Re: 2017 Street Improvements to Marvin Lane

Recently I received a Notice of Hearing regarding Street Improvements on Marvin Lane. I was very pleased that sidewalks were not part of the new construction.

Representatives of our neighborhood on Marvin lane were at the Hearing, and others watched on TV. We now understand there may be consideration for adding sidewalks to the project.

My attorney tells me that the Notice is a formal Notice and the Project cannot exceed the work outlined in the Notice of Hearing. Sidewalks were not included!

I am against sidewalks on Marvin Lane!

Sidewalk costs would increase the cost of the improvement above the increase in the value of my property.
