has no allowance for uncollectible accounts, as the City is generally able to certify amounts not collected to the County for collection as special assessments. All trade receivables for the Municipal Hospital are shown net of an allowance for uncollectible accounts.

Lease Receivable

The City's lease receivable is measured at the present value of lease payments expected to be received during the lease term.

A deferred inflow of resources is recorded for the lease. The deferred inflow of resources is recorded at the initiation of the lease in an amount equal to the initial recording of the lease receivable. The deferred inflow of resources is amortized on a straight-line basis over the term of the lease.

Patient Receivables

The Municipal Hospital provides an allowance for uncollectible accounts using management's judgment. Acute-care patients are not required to provide collateral for services rendered. Payment for services is required within 30 days of receipt of the invoice. Past due accounts are individually analyzed for collectability, and then turned over to collection agents. Accounts for which no payments have been received are analyzed and after approval are written off. In addition, an allowance is estimated for other accounts based on historical experience of the Municipal Hospital. At December 31, 2025, the allowance for uncollectible accounts was \$11,783,000.

Special Assessments

Special assessments represent the financing for public improvements paid for by benefiting property owners. These assessments are recorded as receivables upon certification to the County. Special assessments are recognized as revenue when they are annually certified to the County or received in cash or within 60 days after year end. All governmental special assessments receivable are offset by a deferred inflow of resources in the fund financial statements.

Note 1: Summary of Significant Accounting Policies (Continued)

Interfund Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not available expendable financial resources.

Inventories and Prepaid Items

All inventories are stated at the lower of cost or market on the first-in, first-out (FIFO) method except for the governmental funds which are recorded at cost or are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expense when consumed rather than when purchased.

Assets Held for Resale

Land was acquired by the City and EDA for subsequent resale for redevelopment purposes. Land held for resale is an asset recorded at the lower of cost or realizable value in the fund that acquired it.

Restricted Assets

Restricted assets include assets set aside by the Hospital Board of Directors for future capital improvements, assets set aside under bond indenture agreements and assets set aside under employee health insurance arrangements.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$10,000 (amount not rounded) and an estimated useful life in excess of one year. The Hospital's capitalization threshold is \$5,000 (amount not rounded). Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

In the case of initial capitalization of general infrastructure assets (i.e., those reported by governmental activities) the City chose to include items dating back to June 30, 1980. The City had already accounted for its prior infrastructure at historical cost for the initial reporting of these assets. As the City constructs or acquires capital assets each period, including infrastructure assets, they are capitalized at historical cost. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 1: Summary of Significant Accounting Policies (Continued)

Property, plant, and equipment of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Land Improvements	10 - 30
Building and Improvements	20 - 40
Infrastructure	10 - 30
Machinery, Equipment and Vehicles	5 - 20

Deferred Outflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has two items that qualify for reporting in this category. Accordingly, the items, deferred pension resources and deferred other postemployment benefit resources are reported only in the statement of net position. The items result from actuarial calculations and current year pension contributions made subsequent to the measurement dates.

Compensated Absences

It is the government’s policy to permit employees to accumulate earned but unused vacation and sick pay benefits. Compensated absences are measured using FIFO, reflecting the City’s estimate of future leave usage and payouts, consistent with updated guidance under GASB 101. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. The General fund is typically used to liquidate governmental compensated absences payable.

Postemployment Benefits Other Than Pensions

Under Minnesota Statute 471.61, subdivision 2b., public employers must allow retirees and their dependents to continue coverage indefinitely in an employer-sponsored health care plan, under the following conditions: 1) Retirees must be receiving (or eligible to receive) an annuity from a Minnesota public pension plan, 2) Coverage must continue in a group plan until age 65, and retirees must pay no more than the group premium, and 3) Retirees may obtain dependent coverage immediately before retirement. All premiums are funded on a pay-as-you-go basis. The liability was actuarially determined, in accordance with GASB Statement 75, at January 1, 2025. The General fund is typically used to liquidate governmental other postemployment benefits payable.

Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA’s fiduciary net position have been determined on the same basis as they are reported by PERA except that PERA’s fiscal year end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The General fund is typically used to liquidate the governmental net pension liability.

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 1: Summary of Significant Accounting Policies (Continued)

The total pension expense for the GERP, PEPFP, and DCP is as follows:

	Public Employees Retirement Association of Minnesota (PERA)			Total
	GERP	PEPFP	DCP	
City's proportionate share				
Primary Government	\$ (28,304)	\$ 437,703	\$ 1,680	\$ 411,079
Discretely Presented Component Units				
Housing Redevelopment Authority	(525)	-	-	(525)
Municipal Hospital	779,441	-	-	779,441
Proportionate share of State's contribution				
Primary Government	(10,438)	38,491	-	28,053
Discretely Presented Component Units				
Housing Redevelopment Authority	(194)	-	-	(194)
Municipal Hospital	510,229	-	-	510,229
Total pension expense	\$ 1,250,208	\$ 476,194	\$ 1,680	\$ 1,728,082

Leases

The City and Hospital determines if an arrangement is a lease at inception. Leases are included in lease receivables, assets and lease liabilities in the statement of net position.

The City's lease receivable is measured at the present value of lease payments expected to be received during the lease term.

A deferred inflow of resources is recorded for the lease. The deferred inflow of resources is recorded at the initiation of the lease in an amount equal to the initial recording of the lease receivable. The deferred inflow of resources is amortized on a straight-line basis over the term of the lease.

Lease assets represent the Hospital's control of the right to use an underlying asset for the lease term, as specified in the contract, in an exchange or exchange-like transaction. Lease assets are recognized at the commencement date based on the initial measurement of the lease liability, plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs. Lease assets are amortized in a systematic and rational manner over the shorter of the lease term or the useful life of the underlying asset.

Lease liabilities represent the Hospital's obligation to make lease payments arising from the lease. Lease liabilities are recognized at the commencement date based on the present value of expected lease payments over the lease term, less any lease incentives. Interest expense is recognized ratably over the contract term. The lease term may include options to extend or terminate the lease when it is reasonably certain that the Hospital will exercise that option. The Hospital has elected to recognize payments for short-term leases with a lease term of 12 months or less as expenses as incurred, and these leases are not included as lease liabilities or right-to-use lease assets on the statements of net position. The individual lease contracts do not provide information about the discount rate implicit in the lease. Therefore, the Hospital has elected to use their incremental borrowing rate to calculate the present value of expected lease payments.

The Hospital accounts for contracts containing both lease and non-lease components as separate contracts when possible. In cases where the contract does not provide separate price information for lease and non-lease components, and it is impractical to estimate the price of such components, the Hospital treats the components as a single lease unit.

Note 1: Summary of Significant Accounting Policies (Continued)

Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are an expense in the period incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Inflows of Resources

In addition to liabilities, the statement of net position and fund financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has the following items listed below reported in the statement of net position and governmental funds balance sheet:

- *Unavailable revenues* are presented in the governmental funds from three sources: property taxes, special assessments and intergovernmental revenue. These arise only under a modified accrual basis of accounting that qualifies for reporting in this category. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.
- *Deferred pension resources* are reported only in the statements of net position and result from actuarial calculations.
- *Deferred other postemployment benefit resources* are reported only in the statements of net position and result from actuarial calculations.
- *Deferred lease resources* are reported in the governmental funds balance sheet and are deferred to the period the amounts become available. This item is also reported in the statement of net position.

Net Patient and Resident Service Revenue

Net patient and resident service revenue is reported at the estimated net realizable amounts from patients, residents, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and are adjusted in future periods, as final settlements are determined.

Concentrations of Credit Risk

The Hospital grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payer agreements.

Note 1: Summary of Significant Accounting Policies (Continued)

Contributions

From time to time, the Hospital receives contributions from individuals and private organizations. Revenue contributions (including contributions of capital assets) are recognized when all eligibility requirements, including time requirements, are met. Contributions may be restricted to either specific operating purposes or for capital purposes. Amounts that are unrestricted or that are restricted to a specific operating purpose are reported as non-operating revenues. Amounts restricted to capital acquisitions are reported after non-operating revenues and expenses.

Fund Balance

In the fund financial statements, fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of resources reported in the governmental funds. These classifications are defined as follows:

Nonspendable - Amounts that cannot be spent because they are not in spendable form, such as prepaid items.

Restricted - Amounts related to externally imposed constraints established by creditors, grantors or contributors; or constraints imposed by state statutory provisions.

Committed - Amounts constrained for specific purposes that are internally imposed by formal action (resolution) of the City Council (the Council), which is the City's highest level of decision-making authority. Committed amounts cannot be used for any other purpose unless the Council modifies or rescinds the commitment by resolution.

Assigned - Amounts constrained for specific purposes that are internally imposed. In governmental funds other than the General fund, assigned fund balance represents all remaining amounts that are not classified as nonspendable and are neither restricted nor committed. In the General fund, assigned amounts represent intended uses established by the Council itself or by an official to which the governing body delegates the authority. The Council has adopted a fund balance policy which delegates the authority to assign amounts for specific purposes to the Finance Director.

Unassigned - The residual classification for the General fund and also negative residual amounts in other funds. The City considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available. Additionally, the City would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The City considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available. Additionally, the City would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The City has formally adopted a fund balance policy for the General fund. The City's policy is to maintain a minimum unrestricted fund balance of 40 percent of budgeted operating expenditures for cash-flow timing needs.

Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net position is displayed in three components:

- a. Net investment in capital assets - Consists of capital assets, net of accumulated depreciation reduced by any outstanding debt attributable to acquiring capital assets.
- b. Restricted net position - Consists of net position balances restricted by limitations imposed on their use through external restrictions imposed by creditors, grantors, laws or regulations of other governments.

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 1: Summary of Significant Accounting Policies (Continued)

- c. Unrestricted net position - All other net position balances that do not meet the definition of “restricted” or “net investment in capital assets.”

When both restricted and unrestricted resources are available for use, it is the City’s policy to use restricted resources first, then unrestricted resources as they are needed.

Note 2: Stewardship, Compliance and Accountability

A. Budgetary Information

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for the General and special revenue funds except the Arts and Culture fund, TZD Enforcement fund, Jefferson Square TIF fund, Utility Franchise Fee, Carbon Reduction Fund, Spring Creek TIF fund, Aurora TIF fund, Washington TIF fund, Maple Brook TIF fund, Spring Creek TIF fund, and Kraewood TIF fund, which are not legally obligated to prepare budgets. All annual appropriations lapse at fiscal year-end. The City does not use encumbrance accounting.

In August of each year, all departments of the City submit requests for appropriations to the Administrator so that a budget may be prepared. Before September 30th, the proposed budget is presented to the Council for review and the proposed levy is adopted. The Council holds public hearings and a final budget, and a final tax levy is prepared and adopted in early December.

The City’s legal level of budgetary control is at the fund level for funds other than the General fund. The legal level of budgetary control for the General fund is at the department level. The City’s department heads may make transfers of appropriations within a department with the approval of the City Administrator. Transfers of appropriations between departments require the approval of the Administrator. Transfers of appropriations between funds require the approval of the Council. Budgeted amounts are as originally adopted, or as amended by the Council. There were no amendments made to the budget.

B. Excess of Expenditures Over Appropriations

For the year ended December 31, 2025, expenditures exceeded appropriations in the following funds:

Fund	Budget	Actual	Excess of Expenditures Over Appropriations
Special Revenue			
Motor Vehicle	\$ 284,809	\$ 301,134	\$ 16,325
Communication	368,829	372,264	3,435
Library Gift	12,500	52,976	40,476
C.C. Cloherty	200	233	33

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 2: Stewardship, Compliance and Accountability (Continued)

These over expenditures were funded by revenues in excess of budget and available fund balance.

