Subject:	Northfield Garden Club proposed educational 6-sided kiosk located by Children's Pollinator Garden in Riverside Park

(Section Break)

Comments: to whom it may concern:
As president of the Northfield Garden Club I would like to share our proposed memorial project totally funded by the NGC, with possible help from a Northfield Shares 2022 grant, with the Arts and Culture commission on Monday September 12 at 6 pm..

This is a refinement and final draft of Northfield Garden Club memorial committee chair Judy Code's original idea proposed to the commission pre-covid for use of NGC's memorial moneys given in memory of Dottie Swan. The 6-sided educational kiosk would be located near the Children's Pollinator Gardens in Riverside Park and would feature dragonflys, butterflies, and bees in a natural, state and national park style kiosk designed to withstand and compliment an outdoor setting. I will bring colored pictures of the kiosk and six inserts proposed for the kiosk.

I am in the process of finalizing the city's commitment to provide a concrete slab on which to place the kiosk.

Respectfully submitted

Elizabeth Olson, president NGC
