Category Capital Equipment Plan (CEP)
Department Street Division
Contact

Description

Total Project Cost: \$31,500

The 1999 Chevy S10 is typically used by seasonal staff, but is occasionally used by full time staff when other vehicles are not available.

Justification

Maintenance costs for this truck will increase if it is not replaced, causing a need to increase the maintenance budget of the street department. Also, the reliability of the vehicle will decrease, along with the availability.

Expenditures	2017	2018	2019	2020	2021	Total

Project # ST-400-6393

Project Name 2000 Case 580 Super L Backhoe

Type Equipment

Department Street Division

Useful Life 15 years

Contact Public Works Director

Category Capital Equipment Plan (CEP)

Description

Total Project Cost: \$90,000

Replacement of the 2000 Case 580 Super L Backhoe

Justification

The 2000 Case Backhoe, originally was slated for replacement in 2015, was pushed back to 2022 because of the light use and low hours. Per examination in 2016 of the undercarriage, there is extensive rusing of the hydraulic lines and hydraulic pumps. This is likely due to mixing of salt for winter ice removal operations. It is recommended this backhoe be replaced in 2018 to forego expensive maintenance associated with hydraulic line and pump replacement, which could easily exceed \$15,000, and take the backhoe out of operation for an extended period of time. Also with the City's increase in stormwater maintenance activities, this backhoe will need to be relied upon more heavily in the near future.

Project # WW-2019-001

Project Name Replacement of 2001 Ford E-450 TV Van

Type Equipment

Department Waste Water Division

Useful Life 10 years

Contact Public Works Director

Category Capital Equipment Plan (CEP)

Description

Total Project Cost: \$160,000

Replacement of 2001 Ford E-450 TV van (WW-201-3814) for Wastewater Division.

Justification

Benchmark for replacement of the TV is 10 years/100,000 miles. A major software and electronics upgrade was completed in 2009 to extend the life of this truck, thus pushing its lift to nearly 20 years. Vehicle is only used during the summer months.

Expenditures	2017	2018	2019	2020	2021	Total
Equip/Vehicles/Furnishings			160,000			160,000

Project # W-2018-004

Project Name Well 5 Generator (200 kW)

Type New Infrastructure

Department Water Division

Useful Life

Contact Public Works Director

Category Capital Equipment Plan (CEP)

Description

Total Project Cost: \$80,000

Purchase a new generator for well no. 05 that is a 200 kW.

Justification

The current portable generator at well no. 05 is used for both the wastewater lift station and well no 05. The well needs its own generator for proper functionality with the lift station being a higher priority than the well for the portable.