C. Deficit Fund Balance

The following funds had fund deficits at December 31, 2025:

Fund	Amount
Major	
Capital Projects	
2025 Capital Project	\$ 1,094,585
Nonmajor	
Special Revenue	
Community Resource Center	60,481
Community Development Block Grant	14,085
Archer TIF	350
Capital Projects	
2022 Capital Project	165,730
2023 Capital Project	447
2026 Capital Project	526,457
5th Street Redevelopment	1,239,681

The above deficits will be eliminated through future intergovernmental revenues, taxes, tax increments, assessments and future bond proceeds.

Note 3: Detailed Notes on all Funds

A. Deposits and Investments

Deposits

Custodial credit risk for deposits and investments is the risk that in the event of a bank failure, the City’s deposits and investments may not be returned or the City will not be able to recover collateral securities in the possession of an outside party. In accordance with Minnesota Statutes and as authorized by the Council, the City maintains deposits at those depository banks, all of which are members of the Federal Reserve System.

Minnesota Statutes require that all City deposits be protected by insurance, surety bond or collateral. The fair value of collateral pledged must equal 110 percent of the deposits not covered by insurance or bonds, with the exception of irrevocable standby letters of credit issued by Federal Home Loan Banks as this type of collateral only requires collateral pledged equal to 100 percent of the deposits not covered by insurance or bonds.

Authorized collateral in lieu of a corporate surety bond includes:

- United States government Treasury bills, Treasury notes, Treasury bonds;
- Issues of United States government agencies and instrumentalities as quoted by a recognized industry quotation service available to the government entity;
- General obligation securities of any state or local government with taxing powers which is rated “A” or better by a national bond rating service, or revenue obligation securities of any state or local government with taxing powers which is rated “AA” or better by a national bond rating service;

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 3: Detailed Notes on all Funds (Continued)

- General obligation securities of a local government with taxing powers may be pledged as collateral against funds deposited by that same local government entity;
- Irrevocable standby letters of credit issued by Federal Home Loan Banks to a municipality accompanied by written evidence that the bank's public debt is rated "AA" or better by Moody's Investors Service, Inc., or Standard & Poor's Corporation; and
- Time deposits that are fully insured by any federal agency.

Minnesota Statutes require that all collateral shall be placed in safekeeping in a restricted account at a Federal Reserve Bank, or in an account at a trust department of a commercial bank or other financial institution that is not owned or controlled by the financial institution furnishing the collateral. The selection should be approved by the government entity.

At year end, the City's carrying amount of deposits was \$2,729,362 and the bank balance was \$2,791,431. The bank balance was covered by federal depository insurance totaling \$500,000. The remaining balance was collateralized with securities held by the pledging financial institution's trust department in the City's name.

Investments

As of December 31, 2025, the City had the following investments that are insured or registered, or securities held by the city or its agent in the City's name:

Types of Investments	Credit Quality/ Ratings (1)	Segmented Time Distribution (2)	Amount	Fair Value Measurement Using	
				Level 1	Level 2
Pooled Investments at Amortized Costs					
Broker Money Market Accounts	N/A	less than 1 year	\$ 16,775,450

Note 3: Detailed Notes on all Funds (Continued)

- Federal Home Loan Bank: Consists of discount notes and notes with interest rates of 1.00% to 5.1% maturing from 2026 to 2033 and have AA+ ratings by Standard & Poor’s.
- Federal National Mortgage Association: Consists of discount notes and notes with interest rates ranging from 1.50% to 3.50% maturing from 2029 to 2039 and have AA+ ratings by Standard & Poor’s.
- Federal Home Loan Mortgage Corp: Consists of discount notes with interest rates ranging from 1.50% to 4.01% maturing from 2027 to 2041 and have AA+ ratings by Standard & Poor’s.
- Federal Farm Credit Bank: Consists of discount notes with interest rates ranging from 0.90% to 5.29% maturing from 2026 to 2034 and have AA+ ratings by Standard & Poor’s.
- US Treasury Notes: Consists of discount notes with interest rates ranging from 0% to 4.875% maturing from 2025 to 2030 and have AA+ ratings by Standard & Poor’s.
- Certificates of Deposits (CD): Consists of deposits with interest rates ranging from 0% to 5% maturing in 2026.
- U.S. Government Obligations: Consists of discount notes with interest rates ranging from 0% to 5.00% maturing from 2024 to 2028 and have BBB – AA+ ratings by Standard & Poor’s.
- Collateralized Mortgage Obligations: Consists of discount notes with interest rates ranging from 3.11% to 5.25% maturing from 2024 to 2028 and have BBB – AA+ ratings by Standard & Poor’s.
- Equity Investments: Consists of common stocks of U.S. companies, American Depository Receipts, U.S. dollar denominated foreign equity securities and foreign equity securities of foreign companies that are listed on a major domestic stock exchange or traded in the over-the-counter markets.

Cash and Investments Summary

A reconciliation of cash and investments as shown on the Statement of Net Position for the Component Unit - Municipal Hospital is as follows:

Deposits	\$ 6,859,871
Investments	<u>36,952,016</u>
 Total	 <u><u>\$ 43,811,887</u></u>
 Cash and Investments	 \$ 43,794,063
Restricted Assets	<u>17,824</u>
 Total	 <u><u>\$ 43,811,887</u></u>

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 3: Detailed Notes on all Funds (Continued)

B. Receivables

The Hospital provides an allowance for uncollectible accounts based on the allowance method using management's judgment. Patients and residents are not required to provide collateral for services rendered. Payment for services is required within 30 days of receipt of the invoice. Past due accounts are individually analyzed for collectability, and then turned over to collection agents. Accounts for which no payments have been received are analyzed and after approval are written off. In addition, an allowance is estimated for other accounts based on the historical experience of the Hospital. At December 31, 2025, the allowance for uncollectible accounts was \$11,783,000.

Patient Receivables

Patient receivables reported as current assets by the Hospital at December 31, 2025 consist of the following:

Receivable from Patients and their Insurance Carriers	\$ 32,560,553
Receivable from Medicare	4,541,539
Receivables from Medicaid	<u>1,346,052</u>
 Total Patient Receivables	 <u>38,448,144</u>
 Less: Allowance for Doubtful Accounts	 <u>(11,783,000)</u>
 Patient Receivables, Net	 <u><u>\$ 26,665,144</u></u>

There are other accounts receivable in the amount of \$196,798 for 2025.

Notes

The EDA - component unit has several business subsidy loans to local businesses. The terms of repayment vary with each loan. The total of these notes receivable for December 31, 2025 is \$728,809.

Lease Receivable

The City leases various land, buildings and office spaces to others. These agreements contain various renewal and extension options. The latest maturity date is projected to be in 2031; however, the City anticipates new or revised leasing arrangements to occur in the future.

Long-term lease activity for the year ended December 31, 2025 was as follows:

Description	Issue Date	Discount Rate	Current Year Inflow of Resources	Balance at Year End
Tower Land Agreement	08/17/25	5.00 %	\$ 7,123	\$ 424,760
Rice County - Office Space	11/01/21	1.41	12,863	<u>81,721</u>
				<u><u>\$ 506,481</u></u>

Note 3: Detailed Notes on all Funds (Continued)

D. Interfund Receivables, Payables and Transfers

The composition of interfund balances at December 31, 2025 is as follows:

Receivable Fund	Payable Fund	Amount
Governmental General	2025 Capital Project Nonmajor Governmental Funds	\$ 660,803 787,797
Total		<u>\$ 1,448,600</u>

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. These balances also include temporary loans made to other funds caused by the timing of bond sales, temporary capital loans and special assessment collections in the subsequent year.

Advances to/from Other Funds

The Water fund loaned the City Facilities fund \$271,722 to cover the construction of the street department roof. The loan is to be paid back with semi-annual payments to be made on August 1 and February 1. Payments commenced on 2/1/2020, at an interest rate of 1.9 percent. The balance of these advances at December 31, 2025 was \$116,365. Additionally, the Water fund advanced \$2,111,742 to the 5th Street Redevelopment fund during 2022 for capital expenditures. The balance of this advance as of December 31, 2025 was \$1,151,742. There are no formal repayment terms; rather, dollars will be remitted upon future developer contributions.

Interfund Transfers

	Transfers In				Total
	General Fund	Debt Service Fund	2025 Capital Project Fund	Nonmajor Governmental Funds	
Transfers Out					
Nonmajor governmental funds	\$ 227,000	\$ 140,000	\$ 500,000	\$ 134,657	\$ 1,001,657
Water fund	-	-	-	6,449	6,449
Wastewater fund	-	-	-	3,658	3,658
Storm water fund	-	-	-	5,053	5,053
Nonmajor proprietary funds	50,000	-	-	-	50,000
Total	<u>\$ 277,000</u>	<u>\$ 140,000</u>	<u>\$ 500,000</u>	<u>\$ 149,817</u>	<u>\$ 1,066,817</u>

Transfers are used to 1) move revenues from the fund with collection authorization to the Debt Service fund as debt service principal and interest payments become due, 2) move restricted amounts from borrowings to the Debt Service fund to establish mandatory reserve accounts, 3) move unrestricted revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grant programs.

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 3: Detailed Notes on all Funds (Continued)

The following transfers were made during 2025:

- From the Liquor fund (\$50,000) and the Utility Franchise Fee fund (\$160,000) and the Economic Development Authority (\$67,000) to the General fund for operations
- From the Capital Reserve fund (\$34,657), Water fund (\$6,449), Wastewater fund (\$3,658), and Stormwater fund (\$5,053) to the Arts and Culture fund for capital needs.
- From the Utility Franchise Fee fund (\$100,000) to the Carbon Reduction fund.
- From the Utility Franchise Fee fund (\$140,000) to the 2021A Bonds fund.
- From the Utility Franchise Fee Fund (\$500,000) to the 2025 Capital Project Fund for financing of the project.

E. Long-term Debt

General Obligation Bonds

The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both governmental and business-type activities. These bonds are reported in the proprietary funds if they are expected to be repaid from proprietary fund revenues. In addition, general obligation bonds have been issued to refund special assessments related bonds.

Primary Government Debt

General obligation bonds are direct obligations and pledge the full faith and credit of the government. General obligation bonds currently outstanding are as follows:

Description	Authorized and Issued	Interest Rate	Issue Date	Maturity Date	Balance at Year End
G.O. Bonds of 2018A	\$ 4,195,000	3.00 - 3.30 %	06/07/18	02/01/39	\$ 3,190,000

Total	<u>\$ 32,045,000</u>	<u>\$ 10,246,297</u>	<u>\$ 42,291,297</u>

G.O. Special Assessment (Improvement) Bonds

The following bonds were issued to finance various improvements and will be repaid primarily from special assessments levied on the properties benefiting from the improvements. Some issues, however, are partly financed by ad valorem tax levies. All special assessment debt is backed by the full faith and credit of the City. Each year the combined assessment and tax levy equals 105 percent of the amount required for debt service. The excess of 5 percent is to cover any delinquencies in tax or assessment payments.

Description	Authorized and Issued	Interest Rate	Issue Date	Maturity Date	Balance at Year End
G.O. Improvement Bonds of 2015A	\$ 1,595,000	2.00 - 2.15 %	11/03/15	02/01/26	\$ 170,000

G.O. Revenue Bonds

The following bonds were issued to finance capital improvements in the enterprise funds. They will be retired from net revenues of the enterprise funds.

The EDA has issued public project lease revenue bonds for financing the Ice Arena project in accordance with Minnesota Statutes. The agreements are supported by activity between the EDA and the City. The bonds will be paid back with future property tax levies and lease revenues from the School District and the City of Dundas.

