NOW, THEREFORE, in consideration of the mutual covenants and promises contained herein, the Parties agree as follows:

SECTION I – CONSULTANT'S SERVICES AND RESPONSIBILITIES

- A. **Scope of Services.** CONSULTANT agrees to perform various Project services as detailed in Exhibit 1, Scope of Services, attached hereto and incorporated herein by reference.
- B. **Changes to Scope of Services/Additional Services.** Upon mutual agreement of the parties hereto pursuant to Section VI, Paragraph K of this Contract, a change to the scope of services detailed in Exhibit 1, attached hereto, may be authorized. In the event that such a change to the scope of services detailed in Exhibit 1, attached hereto, requires additional services by CONSULTANT, CONSULTANT shall be entitled to additional compensation consistent with Section III of this Contract. CONSULTANT shall give notice to CITY of any additional services prior to furnishing such additional services. CITY may request an estimate of additional cost from CONSULTANT, and upon receipt of the request, CONSULTANT shall furnish such cost estimate, prior to CITY's authorization of the changed scope of services.
- C. **Changed Conditions.** If CONSULTANT determines that any services it has been directed or requested to perform by CITY are beyond the scope of services detailed in Exhibit 1, attached hereto, or that, due to changed conditions or changes in the method or manner of administration of the Project, CONSULTANT's effort required to perform its services under this Contract exceeds the estimate which formed the basis for CONSULTANT's compensation, CONSULTANT shall promptly notify CITY of that fact. Upon mutual agreement of the parties hereto pursuant to Section VI, Paragraph K of this Contract, additional compensation for such services, and/or an extension of time for completion thereof, may be authorized. In the absence of such a mutual agreement, amounts of compensation and time for completion shall be equitably adjusted, provided that CONSULTANT first provides notice to CITY as required by this Paragraph and CITY has not terminated this Contract pursuant to Section IV, Paragraph B.

- D. **Standard of Care.** Services provided by CONSULTANT or its subcontractors and/or sub-consultants under this Contract will be conducted in a manner consistent with that level of care and skill ordinarily exercised by members of CONSULTANT's profession or industry. CONSULTANT shall be liable to the fullest extent permitted under applicable law, without limitation, for any injuries, loss, or damages proximately caused by Consultant's breach of this standard of care. CONSULTANT shall put forth reasonable efforts to complete its duties in a timely manner. CONSULTANT shall not be responsible for delays caused by factors beyond its control or that could not be reasonably foreseen at the time of execution of this Contract. CONSULTANT shall be responsible for costs, delays or damages arising from unreasonable delays in the performance of its duties.
- E. **Insurance.** CONSULTANT shall not commence work under this Contract until he has obtained all insurance required herein and such insurance has been approved by CITY, nor shall CONSULTANT allow any subcontractor to commence work on his subcontract until such subcontractor has obtained like insurance covering as to worker's compensation, liability, and automobile insurance. All this insurance coverage shall be maintained throughout the life of this Contract.
1. CONSULTANT agrees to procure and maintain, at CONSULTANT's expense, statutory worker's compensation coverage. Except as provided below, CONSULTANT must provide Workers' Compensation insurance for all its employees. If Minnesota Statutes, section 176.041 exempts CONSULTANT from Workers' Compensation insurance or if CONSULTANT has no employees in the City, CONSULTANT must provide a written statement, signed by an authorized representative, indicating the qualifying exemption that excludes CONSULTANT from the Minnesota Workers' Compensation requirements. If during the course of the Contract CONSULTANT becomes eligible for Workers' Compensation, CONSULTANT must comply with the Workers' Compensation insurance requirements herein and provide CITY with a certificate of insurance.
 2. CONSULTANT agrees to procure and maintain, at CONSULTANT's expense, general commercial liability ("CGL") and business automobile liability insurance coverage insuring CONSULTANT against claims for bodily injury or death, or for damage to property, including loss of use, which may arise out of operations by CONSULTANT or by any subcontractor or by anyone employed by any of them or by anyone for whose acts any of them may be liable (including automobile use). provided under this Contract and shall provide that CONSULTANT's coverage shall be primary and noncontributory in the event of a loss.

