

**Date of Park and Recreation Advisory Board Meeting:** August 29, 2016

**To:** Park and Recreation Advisory Board

**From:** Allison Watkins

**Subject:** Ice Arena and Pool

**Action Requested:** PRAB Discussion

**Summary Report:**

**Arena:**

- Hockey camps have ended for the summer.
- Ice rentals for the summer 166 hours sold.
- We have 5 teams and still trying to get more for the DJJD 2 annual Hockey Tournament.
- Regular season starts September 12.
- We have had 4 power outages at the arena this summer. Thankfully, they did not last very long and staff was able to get the compressors up and running again before anything happened to the ice surface.

**Pool:**

- The weather has made this a very slow season at the pool.
- The two umbrellas will need to be repaired at the end of the season. The cable inside both of them that lift the arms up and holds the umbrella are not working properly. A few of the arms on the structures will need to be replaced. Storms have bent them.
- The dog swim will be held Sept. 2 from 4pm to 6pm and on Sept. 3 from 10am to noon.