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 3: Detailed Notes on all Funds (Continued)

The City's outstanding notes from direct borrowings and direct placements related to governmental activities of \$303,575 contain a provision that in an event of default, the City shall find feasible and responsible parties who will assume the obligation of making or completing the minimum improvements as specified by the development plan. The City will reimburse the developer, its successors or transferee in the amount of the purchase price paid by the developer less any amounts the City is required to pay to the holder of any mortgage encumbering the parcel. Upon resale of the parcel, the proceeds should first be applied to reimburse the City for all costs and expenses incurred, second to reimburse the developer up to amounts allowed by the development plan, followed by any remaining balance being retained by the City.

Conduit Debt Obligations

From time to time, the City has issued Housing Revenue Bonds, Health Care Facilities Revenue Bonds and School Facilities Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of rental housing, educational or health care facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the City, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of December 31, 2025, the total conduit debt issued for issues outstanding totaled \$347,288.

Component Unit Debt

Revenue Bonds - Municipal Hospital

The following bonds were issued to provide partial funding for the construction of the Farmington Clinic, Campus Clinic, and purchase of the Northfield Hospital and to extinguish the Hospital Revenue Bonds Series 2001C, Series 2006, and Series 2015B. They will be retired from net revenues of the Hospital.

Description	Authorized and Issued	Interest Rate	Issue Date	Maturity Date	Balance at Year End
Hospital Revenue Bonds of 2016	\$ 25,000,000	2.56 %	08/05/16	08/01/31	\$ 1,112,046
Hospital Revenue Bonds of 2024	11,190,000	4.45	12/20/24	12/31/29	10,850,000
Hospital Revenue Bonds of 2025	3,805,000	3.94	10/16/26	09/01/32	<u>3,773,266</u>
					<u><u>\$ 15,735,312</u></u>

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 3: Detailed Notes on all Funds (Continued)

The annual debt service requirements to maturity for revenue bonds are as follows:

<u>Year Ending December 31</u>	Revenue Bonds		
	<u>Component Unit - Municipal Hospital</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2026	\$ 687,844	\$ 658,304	\$ 1,346,148
2027	712,744	631,120	1,343,864
2028	737,885	604,678	1,342,563
2029	10,023,846	573,776	10,597,622
2030	354,889	133,136	488,025
2031-2033	<u>3,218,104</u>	<u>208,693</u>	<u>3,426,797</u>
Total	<u>\$ 15,735,312</u>	<u>\$ 2,809,707</u>	<u>\$ 18,545,019</u>

Annual revenues from charges for services, principal and interest payments, and percentage of revenue required to cover principal and interest payments are as follows:

	<u>Hospital</u>
Revenue	\$ 137,641,118
Principal and Interest	5,499,401
Percent of Revenue	4.00 %

Leases Payable – Municipal Hospital

The Hospital leases facilities and computers for various terms under long-term, non-cancelable lease agreements. The leases expire at various dates through 2028 and provide for renewal options ranging from six months to two years. Certain facility leases provide for increases in future minimum annual rental payments based on defined increases in the Consumer Price Index, subject to certain minimum increases.

Total future minimum lease payments under lease agreements are as follows:

<u>Year Ending December 31</u>	Leases		
	<u>Component Unit - Municipal Hospital</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2026	\$ 263,869	\$ 8,683	\$ 272,552
2027	118,486	2,440	120,926
2028	<u>23,554</u>	<u>211</u>	<u>23,765</u>
Total	<u>\$ 405,909</u>	<u>\$ 11,334</u>	<u>\$ 417,243</u>

Right-to-use assets acquired through outstanding leases are shown in Note 3C. There were no impairment losses in 2025.

Note 4: Defined Benefit Pension Plans - Statewide

A. Plan Description

The City participates in the following cost-sharing multiple-employer defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). These plan provisions are established and administered according to Minnesota Statutes chapters 353, 353D, 353E, 353G, and 356. Minnesota Statutes chapter 356 defines each plan’s financial reporting requirements. PERA’s defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

General Employees Retirement Plan

Membership in the General Plan includes employees of counties, cities, townships, schools in non-certified positions, and other governmental entities whose revenues are derived from taxation, fees, or assessments. Plan membership is required for any employee who is expected to earn more than \$425 in a month, unless the employee meets exclusion criteria.

Public Employees Police and Fire Plan

Membership in the Police and Fire Plan includes full-time, licensed police officers and firefighters who meet the membership criteria defined in Minnesota Statutes section 353.64 and who are not earning service credit in any other PERA retirement plan or a local relief association for the same service. Employers can provide Police and Fire Plan coverage for part-time positions and certain other public safety positions by submitting a resolution adopted by the entity’s governing body. The resolution must state that the position meets plan requirements.

B. Benefits Provided

PERA provides retirement, disability, and death benefits. Benefit provisions are established by state Statute and can only be modified by the State Legislature. Vested, terminated employees who are entitled to benefits, but are not receiving them yet, are bound by the provisions in effect at the time they last terminated their public service. When a member is “vested,” they have earned enough service credit to receive a lifetime monthly benefit after leaving public service and reaching an eligible retirement age. Members who retire at or over their Social Security full retirement age with at least one year of service qualify for a retirement benefit.

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

General Employees Plan Benefits

General Employees Plan requires three years of service to vest. Benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for General Plan members. Members hired prior to July 1, 1989, receive the higher of the Step or Level formulas. Only the Level formula is used for members hired after June 30, 1989. Under the Step formula, General Plan members receive 1.2% of the highest average salary for each of the first 10 years of service and 1.7% for each additional year. Under the Level formula, General Plan members receive 1.7% of highest average salary for all years of service. For members hired prior to July 1, 1989, a full retirement benefit is available when age plus years of service equal to 90 and normal retirement age is 65. Members can receive a reduced retirement benefit as early as age 55 if they have three or more years of service. Early retirement benefits are reduced by .25% for each month under age 65. Members with 30 or more years of service can retire at any age with a reduction of .25% for each month the member is younger than age 62. The Level formula allows General Plan members to receive a full retirement benefit at age 65 if they were first hired before July 1, 1989, or at age 66 if they were hired on or after July 1, 1989. Early retirement begins at age 55 with an actuarial reduction applied to the benefit.

Benefit increases are provided to benefit recipients each January. The postretirement increase is equal to 50% of the cost-of-living adjustment (COLA) announced by the SSA, with a minimum increase of at least 1% and a maximum of 1.5%. The 2025 annual increase was 1.25%. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a prorated increase.

Police and Fire Plan Benefits

Benefits for Police and Fire Plan members hired before July 1, 2010, are vested after three years of service. Members hired on or after July 1, 2010, are 50% vested after five years of service and 100% vested after ten years. After five years, vesting increase by 10% each full year of service until members are 100% vested after ten years. Police and Fire Plan members receive 3% of highest average salary for all years of service. Police and Fire Plan members receive a full retirement benefit when they are age 55 and vested, or when their age plus their years of service equals 90 or greater if they were first hired before July 1, 1989. Early retirement starts at age 50, and early retirement benefits are reduced by 0.417% each month members are younger than age 55.

Benefit increases are provided to benefit recipients each January. The postretirement increase is fixed at 1%. Recipients that have been receiving the annuity or benefit for at least 36 months as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least 25 months but less than 36 months as of the June 30 before the effective date of the increase will receive a prorated increase.

C. Contributions

Minnesota Statutes chapters 353, 353E, 353G, and 356 set the rates for employer and employee contributions. Contribution rates can only be modified by the state Legislature.

General Employees Fund Contributions

General Plan members were required to contribute 6.50% of their annual covered salary in fiscal year 2025 and the City was required to contribute 7.50% for General Plan members. The City's contributions to the General Employees Fund for the year ended December 31, 2025, were \$620,461. The City's contributions were equal to the required contributions as set by state Statute.

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

The discretely presented component unit – Municipal Hospital had contributions of approximately \$4,609,969 for the year ending December 31, 2025.

Police and Fire Fund Contributions

Police and Fire Plan members were required to contribute 11.80% of their annual covered salary in fiscal year 2025 and the City was required to contribute 17.70% for Police and Fire Plan members. The City’s contributions to the Police and Fire Fund for the year ended December 31, 2025, were \$545,374. The City’s contributions were equal to the required contributions as set by state Statute.

D. Pension costs

General Employees Fund Pension Costs

At December 31, 2025, the City and its component units reported a liability of \$24,076,887 for its proportionate share of the General Employees Fund’s net pension liability. The City’s net pension liability reflected a reduction due to the State of Minnesota’s contribution of \$16 million. The State of Minnesota is considered a non-employer contributing entity and the state’s contribution meets the definition of a special funding situation. The State of Minnesota’s proportionate share of the net pension liability associated with the City totaled \$580,810.

	Primary Government	Component Units		Total
		Housing Redevelopment Authority	Municipal Hospital	
City's Proportionate Share of the Net Pension Liability	\$ 2,873,327	\$ 52,529	\$ 21,151,031	\$ 24,076,887
State of Minnesota's Proportionate Share of the Net Pension Liability Associated with the City	68,760	1,821	510,229	580,810
Total	\$ 2,942,087	\$ 54,350	\$ 21,661,260	\$ 24,657,697

The net pension liability was measured as of June 30, 2025, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City’s proportion of the net pension liability was based on the City’s contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2024 through June 30, 2025, relative to the total employer contributions received from all of PERA’s participating employers. The City’s proportionate share was 0.0883% at the end of the measurement period and 0.0867% for the beginning of the period.

For the year ended December 31, 2025, the City recognized pension expense of negative \$750,611 for its proportionate share of the General Employees Plan’s pension expense. In addition, the City recognized an additional \$499,597 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota’s contribution of \$16 million to the General Employees Fund.

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

At December 31, 2025, the City reported its proportionate share of the General Employees Fund's deferred outflows of resources and deferred inflows of resources, related to pension from the following sources:

	Primary Government	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$ 273,741	\$ -
Changes in Actuarial Assumptions	69,234	661,063
Net Difference Between Projected and Actual Earnings on Plan Investments	-	1,143,389
Changes in Proportion	198,303	105,378
Contributions Paid to PERA Subsequent to the Measurement Date	303,285	-
Total	\$ 844,563	\$ 1,909,830

The \$303,285 reported as deferred outflows of resources related to pensions resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2026. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

2026	\$ (224,961)
2026	(582,016)
2027	(378,619)
2028	(207,974)

At December 31, 2025, the City's component units reported its proportionate share of the General Employees Fund's deferred outflows of resources and deferred inflows of resources, related to pension from the following sources:

	Component Units			
	Housing Redevelopment Authority		Municipal Hospital	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$ 5,029	\$ -	\$ 2,015,230	\$ -
Changes in Actuarial Assumptions	1,262	12,166	509,616	4,866,779
Net Difference Between Projected and Actual Earnings on Plan Investments	-	20,837	-	8,416,197
Changes in Proportion	3,614	1,920	24,163	2,021,418
Contributions to GERP Subsequent To the Measurement Date	5,527	-	2,301,934	-
Total	\$ 15,432	\$ 34,923	\$ 4,850,943	\$ 15,304,394

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

The \$5,527, and \$2,301,934 reported and deferred outflows of resources related to pensions resulting from the HRA and Municipal Hospital's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2026. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

	Component Units	
	Housing Redevelopment Authority	Municipal Hospital
2026	\$ (4,026)	\$ (3,123,660)
2027	(10,417)	(4,755,350)
2028	(6,776)	(3,372,932)
2029	(3,799)	(1,503,443)

Police and Fire Fund Pension Costs

At December 31, 2025, the City reported a liability of \$2,294,496 for its proportionate share of the Police and Fire Fund's net pension liability. The net pension liability was measured as of June 30, 2025, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportionate share of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2024 through June 30, 2025, relative to the total employer contributions received from all of PERA's participating employers. The City's proportionate share was 0.1959% at the end of the measurement period and 0.2133% for the beginning of the period.

