Floating Holidays

The nature of some division/departments is that they must remain open when other division/departments are closed due to a holiday. As an accommodation the City allows for a different day or “floating holiday”.

- The floating holidays are determined by the division/departments business/customer service necessity.
- The floating holiday hours are posted on the second full pay period in January each year.
- Floating holiday hours can be used on or following the actual holiday.
- An employee that terminates prior to a given holiday is not compensated for the floating holiday (s).
- An employee that terminates after a given holiday is compensated for the floating holiday.

Floating Holidays – Library

On holidays when the Library is not closed, floating holiday hours for such holidays will be credited to holiday-eligible employees on the second paycheck of the new year.

Floating Holidays – Liquor

On holidays when the Liquor Store is not closed, floating holiday hours for such holidays will be credited to holiday-eligible employees on the second paycheck of the new year. If an eligible employee works these holidays at the Liquor Store, the employee will be paid at the rate of one and half-hours for each hour worked and the length of floating holiday hours posted will be reduced for each such hours worked.

Saturday or Sunday

Unless the division/department is a six or seven day a week operation, when a holiday falls on a Saturday, the previous Friday is designated as the holiday; when on a Sunday, the following Monday is designated as the holiday.

If the division/department hours of operation include a Saturday, holidays that fall on a Saturday are observed on the Saturday.

If the division/department hours of operation include a Sunday, holidays that fall on a Sunday are observed on the Sunday.
