

# Climate Action Plan Survey at NHS

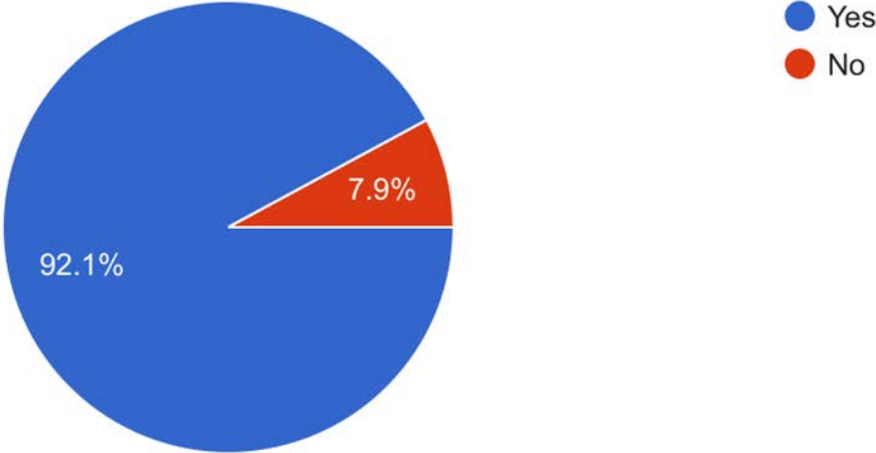

---

Presented by Mayor's Youth Council and Climate Action Plan Advisory  
Board members

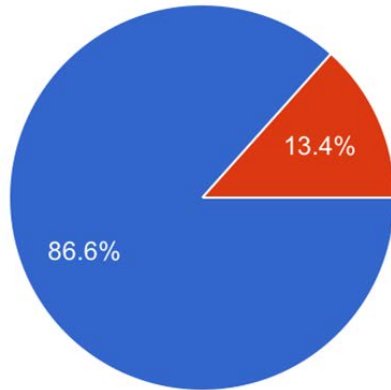

# Results:

Do you believe it is important for the City of Northfield to adopt a comprehensive Climate Action Plan?

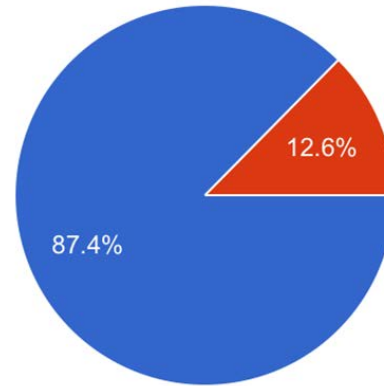

# Results:

The proposed plan calls for the city to be 100% CARBON FREE by 2040. Do you support this goal?

The proposed plan calls for the city to be 100% carbon-free in its ELECTRICAL use by 2030. Do you support this goal?

# Sample of comments:

Thank you for considering the future.

Keep up the good work!

Please research all options.

Addressing climate change is vital and I feel that anything we can do, especially on a citywide scale, will have an effect.

Encourage even small reductions in fossil fuel use.

Thank you so much for accepting this plan!

I wholeheartedly support the adoption of a climate action plan, so that we can have a better future.

I need to know how these changes will affect me before I support them.