The State of Minnesota contributed \$18 million to the Police and Fire Fund in the plan fiscal year ended June 30, 2025. The contribution consisted of \$9 million in direct state aid that meets the definition of a special funding situation and \$9 million in supplemental state aid that does not meet the definition of a special funding situation. The \$9 million direct state aid was paid on October 1, 2024. The direct state aid payment will increase by \$17.7 million which was paid on October 1, 2025. Thereafter, by October 1 of each year, the state will pay \$26.7 million to the Police and Fire Fund until the fund is 110% funded for a minimum of three consecutive years (on an actuarial value of assets basis). The \$9 million in supplemental state aid will continue until the fund and the State Patrol Plan (administered by the Minnesota State Retirement System) are 100% funded for three consecutive years (on an actuarial value of assets basis). The State of Minnesota's proportionate share of the net pension liability associated with the City totaled \$79,552.

	Primary Government
City's Proportionate Share of the Net Pension Liability	\$ 2,294,896
State of Minnesota's Proportionate Share of the Net Pension Liability Associated with the City	79,552
Total	\$ 2,374,448

For the year ended December 31, 2025, the City recognized pension expense of \$437,703 for its proportionate share of the Police and Fire Plan's pension expense. The city recognized \$38,491 as grant revenue and pension expense for its proportionate share of the State of Minnesota's contribution of \$9 million to the Police and Fire special funding situation."

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

The State of Minnesota is not included as a non-employer contributing entity in the Police and Fire Pension Plan allocation schedules for the \$9 million in supplemental state aid because this contribution was not considered to meet the definition of a special funding situation. The City recognized \$17,628 for the year ended December 31, 2025 as revenue and an offsetting reduction of net pension liability for its proportionate share of the State of Minnesota's on-behalf contributions to the Police and Fire Fund.

At December 31, 2025, the City reported its proportionate share of the Police and Fire Plan's deferred outflows of resources and deferred inflows of resources, from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$ 1,060,315	\$ -
Changes in Actuarial Assumptions	1,740,267	2,875,409
Net Difference Between Projected and Actual Earnings on Plan Investments	-	1,024,244
Changes in Proportion	162,668	270,335
Contributions Paid to PERA Subsequent to the Measurement Date	284,489	-
Total	\$ 3,247,739	\$ 4,169,988

The \$284,489 reported as deferred outflows of resources related to pensions resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2026. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

2026	\$ 531,651
2027	(495,267)
2028	(1,141,807)
2029	(111,487)
2030	10,172

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

E. Long-Term Expected Return on Investment

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-term Expected Real Rate of Return</u>
Domestic Equity	33.5 %	5.10 %
International Equity	16.5	5.30
Fixed Income	25.0	0.75
Private Markets	<u>25.0</u>	5.90
Total	<u><u>100.00 %</u></u>	

F. Actuarial Assumptions

The total pension liability for each of the cost-sharing defined benefit plans was determined by an actuarial valuation as of June 30, 2025, using the entry age normal actuarial cost method. The long-term rate of return on pension plan investments used to determine the total liability is 7%. The 7% assumption is based on a review of inflation and investment return assumptions from a number of national investment consulting firms. The review provided a range of investment return rates considered reasonable by the actuary. An investment return of 7% is within that range

- Inflation is assumed to be 2.25% for the General Employees Plan and Police & Fire Plan.
- Benefit increases after retirement are assumed to be 1.50% for the General Employees Plan and 1%

Salary growth assumptions in the General Employees Plan range in annual increments from 11.5% after one year of service to 3% after 27 years of service. In the Police & Fire Plan, salary growth assumptions range in annual increments from 10.75% after one year of service to 3% after 23 years of service.

Mortality rates for the General Employees Plan are based on the Pub-2010 General Employee Mortality Table. Mortality rates for the Police & Fire Plan are based on the Pub-2010 Public Safety Employee Mortality tables. The tables are adjusted slightly to fit PERA's experience.

Actuarial assumptions for the General Employees Plan are reviewed every four years. The General Employees Plan was last reviewed in 2022. The assumption changes were adopted by the board and became effective with the July 1, 2023 actuarial valuation. The Police & Fire Plan was reviewed in 2024. The assumption changes were adopted by the board and became effective with the July 1, 2025 actuarial valuation.

The following changes in actuarial assumptions and plan provisions occurred in 2025:

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

General Employees Fund

Changes in Actuarial Assumptions:

- The combined service annuity loading factors increased from 15% to 19% for vested, terminated members and from 3% to 44% for non-vested, terminated members.
- The assumed post-retirement benefit increase changed from 1.25% to 1.5%.

Changes in Plan Provisions:

- The post-retirement benefit increase formula changed to 100% of the Social Security annual increase, between 1% and 1.75%, beginning January 1, 2026. If the funded ratio (on a market value of assets basis) is less than 85% for the last two consecutive annual valuations or is less than 80% in the most recent actuarial valuation, the maximum is reduced to 1.5%. Previously, the benefit increase was 50% of the Social Security annual increase, between 1% and 1.5%.
- The 1% additional employer contribution is eliminated when the plan reaches 98% funded status (on an actuarial value of assets basis); this contribution was previously scheduled to stop when the plan reached 100% funded status.

Police and Fire Fund

Changes in Actuarial Assumptions:

- Assumed rates of salary increases were reduced slightly.
- Assumed rates of retirement were adjusted, resulting in an overall increase in unreduced (full) retirements and an overall increase in reduced (early) retirements.
- Assumed rates of withdrawal were modified; the new rates will increase predicted terminations, especially in the first few years of employment.
- Assumed rates of disabled retirement were significantly increased, especially for ages over age 30.
- Continued use of Pub-2010 Public Safety Mortality Table with rates adjusted to better fit observed experience.
- Percent married assumption for female retirees lowered from 70% to 65%.
- Minor changes were made to form of payment assumptions for retirees.
- Minor changes were made to assumptions made with respect to missing participant data.
- The combined service annuity load changed from 33% to 13% for vested, terminated members and from 2% to 38% for non-vested, terminated members.

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

Changes in Plan Provisions:

- The period of time needed for benefit recipients to receive their first benefit increase was reduced by one year (from 36 months to 24 months for a full increase).
- The January 1, 2026 benefit increase changed from 1% to 3%; subsequent January 1 increases will be 1%.
- The threshold to end the \$9 million annual state aid contribution changed from the earlier of July 1, 2048 or 90% funded for both PERA Police & Fire and MSRS State Patrol for three consecutive years to 100% funded for both PERA Police & Fire and MSRS State Patrol for three consecutive years (on an actuarial value of assets basis).
- The threshold to end the additional \$9 million annual state aid contribution changed from the earlier of July 1, 2024 or 100% funded for a minimum of three consecutive years to 110% funded for a minimum of three consecutive years (on an actuarial value of assets basis).
- An additional \$17.7 million in direct state aid will be paid annually each October 1 beginning October 1, 2025 through June 30, 2048.
- Joint and survivor actuarial equivalent factors were updated to reflect changes in assumptions.

G. Discount Rate

The discount rate used to measure the total pension liability in 2025 was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in Minnesota Statutes. Based on these assumptions, the fiduciary net position of the General Employees and Police and Fire Plans were projected to be available to make all projected future benefit payments of current plan members. The long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

H. Pension Liability Sensitivity

The following presents the City's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

	City Proportionate Share of NPL		
	1 Percent Decrease (6.0%)	Current (7.0%)	1 Percent Increase (8.0%)
General Employees Fund			
Primary government	\$ 6,979,257	\$ 2,873,327	\$ (457,211)
Component Unit - HRA	127,188	52,529	(8,332)
Component Unit - Municipal Hospital	51,372,537	21,151,031	(3,365,410)
	City Proportionate Share of NPL		
	1 Percent Decrease (4.40%)	Current (5.40%)	1 Percent Increase (6.40%)
Police and Fire Fund			
Primary government	\$ 6,013,114	\$ 2,294,896	\$ (758,348)

I. Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in a separately issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.mnpera.org.

Note 5: Public Employees Defined Contribution Plan (Defined Contribution Plan)

The City has City Council members that are covered by the Defined Contribution Plan (DCP), a multiple-employer deferred compensation plan administered by PERA. The DCP is a tax-qualified plan under Section 401(a) of the Internal Revenue Code and all contributions by or on behalf of employees are tax-deferred until time of withdrawal.

Plan benefits depend solely on amounts contributed to the plan plus investment earnings, less administrative expenses; therefore, there is no future liability to the employer. *Minnesota Statutes*, chapter 353d.03, specifies plan provisions, including the employee and employer contribution rates for those qualified personnel who elect to participate. An eligible elected official who decides to participate contributes 5 percent of salary which is matched by the elected official's employer. Employees who are paid for their services may elect to make member contributions in an amount not to exceed the employer share. Employer and employee contributions are combined and used to purchase shares in one or more of the seven accounts of the Minnesota Supplemental Investment Fund. For administering the plan, PERA receives 2.0 percent of employer contributions and twenty-five hundredths of 1.0 percent (0.25 percent) of the assets in each member's account annually.

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 5: Public Employees Defined Contribution Plan (Defined Contribution Plan) (Continued)

Total contributions made by the City during the fiscal year 2025 were:

Contribution Amount		Percentage of Covered Payroll		Required Rate
Employee	Employer	Employee	Employer	
\$ 1,680	\$ 1,680	5.00 %	5.00 %	5.00 %

The City and council members contributions to the DCP plan for the years ending December 31, 2025, 2024 and 2023 were \$1,680, \$2,115, and \$2,046, respectively.

Note 6: Postemployment Benefits Other Than Pensions

A. Plan Description

The City administers a single employer defined benefit healthcare plan (“the Retiree Health Plan”). The plan provides lifetime healthcare insurance for eligible retirees and their spouses through the City’s group health insurance plan, which covers both active and retired members. Benefit provisions are established through negotiations between the City and the union representing employees and are renegotiated each three-year bargaining period. The component unit is included in the City’s plan. The Retiree Health Plan does not issue a publicly available financial report. There are no assets accumulated in a GASB-compliant trust.

Inactive Plan Members or Beneficiaries Currently Receiving Benefit Payments	7
Spouses Receiving Payments	4
Active Plan Members	115
Total Plan Members	126

B. Funding Policy

Contribution requirements are also negotiated between the City and union representatives. The City does not contribute to the cost of current-year premiums for eligible retired plan members and their spouses. For the year ended December 31, 2025, the City’s average contribution rate was 16.06 percent of covered-employee payroll. For the year 2025, the City directly contributed \$120,023 to the Plan, while implicit contributions totaled \$52,399.

C. Actuarial Methods and Assumptions

The City’s total OPEB liability of \$1,747,468 was measured as of January 1, 2025, and the total OPEB liability used to calculate the total OPEB liability was determined by an actuarial valuation as of January 1, 2025, of which the primary government and HRA portions were calculated at \$1,717,236 and \$30,232, respectively.

The total OPEB liability in the January 1, 2025, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Discount Rate	4.20%
20-Year Municipal Bond Yield	4.20%
Inflation Rate	2.50%
Salary Increases	Service graded table
Medical Trend Rate	6.50% as of January 1, 2025 grading to 5.00% over 6 years and then to 4.00% over the next 48 years

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 6: Postemployment Benefits Other Than Pensions (Continued)

The discount rate used to measure the total OPEB liability was 4.20 percent. Assets were projected using expected benefit payments and expected asset returns. Expected benefit payments by year were discounted using the expected asset return assumption for years in which the assets were sufficient to pay all benefit payments. Any remaining benefit payments after the trust fund is exhausted are discounted at the 20-year municipal bond rate. The equivalent single rate is the discount rate.

The mortality tables were updated from the Pub-2010 Public Retirement Plans Headcount-Weighted Mortality Tables (General, Safety) with MP-2020 Generational Improvement Scale to the Pub-2010 Public retirement Plan Headcount-Weighted Mortality Tables (General, Safety with MP-2021 Generational Improvement Scale.

