## PUBLIC SCHOOLS

### Recent Highlights

## Recreation Report June 2024

**Arena Roll:** Community Ed had its most successful event in four years. A total of 338 participants registered for the Arena Roll at the ice arena this year. There were 146 people in attendance on the second night of the program!

**Soccer:** Each elementary school has concluded their soccer programs this spring. A combined 38 participants from the Community Ed and Youth Enrichment League programs received instruction in basic soccer skills.

**Indoor Tennis:** A total of 65 tennis players enrolled in our fairly new indoor tennis program this spring. Each elementary school had a program for beginners and intermediate players after school. Instructors used a variety of mediums to engage students in learning tennis in both unique and traditional ways.

**Swimming Lessons:** Due to low interest in instruction, the April and May sessions were combined. 36 children were able to enhance their swim skills over the course of the two-week session. HS swim team members, along with a park board member, and a volunteer helped to teach the lessons and ensure we did not turn anyone away!

**Summer Intern:** Lucy Menssen has been hired as the Northfield Community Education Summer Intern. She will be helping to support all summer programs and their needs. Lucy worked as an instructor in our summer programs during the summer of 2021. She is currently a student at Iowa State University studying psychology, human development & family studies (HDFS).

### Upcoming Programs

Offering activities for all ages, Community Ed is your one-stop-shop for the entire family. Choose one of your favorites, or try something new!

#### NEW SUMMER PROGRAMS

Beginner Rollerskating
