Emergency care or urgent care at a hospital emergency room or urgent care center out of the plan's service area or out of network is covered as described in sections C and E above.

This chart applies only to in-network coverage. Point of Service coverage is available only for members whose permanent residence is outside the State of Minnesota and outside the service areas of the health plans participating in Advantage. This category includes employees temporarily residing outside Minnesota on temporary assignment or paid leave [including sabbatical leaves] and college students. It is also available to all dependent children and spouses permanently residing outside the service area. These members pay a \$350 single or \$700 family deductible (separate and distinct from the deductibles listed in section B above) and 30% coinsurance to the out-of-pocket maximums described in section O above. Members pay the drug copayment described at section M above to the out-of-pocket maximum described at section N.

A standard set of benefits is offered in all PEIP Advantage Plans. There are still some differences from plan to plan in the way that benefits, including the transplant benefits, are administered, in the referral and diagnosis coding patterns of primary care clinics, and in the definition of Allowed Amount.

* This Plan uses an **embedded deductible**: If any family member reaches the individual deductible then the deductible is satisfied for that family member. If any combination of family members reaches the family deductible, then the deductible is satisfied for the entire family.