Economic assumptions are based on input from a variety of published sources of historical and projected future financial data. Each assumption was reviewed for reasonableness with the source information as well as for consistency with the other economic assumptions.

D. Changes in the Total OPEB Liability

	Total OPEB Liability (a)
Balances at January 1, 2025	\$ 1,703,790
Changes for the Year:	
Service cost	68,058
Interest	62,983
Differences between expected and actual experience	148,725
Changes in assumptions or other inputs	(95,578)
Benefit payments	(140,510)
Net Changes	43,678
Balances at December 31, 2025	\$ 1,747,468
Primary Government	\$ 1,717,236
Component Unit - HRA	30,232
Total OPEB Obligation	\$ 1,747,468

Since the prior measurement date, the following assumptions changed:

- The health care trend rates were changed to better anticipate short-term and long-term medical increases.
- The retirement, withdrawal, and salary increase rates for non-police were updated to reflect the latest experience study.
- The discount rate was changed from 3.70% to 4.20%.

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 6: Postemployment Benefits Other Than Pensions (Continued)

E. Sensitivity of the Total OPEB Liability

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (3.20 percent) or one percentage point higher (5.20 percent) than the current discount rate:

	1 Percent Decrease (3.2%)	Current (4.2%)	1 Percent Increase (5.2%)
Primary government	\$ 1,805,662	\$ 1,717,236	\$ 1,633,165
Component Unit - HRA	31,789	30,232	28,752

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a Healthcare Cost Trend Rate that is one percentage point lower (5.50 percent decreasing to 4.00 percent) or one percentage-point higher (7.50 percent decreasing to 6.00 percent) than the current cost trend rate:

	1 Percent Decrease (5.5% Decreasing to 3%)	Healthcare Cost Trend Rates (6.5% Decreasing to 4%)	1 Percent Increase (7.5% Decreasing to 5%)
Primary Government	\$ 1,609,752	\$ 1,717,236	\$ 1,837,642
Component Unit - HRA	28,340	30,232	32,352

F. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2025, the City recognized OPEB expense of negative \$114,123. At December 31, 2025, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Primary Government		Component Unit Housing Redevelopment Authority	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in Actuarial Assumptions	\$ 47,473	\$ 154,557	\$ 836	\$ 2,721
Net Difference Between Expected and Actual Experience	125,273	185,131	2,205	3,259
Contributions to OPEB Subsequent to the Measurement Date	169,448	-	2,983	-
Total	\$ 342,194	\$ 339,688	\$ 6,024	\$ 5,980

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 6: Postemployment Benefits Other Than Pensions (Continued)

Deferred outflows of resources totaling \$172,431 related to OPEB resulting from the City's contributions to OPEB subsequent to the measurement date will be recognized as a reduction of the OPEB liability in the year ended December 31, 2026. Other amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	Primary Government	Component Unit Housing Redevelopment Authority
2026	\$ (65,724)	\$ (1,157)
2027	(81,021)	(1,426)
2028	(19,245)	(339)
2029	(19,241)	(339)
2030	10,836	191
Thereafter	7,453	131

Note 7: Commitments and Contingent Liabilities

A. Land Lease

The Hospital leases the land on which the facility is located from a local college. The lease term is for 60 years with two 20-year options. The annual rent expense for the first twenty years of the lease is approximately \$6,000. The rent expense in subsequent years will be equal to 5 percent of the appraised market price for rural agricultural land in the Dakota/Rice County Region. The rent expense would be adjusted to current market rates if certain events were to occur, such as the sale of the Hospital.

B. Self-insurance Plan

The Hospital self-insures their employee health and dental insurance program. The Hospital has entered into an agreement with an insurance company to provide stop-loss insurance, to limit the losses on individual and aggregate claims and to provide claims processing and other administrative functions. Claims are accrued as incurred. The amounts charged to expense include administration fees, stop-loss insurance premiums, claims paid, and accruals for claims incurred but not yet paid at year end. Insurance expense for the year ended December 31, 2025 was \$5,671,121.

C. Medical Malpractice Insurance

The Hospital purchases medical malpractice insurance under claims made policy on a fixed-premium basis. The Hospital is responsible for any individual claims exceeding \$1,000,000, and for aggregate claims exceeding \$3,000,000 for a policy year. Should this policy lapse and not be replaced with equivalent coverage, claims based upon occurrence during its term, but reported subsequent thereto, will be uninsured.

Risk Management

The Hospital is exposed to various risks of loss from torts; theft of, damage to, and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters. These risks are covered by commercial insurance purchased from independent third parties. There has been no significant reduction in insurance coverage from the previous year in any of the Hospital's policies. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years.

Note 7: Commitments and Contingent Liabilities (Continued)

The Hospital is involved in legal proceedings which resulted through the normal course of providing health care services and other matters. The litigation is in the early stages and too premature to determine the degree of liability, if any, to the Hospital. Management has assessed its coverage under medical malpractice and other insurances and believes at the point of the proceedings adequate provisions have been made for any amounts it may be responsible to pay under the respective policies deductible amounts.

Healthcare Legislation and Regulation

The healthcare industry is subject to numerous laws and regulations of federal, state, and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government healthcare program participation requirements, reimbursement for patient services and Medicare and Medicaid fraud and abuse. Recently, government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse Statutes and regulations by healthcare providers. Violation of these laws and regulations could result in expulsion from government healthcare programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed.

Congress passed the Medicare Modernization Act in 2003, which among other things established a demonstration of The Medicare Recovery Audit Contractor (RAC) program. During fiscal year 2007, the RAC identified and corrected a significant amount of improper overpayments to providers in the demonstration states, which did not include Minnesota. In 2006, Congress passed the Tax Relief and Health Care Act of 2006 which authorized the expansion of the RAC program to all 50 states. While the hospital was selected for a RAC audit during 2017 and 2016, they were not materially impacted and appear to have appropriate policies and procedures to mitigate the risks related to RAC reviews.

Management believes that the Hospital is in substantial compliance with fraud and abuse as well as other applicable government laws and regulations. While no regulatory inquiries have been made, compliance with such laws and regulations is subject to government review and interpretation, as well as regulatory actions unknown or unasserted at this time.

Note 8: Net Patient Service Revenue

The Hospital has entered into payment agreements with certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations. The bases for payment to the Hospital under these agreements includes prospectively determined rates per discharge, discounts from established charges, and prospectively determined daily rates. Revenue is recorded at established billing rates, net of contractual adjustments, resulting from agreements with third-party payors.

A. Medicare

Inpatient acute care and outpatient services provided to Medicare beneficiaries are reimbursed at respectively determined rates per visit. These rates vary based on patient classification systems that consider clinical, diagnostic, and other factors. The Hospital is reimbursed for certain cost-reimbursable items as tentative rates, with final settlement determined following the submission of annual Medicare cost reports and subsequent audits by the Medicare fiscal intermediary. The Hospital's Medicare cost reports have been audited by the Medicare cost reports have been audited by the Medicare fiscal intermediary through the year ended December 31, 2023.

Inpatient acute care services provided to Medicare program beneficiaries are paid at prospectively determined rates per discharge. These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors.

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 8: Net Patient Service Revenue (Continued)

Outpatient services provided to Medicare outpatient program beneficiaries are subject to the Ambulatory Payment Classification (APC) method. Medicare reimburses the Hospital a predetermined amount for most outpatient services. The following services are excluded from the APC payment methodology; services already paid on a fee schedule, certain drugs, biologicals and medical devices identified as pass-through items. The APC payments are not based on the provider's annual cost report.

Physician-Based Clinic services are reimbursed using the Medicare Physician Fee Schedule.

B. Medicaid

Inpatient acute care services provided to Medicaid beneficiaries are reimbursed at prospectively determined rates per discharge. These rates vary based on patient classification systems that consider clinical, diagnostic, and other factors. Outpatient services provided to Medicaid beneficiaries are reimbursed on a fee-for-service basis.

Other

The Hospital has also entered into payment agreements with Blue Cross and other commercial insurance carriers. The basis for reimbursement under these agreements includes discounts from established charges and prospectively determined rates. As of August 1, 2014, the Hospital Blue Cross contract moved to APR-DRG for inpatient acute care services. As of January 1, 2024, the Hospital Blue Cross contract moved to a fee schedule for outpatient services.

Laws and regulations governing Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. Changes in estimated settlement amounts resulted in net patient revenue decreasing by approximately \$43,000 for the year ended December 31, 2025.

A summary of patient and resident revenues and contractual adjustments is as follows:

	2025
Total Patient and Resident Revenues	\$ 380,895,418
Contractual Adjustments	
Medicare	(68,372,896)
Medicaid	(4,338,279)
Commercial / HMO's	(149,084,635)
Provision of bad debts	(3,768,821)
Other	(19,275,548)
Total Contractual Adjustments	(244,840,179)
Net Patient and Resident Revenues	\$ 136,055,239

Note 9: Adjustments to and Restatement of Beginning Balances

Change within Major and Nonmajor Fund Reporting

During fiscal year 2025, the 2019 Capital Project fund, 2024 Capital Project fund, and 5th Street Redevelopment fund were determined to be nonmajor. The 2025 Capital Project Fund and Ice Arena Construction fund were determined to be major. The effects of the changes within the financial reporting entity are shown in the financial statements above.

Note 9: Adjustments to and Restatement of Beginning Balances (Continued)

Change in Classification of Component Unit

During fiscal year 2025, the Economic Development Authority issued the 2025 Lease Revenue Bonds which will be paid back through lease revenue through the City of Northfield. This resulted in economic dependence from the City which resulted in the reclassification to a blended component unit.

Error Correction

During the current fiscal year, the City identified an error in the timing of MSA revenue recognition in prior periods. To correct this error, beginning fund balance has been restated as follows:

- Fund 420: An adjustment of \$2,014,383 was recorded to recognize MSA revenue that should have been reported in the prior fiscal year.
- Fund 425: An adjustment of \$265,932 was recorded to recognize MSA revenue that should have been recorded in the appropriate fiscal period going forward.

The adjustments correct the timing of revenue recognition only and do not impact current-year financial activity or cash flows.

Note 10: Other Information

A. Risk Management

The City is exposed to various risks of loss related to torts; theft of damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the City carries insurance. The City obtains insurance through participation in the League of Minnesota Cities Insurance Trust (LMCIT) which is a risk-sharing pool with approximately 800 other governmental units. The City pays an annual premium to LMCIT for its workers' compensation and property and casualty insurance. The LMCIT is self-sustaining through member premiums and will reinsure for claims above a prescribed dollar amount for each insurance event. Settled claims have not exceeded the City's coverage in any of the past three fiscal years.

Liabilities are reported when it is probable that a loss has occurred, and the amount of the loss can be reasonably estimated. Liabilities, if any, include an amount for claims that have been incurred but not reported (IBNRs). The City's management is not aware of any incurred but not reported claims.

B. Contingent Liabilities

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

C. Federal and State Funds

The City receives financial assistance from federal and state governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with the terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the applicable fund. However, in the opinion of management, any such disallowed claims will not have a material effect on any of the financial statements of the individual fund types included herein or on the overall financial position of the City at December 31, 2025.

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 10: Other Information (Continued)

D. Tax Increment Districts

The City's tax increment districts are subject to review by the State of Minnesota Office of the State Auditor (OSA). Any disallowed claims or misuse of tax increments could become a liability of the applicable fund. Management has indicated that they are not aware of any instances of noncompliance which would have a material effect on the financial statements.

E. Legal Debt Margin

In accordance with Minnesota Statutes, the City may not incur or be subject to net debt in excess of three percent of the market value of taxable property within the City. Net debt is payable solely from ad valorem taxes and therefore excludes debt financed partially or entirely by special assessments, enterprise fund revenues or tax increments. As of December 31, 2025, the City is under the legal debt margin.

F. Concentrations

The City receives a significant amount of its annual General fund revenues from the State of Minnesota from the Local Government Aid (LGA) program. The amount received in 2025 was \$3,870,140 for LGA. This accounted for 19.2 percent of General fund revenues.

G. Joint Powers Agreement

The cities of Northfield and Dundas, Minnesota and the townships of Bridgewater, Northfield, Webster, Forest, Waterford, Sciota and Greenvale, Minnesota (Rural Fire) formed the Northfield Area Fire and Rescue Service, Northfield, Minnesota (NAFRS), established under Minnesota Statutes, section 471.59 on April 1, 2014, to provide fire protection, suppression, prevention, technical rescue and non-transport emergency medical services to these communities. The Board consists of eight voting Board members which consists of five board members appointed by the Northfield City Council, two Board members appointed by Rural Fire and one Board member appointed by the Dundas City Council. There are also 5 ex-officio (nonvoting) Board members. The Board exercises legislative authority and determines all matters of policy. The Board appoints personnel responsible for the proper administration of all affairs relating to the Organization's activities.

Funding is provided by the communities at a ratio of 72.9 percent for Northfield, 6.0 percent for Dundas and 21.1 percent for Rural Fire. The percentages will be updated every two years.

The net position of NAFRS as of December 31, 2025 was \$7,079,860. The City's portion of this is recorded as an investment in joint venture in the amount of \$5,167,590 at year end.

H. Tax Abatements

As of December 31, 2025, the City has three agreements entered into by the City listed below that abate City property taxes. Below is information specific to the agreement:

The City entered into a tax increment financing agreement (Jefferson Square TIF) on December 18, 2009, with a developer in which the developer incurred costs to rehab a 50-unit rental housing project. In return, the City will reimburse the developer for some costs as the City collects future tax increment for the increased property value and tax capacity related to the housing development. The pay-as-you-go agreement has a maximum return to the developer of \$505,551 over the life of the agreement. The agreement was negotiated under state law (Minnesota Statute 469.174-469.1799) and has a maximum duration of December 31, 2037. The calculation of taxes abated during the fiscal year is noted in the chart below.

City of Northfield, Minnesota
Notes to the Financial Statements
December 31, 2025

Note 10: Other Information (Continued)

The City entered into a tax increment financing agreement (Spring Creek TIF) on November 20, 2009, with a developer in which the developer incurred costs to facilitate construction of a 28-unit affordable rental housing development. In return, the City will reimburse the developer for some costs as the City collects future tax increment for the increased property value and tax capacity related to the housing development. The pay-as-you-go agreement has a maximum return to the developer of \$1,201,203 over the life of the agreement. The agreement was negotiated under state law (Minnesota Statute 469.174-469.1799) and has a maximum duration of December 31, 2040. The calculation of taxes abated during the fiscal year is noted in the chart below.

The City entered into a tax increment financing agreement (Aurora Pharmaceutical TIF) on September 7, 2018, with a developer in which the developer incurred costs to facilitate construction of an expansion to a facility within the “Master Development District”. The pay-as-you-go TIF note was issued by the City to reimburse \$169,939 of the developer’s expenses to expand the facility. As the City collects future tax increment for the increased property value and tax capacity related to the development, these dollars will be used to pay the Note. The tax increment payments are only obligated through February 1, 2029. The calculation of taxes abated during the fiscal year is noted in the chart below.

The City entered into a tax increment financing agreement (5th and Washington) in October 2019, with a developer in which the developer incurred costs to facilitate construction of a multifamily rental housing facility within the “Master Development District”. The pay-as-you-go agreement has a maximum return to the developer of \$1,800,000 over the life of the agreement. The agreement was negotiated under state law (Minnesota Statute 469.174-469.1799) and has a maximum duration of February 1, 2048. The calculation of taxes abated during the fiscal year is noted in the chart below.

Lost revenue as it relates to tax abatements for the year ended December 31, 2025, was as follows:

	City Tax Rate (Year of Establishment)	Captured Tax Capacity	Amount of Taxes Abated in the Fiscal Year
Tax Increment Districts (PAYGO)			
Jefferson Square TIF	38.405%	\$ 8,675	\$ 3,332
Spring Creek TIF	50.947%	17,414	8,872
5th and Washington	58.161%	139,786	81,301
Aurora Pharamaceutical	59.867%	642	384
Spring Creek Project	56.610%	14,927	8,450
Kraewood Project	59.867%	104,638	62,644
 Total			 <u>\$ 164,983</u>

Note 11: Subsequent Events

Subsequent to year-end, the Hospital entered into an agreement to acquire the Allina Clinic in Northfield, Minnesota in the amount of \$5,560,724. The acquisition was not completed as of the date of issuance, and its potential impact has not been reflected in the financial statements. The Hospital will issue a Taxable Hospital Subordinate Revenue Note, Series 2026C in the amount of \$3,560,724 to fund this purchase. The remaining \$2,000,000 will be paid in cash by the Hospital.

On February 10, 2026 the City issued General Obligation Water Revenue Bonds, Series 2026A in the amount of \$12,335,000 to finance various utility improvements, including extending water lines to the future water treatment plant and installing infrastructure and improvements serving interim areas.

For the Year Ended December 31, 2025

Notes to the Required Supplementary Information - General Employee Retirement Fund

Changes in Actuarial Assumptions

2025 - The combined service annuity loading factors increased from 15% to 19% for vested, terminated members and from 3% to 44% for non-vested, terminated members. The assumed post-retirement benefit increase changed from 1.25% to 1.5%.

2024 - The following changes in assumptions are effective with the July 1, 2024 valuation, as recommended in the most recent experience study (dated June 29, 2023): Rates of merit and seniority were adjusted, resulting in slightly higher rates. Assumed rates of retirement were adjusted as follows: increase the rate of assumed unreduced retirements, slight adjustments to Rule of 90 retirement rates, and slight adjustments to early retirement rates for Tier 1 and Tier 2 members. Minor increase in assumed withdrawals for males and females. Lower rates of disability. Continued use of Pub-2010 general mortality table with slight rate adjustments as recommended in the most recent experience study. Minor changes to form of payment assumptions for male and female retirees. Minor changes to assumptions made with respect to missing participant data.

2023 - The investment return assumption and single discount rate were changed from 6.5 percent to 7.0 percent.

2022 - The mortality improvement scale was changed from Scale MP-2020 to Scale MP 2021.

2021 - The investment return and single discount rates were changed from 7.50 percent to 6.50 percent for financial reporting purposes. The mortality improvement scale was changed from Scale MP-2019 to Scale MP-2020.

2020 - The price inflation assumption was decreased from 2.50% to 2.25%. The payroll growth assumption was decreased from 3.25% to 3.00%. Assumed salary increase rates were changed as recommended in the June 30, 2019 experience study. The net effect is assumed rates that average 0.25% less than previous rates. Assumed rates of retirement were changed as recommended in the June 30, 2019 experience study. The changes result in more unreduced (normal) retirements and slightly fewer Rule of 90 and early retirements. Assumed rates of termination were changed as recommended in the June 30, 2019 experience study. The new rates are based on service and are generally lower than the previous rates for years 2-5 and slightly higher thereafter. Assumed rates of disability were changed as recommended in the June 30, 2019 experience study. The change results in fewer predicted disability retirements for males and females. The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 General Mortality table, with adjustments. The base mortality table for disabled annuitants was changed from the RP-2014 disabled annuitant mortality table to the PUB-2010 General/Teacher disabled annuitant mortality table, with adjustments. The mortality improvement scale was changed from Scale MP-2018 to Scale MP-2019. The assumed spouse age difference was changed from two years older for females to one year older. The assumed number of married male new retirees electing the 100% Joint & Survivor option changed from 35% to 45%. The assumed number of married female new retirees electing the 100% Joint & Survivor option changed from 15% to 30%. The corresponding number of married new retirees electing the Life annuity option was adjusted accordingly.

2019 - The mortality projection scale was changed from MP-2017 to MP-2018.

2018 - The mortality projection scale was changed from MP-2015 to MP-2017. The assumed benefit increase was changed from 1.00 percent per year through 2044 and 2.50 percent per year thereafter to 1.25 percent per year.

2017 - The Combined Service Annuity (CSA) loads were changed from 0.8 percent for active members and 60 percent for vested and non-vested deferred members. The revised CSA loads are now 0.0 percent for active member liability, 15.0 percent for vested deferred member liability and 3.0 percent for non-vested deferred member liability. The assumed post-retirement benefit increase rate was changed from 1.0 percent per year for all years to 1.0 percent per year through 2044 and 2.5 percent per year thereafter.

City of Northfield, Minnesota
Required Supplementary Information (Continued)
For the Year Ended December 31, 2025

Notes to the Required Supplementary Information - General Employee Retirement Fund (Continued)

2016 - The assumed post-retirement benefit increase rate was changed from 1.0 percent per year through 2035 and 2.5 percent per year thereafter to 1.0 percent per year for all future years. The assumed investment return was changed from 7.9 percent to 7.5 percent. The single discount rate was changed from 7.9 percent to 7.5 percent. Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth and inflation were decreased by 0.25 percent to 3.25 percent for payroll growth and 2.50 percent for inflation.

Changes in Plan Provisions

2025 - The post-retirement benefit increase formula changed to 100% of the Social Security annual increase, between 1% and 1.75%, beginning January 1, 2026. If the funded ratio (on a market value of assets basis) is less than 85% for the last two consecutive annual valuations or is less than 80% in the most recent actuarial valuation, the maximum is reduced to 1.5%. Previously, the benefit increase was 50% of the Social Security annual increase, between 1% and 1.5%. The 1% additional employer contribution is eliminated when the plan reaches 98% funded status (on an actuarial value of assets basis); this contribution was previously scheduled to stop when the plan reached 100% funded status.

2024 - The workers' compensation offset for disability benefits was eliminated. The actuarial equivalent factors updated to reflect the changes in assumptions.

2023 - An additional one-time direct state aid contribution of \$170.1 million will be contributed to the Plan on October 1, 2023. The vesting period of those hired after June 30, 2010, was changed from five years of allowable service to three years of allowable service. The benefit increase delay for early retirements on or after January 1, 2024, was eliminated. A one-time, non-compounding benefit increase of 2.5 percent minus the actual 2024 adjustment will be payable in a lump sum for calendar year 2024 by March 31, 2024.

2022 - There were no changes in plan provisions since the previous valuation.

2021 - There were no changes in plan provisions since the previous valuation.

2020 - Augmentation for current privatized members was reduced to 2.0% for the period July 1, 2020 through December 31, 2023 and 0.0% after. Augmentation was eliminated for privatizations occurring after June 30, 2020.

2019 - The employer supplemental contribution was changed prospectively, decreasing from \$31.0 million to \$21.0 million per year. The state's special funding contribution was changed prospectively, requiring \$16.0 million due per year through 2031.

2018 - The augmentation adjustment in early retirement factors is eliminated over a five-year period starting July 1, 2019, resulting in actuarial equivalence after June 30, 2024. Interest credited on member contributions decreased from 4.00 percent to 3.00 percent, beginning July 1, 2018. Deferred augmentation was changed to 0.00 percent, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply. Contribution stabilizer provisions were repealed. Postretirement benefit increases were changed from 1.00 percent per year with a provision to increase to 2.50 percent upon attainment of 90.00 percent funding ratio to 50.00 percent of the Social Security Cost of Living Adjustment, not less than 1.00 percent and not more than 1.50 percent, beginning January 1, 2019. For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches normal retirement age; does not apply to Rule of 90 retirees, disability benefit recipients, or survivors. Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

2017 - The State's contribution for the Minneapolis Employees Retirement Fund equals \$16,000,000 in 2017 and 2018, and \$6,000,000 thereafter. The Employer Supplemental Contribution for the Minneapolis Employees Retirement Fund changed from \$21,000,000 to \$31,000,000 in calendar years 2019 to 2031. The state's contribution changed from \$16,000,000 to \$6,000,000 in calendar years 2019 to 2031.

2016 - There were no changes in plan provisions since the previous valuation.

Required Supplementary Information (Continued)
For the Year Ended December 31, 2025

Notes to the Required Supplementary Information - Police and Fire Fund

Changes in Actuarial Assumptions

2025 - Assumed rates of salary increases were reduced slightly. Assumed rates of retirement were adjusted, resulting in an overall increase in unreduced (full) retirements and an overall increase in reduced (early) retirements. Assumed rates of withdrawal were modified; the new rates will increase predicted terminations, especially in the first few years of employment. Assumed rates of disabled retirement were significantly increased, especially for ages over age 30. Continued use of Pub-2010 Public Safety Mortality Table with rates adjusted to better fit observed experience. Percent married assumption for female retirees lowered from 70% to 65%. Minor changes were made to form of payment assumptions for retirees. Minor changes were made to assumptions made with respect to missing participant data. The combined service annuity load changed from 33% to 13% for vested, terminated members and from 2% to 38% for non-vested, terminated members.

2024 - The following changes in assumptions are effective with the July 1, 2024 valuation, as recommended in the most recent experience study (dated June 29, 2023): Rates of merit and seniority were adjusted, resulting in slightly higher rates. Assumed rates of retirement were adjusted as follows: increase the rate of assumed unreduced retirements, slight adjustments to Rule of 90 retirement rates, and slight adjustments to early retirement rates for Tier 1 and Tier 2 members. Minor increase in assumed withdrawals for males and females. Lower rates of disability. Continued use of Pub-2010 general mortality table with slight rate adjustments as recommended in the most recent experience study. Minor changes to form of payment assumptions for male and female retirees. Minor changes to assumptions made with respect to missing participant data.

2023 - The investment return assumption was changed from 6.5 percent to 7.0 percent. The single discount rate changed from 5.4 percent to 7.0 percent.

2022 - The mortality improvement scale was changed from Scale MP-2020 to Scale MP-2021. The single discount rate changed from 6.50 to 5.40 percent.

2021 - The investment return and single discount rates were changed from 7.50 percent to 6.50 percent, for financial reporting purposes. The inflation assumption was changed from 2.50 percent to 2.25 percent. The payroll growth assumption was changed from 3.25 percent to 3.00 percent. The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 Public Safety Mortality table. The mortality improvement scale was changed from MP-2019 to MN-2020. The base mortality table for disabled annuitants was changed from the RP-2014 healthy annuitant mortality table (with future mortality improvement according to Scale MP-2019) to the Pub-2010 Public Safety disabled annuitant mortality table (with future mortality improvement according to Scale MP-2020). Assumed rates of salary increase were modified as recommended in the July 14, 2020 experience study. The overall impact is a decrease in gross salary increase rates. Assumed rates of retirement were changed as recommended in the July 14, 2020 experience study. The changes result in slightly more unreduced retirements and fewer assumed early retirements. Assumed rates of withdrawal were changed from select and ultimate rates to service-based rates. The changes result in more assumed terminations. Assumed rates of disability increased for ages 25-44 and decreased for ages over 49. Overall, proposed rates result in more projected disabilities. Assumed percent married for active female members was changed from 60 percent to 70 percent. Minor changes to the form of payment assumptions were applied.

2020 - The mortality projection scale was changed from MP-2018 to MP-2019.

2019 - The mortality projection scale was changed from MP-2017 to MP-2018.

2018 - The mortality projection scale was changed from MP-2016 to MP-2017.

City of Northfield, Minnesota
Required Supplementary Information (Continued)
For the Year Ended December 31, 2025

Notes to the Required Supplementary Information - Police and Fire Fund (Continued)

2017 - Assumed salary increases were changed as recommended in the June 30, 2016, experience study. The net effect is proposed rates that average 0.34 percent lower than the previous rates. Assumed rates of retirement were changed, resulting in fewer retirements. The Combined Service Annuity (CSA) load was 30 percent for vested and non-vested deferred members. The CSA has been changed to 33 percent for vested members and 2 percent for non-vested members. The base mortality table for healthy annuitants was changed from the RP-2000 fully generational table to the RP-2014 fully generational table (with a base year of 2006), with male rates adjusted by a factor of 0.96. The mortality improvement scale was changed from Scale AA to Scale MP-2016. The base mortality table for disabled annuitants was changed from the RP-2000 disabled mortality table to the mortality tables assumed for healthy retirees. Assumed termination rates were decreased to 3.0 percent for the first three years of service. Rates beyond the select period of three years were adjusted, resulting in more expected terminations overall. Assumed percentage of married female members was decreased from 65 percent to 60 percent. Assumed age difference was changed from separate assumptions for male members (wives assumed to be three years younger) and female members (husbands assumed to be four years older) to the assumption that males are two years older than females. The assumed percentage of female members electing joint and survivor annuities was increased. The assumed post-retirement benefit increase rate was changed from 1.00 percent for all years to 1.00 percent per year through 2064 and 2.50 percent thereafter. The single discount rate was changed from 5.6 percent to 7.5 percent.

2016 - The assumed post-retirement benefit increase rate was changed from 1.0 percent per year through 2037 and 2.5 percent per year thereafter to 1.0 percent per year for all future years. The assumed investment return was changed from 7.9 percent to 7.5 percent. The single discount rate was changed from 7.9 percent to 5.6 percent. The assumed future salary increases, payroll growth and inflation were decreased by 0.25 percent to 3.25 percent for payroll growth and 2.50 percent for inflation.

Changes in Plan Provisions

2025 - The period of time needed for benefit recipients to receive their first benefit increase was reduced by one year (from 36 months to 24 months for a full increase). The January 1, 2026 benefit increase changed from 1% to 3%; subsequent January 1 increases will be 1%.

The threshold to end the \$9 million annual state aid contribution changed from the earlier of July 1, 2048 or 90% funded for both PERA Police & Fire and MSRS State Patrol for three consecutive years to 100% funded for both PERA Police & Fire and MSRS State Patrol for three consecutive years (on an actuarial value of assets basis). The threshold to end the additional \$9 million annual state aid contribution changed from the earlier of July 1, 20248 or 100% funded for a minimum of three consecutive years to 110% funded for a minimum of three consecutive years (on an actuarial value of assets basis). An additional \$17.7 million in direct state aid will be paid annually each October 1 beginning October 1, 2025 through June 30, 2048. Joint and survivor actuarial equivalent factors were updated to reflect changes in assumptions.

2024 - The State contribution of \$9.0 million per year will continue until the earlier of 1) both the Police and Fire Plan and the State Patrol Retirement Fund attain 90.0 percent funded status for three consecutive years (on an actuarial value of assets basis) or 2) July 1, 2048. The contribution was previously due to expire after attaining a 90.0 percent funded status for one year. The additional \$9.0 million contribution will continue until the Police and Fire Plan is fully funded for a minimum of three consecutive years on an actuarial value of assets basis, or July 1, 2048, whichever is earlier. This contribution was previously due to expire upon attainment of fully funded status on an actuarial value of assets basis for one year (or July 1, 2048 if earlier).

2023 - An additional one-time direct state aid contribution of \$19.4 million will be contributed to the Plan on October 1, 2023. The vesting requirement for new hires after June 30, 2014 was changed from a graded 20-year vesting schedule to a graded 10-year vesting schedule, with 50 percent vesting after five years increasing incrementally to 100 percent after 10 years. A one-time, non-compounding benefit increase of 3.0 percent will be payable in a lump sum for calendar year 2024 by March 31, 2024. Psychological treatment is required effective July 1, 2023 prior to approval for a duty disability benefit for a psychological condition relating to the member's occupation. The total and permanent duty disability benefit was increased, effective July 1, 2023.

City of Northfield, Minnesota
Required Supplementary Information (Continued)
For the Year Ended December 31, 2025

Notes to the Required Supplementary Information - Police and Fire Fund (Continued)

2022 - There were no changes in plan provisions since the previous valuation.

2021 - There were no changes in plan provisions since the previous valuation.

2020 - There were no changes in plan provisions since the previous valuation.

2019 - There were no changes in plan provisions since the previous valuation.

2018 - As set by Statute, the assumed post-retirement benefit increase was changed from 1.0 percent per year through 2064 and 2.5 percent per year, thereafter, to 1.0 percent for all years, with no trigger. An end date of July 1, 2048, was added to the existing \$9.0 million state contribution. New annual state aid will equal \$4.5 million in fiscal years 2019 and 2020, and \$9.0 million thereafter until the plan reaches 100 percent funding, or July 1, 2048, if earlier. Member contributions were changed from 10.80 percent to 11.30 percent of pay, effective January 1, 2019, and 11.80 percent of pay, effective January 1, 2020. Employer contributions were changed from 16.20 percent to 16.95 percent of pay, effective January 1, 2019, and 17.70 percent of pay, effective January 1, 2020. Interest credited on member contributions decreased from 4.00 percent to 3.00 percent, beginning July 1, 2018. Deferred augmentation was changed to 0.00 percent, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply. Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

2017 - Assumed salary increases were changed as recommended in the June 30, 2016, experience study. The net effect is proposed rates that average 0.34 percent lower than the previous rates. Assumed rates of retirement were changed, resulting in fewer retirements. The combined service annuity (CSA) load was 30.00 percent for vested and non-vested, deferred members. The CSA has been changed to 33.00 percent for vested members and 2.00 percent for non-vested members. The base mortality table for healthy annuitants was changed from the RP-2000 fully generational table to the RP-2014 fully generational table (with a base year of 2006), with male rates adjusted by a factor of 0.96. The mortality improvement scale was changed from Scale AA to Scale MP-2016. The base mortality table for disabled annuitants was changed from the RP-2000 disabled mortality table to the mortality tables assumed for healthy retirees. Assumed termination rates were decreased to 3.00 percent for the first three years of service. Rates beyond the select period of three years were adjusted, resulting in more expected terminations overall. Assumed percentage of married female members was decreased from 65.00 percent to 60.00 percent. Assumed age difference was changed from separate assumptions for male members (wives assumed to be three years younger) and female members (husbands assumed to be four years older) to the assumption that males are two years older than females. The assumed percentage of female members electing joint and survivor annuities was increased. The assumed postretirement benefit increase rate was changed from 1.00 percent for all years to 1.00 percent per year through 2064 and 2.50 percent thereafter. The single discount rate was changed from 5.60 percent per annum to 7.50 percent per annum.

2016 - There were no changes in plan provisions since the previous valuation.

For the Year Ended December 31, 2025

Notes to the Required Supplementary Information - Total OPEB Liability and Related Ratios (Continued)

Changes in Actuarial Assumptions

2025 – The discount rate changed from 3.70% to 4.20%. The health care trend rates were updated. The retirement, withdrawal, and salary increase rates for non-police were updated to reflect the latest experience study.

2024 – The discount rate was changed from 4.00% to 3.70%.

2023 - The health care trend rates were changed to better anticipate short-term and long-term medical increases. The mortality tables were updated from the Pub-2010 Public Retirement Plans Headcount-Weighted Mortality Tables (General, Safety) with MP-2020 Generational Improvement Scale to the Pub-2010 Public Retirement Plans Headcount-Weighted Mortality Tables (General, Safety) with MP-2021 Generational Improvement Scale. The inflation rate was changed from 2.00% to 2.50%. The discount rate was changed from 2.00% to 4.00%. The retirement, withdrawal, and salary increase rates for public safety were updated to reflect the latest experience study.

2022 - No changes noted.

2021 - The health care trend rates were changed to better anticipate short-term and long-term medical increases. The mortality tables were updated from the RP-2014 Mortality Tables (Blue Collar for Public Safety, White Collar for Others) with MP - 2018 Generational Improvement Scale to the Pub-2010 Public Retirement Plans Headcount-Weighted Mortality Tables (General, Safety) with MP-2020 Generational Improvement Scale. The retirement and withdrawal rates for non-public safety employees were updated. The salary increase rates were changed from a flat 3.00% per year for all employees to rates which vary by service and employee classification. The inflation rate changed from 2.50% to 2.00%. The discount rate was changed from 2.90% to 2.00%. These changes increased the liability \$54,482.

2020 - The discount rate was changed from 3.80% to 2.90%.

2019 - The healthcare trend rates were changed to better anticipate short-term and long-term medical increases. The mortality tables were updated from the RP-2014 White Collar Mortality Tables with MP-2016 Generational Improvement Scale (with Blue Collar adjustment for Police and Fire Personnel) to the RP-2014 White Collar Mortality Tables with MP-2018 Generational Improvement Scale (with Blue Collar adjustment for Police and Fire Personnel). The retirement and withdrawal tables for Police and Fire Personnel were updated. The discount rate was changed from 3.30% to 3.80%.

2018 - The discount rate was changed from 3.50% to 3.30%.

Required Supplementary Information (Continued)
For the Year Ended December 31, 2025

Notes to the Required Supplementary Information - Budgetary Reporting

A. Budgetary Comparison Schedule

The budgetary comparison schedule presents the comparison of the original and legally amended budget with actual amounts on a departmental level for the General and Special Revenue funds. The departmental level budgets are adopted on a basis consistent with generally accepted accounting principles. The fund balance reports revenue in the period in which they become measurable and available.

B. Summary of Significant Budget Variances

The General fund revenues and expenditures varied significantly from final budget amounts as noted below:

Revenues

- Intergovernmental revenues were over budget due to receiving FEMA and EAB Shade Tree grants that were unbudgeted in 2025.

Expenditures

- General Government expenses varied significantly from budget due to budgeting for land development/zoning code that did not occur and will be moved into 2026.

C. Budgetary Compliance

There were no budgetary compliance violations for the fiscal year ending December 31, 2025.

NONMAJOR SPECIAL REVENUE FUNDS

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

Community Resource Center - accounts for financial activity associated with the operations of the City's Community Resource Center.

Motor Vehicle - accounts for the issuance of licenses for motor vehicles, drivers and recreational vehicles.

Communication - accounts for the use of franchise fees.

Library Gift - accounts for donations received specifically for library purposes.

G.W. Bunday - accounts for bequests restricted for library purposes.

Scriver Memorial - accounts for the investment income to purchase library books and materials.

L.J. Gustafson - accounts for bequests restricted for library purposes.

Myrtle Houston Trust - established with a bequest from the Myrtle Houston Revocable Trust. The funds are designated for children's programs at the library.

C.C Cloherty Endowed Book - the funds are designated for programs at the library.

Arts and Culture - accounts for community grants related to the fine arts.

Community Development Block Grant - accounts for the use of CDBG funds.

TZD Enforcement - accounts for the federal grant dollars used to develop areas for improving traffic safety initiatives.

Jefferson Square TIF - accounts for the financial activity associated with the TIF District.

Master Development TIF - accounts for the financial activity of TIF District No. 4.

Utility Franchise Fee - accounts for the financial activity related to the utility franchise fee.

Carbon Reduction - accounts for the financial activity related to the Carbon reduction.

Economic Development Authority - accounts for the financial activity related to the blended component unit of the Economic Development Authority.

Spring Creek TIF - accounts for the activity associated with the TIF District.

Aurora TIF - accounts for the activity associated with the TIF District.

Washington TIF - accounts for the activity associated with the TIF District.

Maple Brook TIF - accounts for the activity associated with the TIF District.

Spring Creek II TIF - accounts for the activity associated with the TIF District.

Kraewood TIF - accounts for the activity associated with the TIF District.

Archer TIF - accounts for the activity associated with the TIF District.

Heritage Lofts Housing - accounts for the activity associated with the TIF District.

NONMAJOR CAPITAL PROJECT FUNDS

The Capital Project Funds account for financial resources to be used for acquisition or construction of major capital facilities (other than those financed by Proprietary Funds).

2019 Capital Project - accounts for projects financed by the 2019A bond issue.

2022 Capital Project - accounts for projects financed by the 2022A bond issue.

2023 Capital Project - accounts for projects financed by the 2023 bond issue.

2024 Capital Project - accounts for projects financed by the 2024 bond issue.

2026 Capital Project - accounts for projects to be financed by a future 2026 bond issue.

Park - accounts for park dedication fees and other contributions for park purposes.

City Facilities - accounts for the accumulation of resources for city facility purposes.

Equipment and Vehicle Replacement - accounts for the accumulation of resources to be used for City vehicle and equipment replacement purposes.

Hauberg Park - accounts for donations received for future park improvements.

Mill Town Trail - accounts for the funding and project costs for the trail project.

5th Street Redevelopment - accounts for the funding and project costs for the 5th Street Redevelopment.

Capital Reserve - accounts for monies set aside to help finance future City facilities and other capital improvements.

INTERNAL SERVICE FUNDS

Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other government units, on a cost reimbursement basis.

Information Technology Fund - accounts for the accumulation and allocations of costs associated with technology.

Insurance Fund - accounts for the accumulation and allocation of costs associated with property and liability insurance.

STATISTICAL SECTION (UNAUDITED)

CITY OF NORTHFIELD
NORTHFIELD, MINNESOTA

FOR THE YEAR ENDED
DECEMBER 31, 2025

THIS PAGE IS LEFT
BLANK INTENTIONALLY

STATISTICAL SECTION (UNAUDITED)

This part of the City of Northfield's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.

City of Northfield, Minnesota
 Computation of Direct and Overlapping Debt
 December 31, 2025

Table 12

Governmental Unit	Debt Outstanding	Estimated Percentage Applicable	Estimated Share of Overlapping Debt
Debt Repaid With Property Taxes			
School District			
ISD No. 659	\$ 78,955,000	54.92 %	\$ 43,362,086
Rice County	56,035,000	19.60	10,982,860
Subtotal - Overlapping Debt			54,344,946
City Direct Debt			62,549,728
Total Direct and Overlapping Debt			\$ 116,894,674

Sources: Assessed value data used to estimate applicable percentages provided by the County Board of Equalization and Assessment. Debt outstanding data provided by the County.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Northfield. This process recognized that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt of each overlapping government.

**INDEPENDENT AUDITOR'S REPORT ON
MINNESOTA LEGAL COMPLIANCE**

Honorable Mayor and City Council
City of Northfield, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City of Northfield, Minnesota (the City) as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated May 26, 2026. Our report includes a reference to other auditors who audited the financial statements of the Northfield Municipal Hospital as described in our report on the City financial statements. This report does not include the results of the other auditors' testing of compliance that are reported on separately by those auditors.

In connection with our audit, nothing came to our attention that caused us to believe that the City failed to comply with the provisions of the contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing sections of the *Minnesota Legal Compliance Audit Guide for Cities*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the City's noncompliance with the above referenced provisions, insofar as they relate to accounting matters.

This report is intended solely for the information and use of those charged with governance and management of the City and the State Auditor and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and City Council
City of Northfield, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Northfield, Minnesota (the City), as of and for the year ended December 31, 2025, which collectively comprise the City's basic financial statements and have issued our report thereon dated May 26, 2026. We did not audit the financial statements of the Northfield Municipal Hospital discretely presented component unit. Those financial statements were audited by other auditors, whose report dated April 24, 2026, expressed an unmodified opinion on those statements.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and responses, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and responses as item 2025-002 to be a material weakness.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and responses as item 2025-001 to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The City's Responses to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the City's responses to the findings identified in our audit and described in the accompanying schedule of findings and responses. The City's responses was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

City of Northfield, Minnesota
Schedule of Findings and Responses
For the Year Ended December 31, 2025

<u>Finding</u>	<u>Description</u>
2025-001	Preparation of Financial Statements
<i>Condition:</i>	As in prior years, we were requested to draft the audited financial statements and related footnote disclosures as part of our regular audit services. Recent auditing standards require auditors to communicate this situation to the Council as an internal control deficiency. Ultimately, it is management's responsibility to provide for the preparation of your statements and footnotes, and the responsibility of the auditor to determine the fairness of presentation of those statements. However, based on recent auditing standards, it is our responsibility to inform you that this deficiency could result in a material misstatement of the financial statements that could have been prevented or detected by your management. Essentially, the auditors cannot be part of your internal control process.
<i>Criteria:</i>	Internal controls should be in place to ensure adequate internal control over safeguarding of assets and the reliability of financial records and reporting.
<i>Cause:</i>	From a practical standpoint, we prepare the statements and determine the fairness of the presentation at the same time in connection with our audit. This is not unusual for us to do with organizations of your size.
<i>Effect:</i>	The effectiveness of the internal control system relies on enforcement by management. The effect of deficiencies in internal controls can result in undetected errors. As in prior years, we have instructed management to review a draft of the auditor prepared financials in detail for accuracy; we have answered any questions that management might have and have encouraged research of any accounting guidance in connection with the adequacy and appropriateness of classification of disclosures in your statements. We are satisfied that the appropriate steps have been taken to provide you with the completed financial statements.
<i>Recommendation:</i>	Under these circumstances, the most effective controls lie in management's knowledge of the City's financial operations. It is the responsibility of management and those charged with governance to make the decision whether to accept the degree of risk associated with this condition because of cost and other considerations. Regarding the specific situation listed above, we would offer the following specific recommendation: 1) Utilize a disclosure checklist to ensure all required disclosures are present and agree to work papers, and 2) Agree your accounting software financial information to the amount reported in the financial statements.
<i>Management Response:</i>	
	For now, the City's management accepts the degree of risk associated with this condition and thoroughly reviews a draft of the financial statements.

City of Northfield, Minnesota
Schedule of Findings and Responses (Continued)
For the Year Ended December 31, 2025

<u>Finding</u>	<u>Description</u>
2025-002	Material Audit Adjustments
<i>Condition:</i>	During the audit, it was identified that Municipal State Aid (MSA) in a prior year was not recorded in the correct accounting period due to the advance draw of the MSA funds. As a result, MSA revenue was materially misstated in the current year financial statements, requiring a material audit adjustment to properly recognize the revenue in the prior period. There were also capital costs that needed to be recorded in the appropriate funds which resulted in material audit adjustments between project funds.
<i>Criteria:</i>	Government-Wide Financial Statements should recognize MSA revenue when it is earned and allotted to the City in accordance with generally accepted accounting principles (GAAP). Fund Financial Statements should recognize MSA revenue when it is both earned, allotted, and available, with amounts not meeting availability requirements reported as unavailable revenue. Also the capital costs needed to be allocated between appropriate funding sources which resulted in material audit adjustments.
<i>Cause:</i>	The misstatement occurred due to improper treatment of unavailable MSA revenue balances in the prior year. Unavailable revenue was incorrectly offset or carried forward rather than being appropriately recognized in the period in which the revenue was earned and allocated, resulting in revenue being recorded in an incorrect fiscal year. The project costs are tracked on an annual basis and have various funding sources that are reconciled at the end of the project which resulted in some transfers and costs being classified in the wrong funds.
<i>Effect:</i>	Because MSA revenue was not recorded in the proper period, Government-Wide and Fund Financial Statement revenues were materially misstated prior to adjustment. A material audit adjustment was required to correct the timing of revenue recognition and to fairly present the City's financial position and results of operations along with project funding for various capital project funds.
<i>Recommendation:</i>	We recommend the City enhance its year-end review procedures over MSA revenue and project funding sources for capital project funds.
<i>Management Response:</i>	
	The City will enhance its year-end review procedures over MSA revenue using the SAAS report from Minnesota Department of transportation and project cost tracking worksheet that will track the various funding sources.