CONSULTANT is required to carry the following minimum limits: \$2,000,000 – per claim or event; \$4,000,000 – annual aggregate; or as specified in the applicable insurance certificate(s), or as required by law, whichever is greater. Any deductible will be the sole responsibility of CONSULTANT and may not exceed \$50,000 without the written approval of CITY. If CONSULTANT desires authority from CITY to have a deductible in a higher amount, CONSULTANT shall so request in writing, specifying the amount of the desired deductible and providing financial documentation by submitting the most current audited financial statements so that CITY can ascertain the ability of CONSULTANT to cover the deductible from its own resources. The retroactive or prior acts date of such coverage shall not be after the effective date of this contract and CONSULTANT shall maintain such insurance for a period of at least three (3)

years, following completion of the work. If such insurance is discontinued, extended reporting period coverage must be obtained by CONSULTANT to fulfill this requirement.

5. True, accurate and current certificates of insurance, showing evidence of the required insurance coverages, are hereby provided to CITY by CONSULTANT and are attached hereto as Exhibit 2.
6. CONSULTANT's insurance policies and certificate(s) shall not be cancelled or the conditions thereof altered in any manner without Ten (10) days prior written notice to CITY.

Except to the extent prohibited by law, this indemnity applies regardless of any strict liability or negligence attributable to CITY (including sole negligence) and regardless of the extent to which the underlying occurrence (i.e., the event giving rise to a claim which would have been covered by the specified insurance) is attributable to the negligent or otherwise wrongful act or omission (including breach of contract) of CONSULTANT, its subcontractors, agents, employees or delegates. CONSULTANT agrees that this indemnity shall be construed and applied in favor of indemnification. CONSULTANT also agrees that if applicable law limits or

precludes any aspect of this indemnity, then the indemnity will be considered limited only to the extent necessary to comply with that applicable law. The stated indemnity continues until all applicable statutes of limitation have run.

If a claim arises within the scope of the stated indemnity, CITY may require CONSULTANT to:

- a. Furnish and pay for a surety bond, satisfactory to CITY, guaranteeing performance of the indemnity obligation; or
- b. Furnish a written acceptance of tender of defense and indemnity from CONSULTANT's insurance company.

CONSULTANT will take the action required by CITY within fifteen (15) days of receiving notice from CITY.

SECTION IV – TERM AND TERMINATION

- A. **Term.** This Contract shall be in effect until such time as the Project is completed.
- B. **Termination.** This Contract may be terminated by either PARTY for any reason or for convenience by either PARTY upon seven (7) days written notice. In the event of termination, CITY shall be obligated to CONSULTANT for payment of amounts due and owing including payment for services performed or furnished to the date and time of termination, computed in accordance with Section III of this Contract.
- C. **Default.** If CONSULTANT fails to satisfy any of the provisions of this Contract, or so fails to perform and/or administer the services detailed in Exhibit 1, attached hereto, pursuant to the requirements of Section I of this Contract, in such a manner as to endanger the performance of the Contract or the services provided hereunder, this shall constitute default. Unless CONSULTANT's default is excused by CITY, CITY may, upon written notice, immediately cancel this Contract or exercise any other rights or remedies available to CITY under this Contract or law. In the event of CONSULTANT's default, CONSULTANT shall be liable to CITY for any and all costs, disbursements, attorneys and consultant fees reasonably incurred by CITY in enforcing this Contract.
- D. **Suspension of Work.** If any work performed by CONSULTANT is abandoned or suspended in whole or in part by CITY, CONSULTANT shall be paid for any services performed to the satisfaction of the Public Works Director/City Engineer prior to CONSULTANT's receipt of written notice from CITY of such abandonment or suspension, but in no event shall the total of CITY's payments to CONSULTANT under this Contract be required to exceed a percentage of the total contract price (calculated by either the Contract price or the maximum price set forth in Exhibit 3, attached hereto) equivalent to the percentage of the scope of services completed by CONSULTANT to the satisfaction of the Public Works Director/City Engineer as determined by CITY.

- X. **Patented Devices, Materials and Processes.** If this Contract requires, or CONSULTANT desires, the use of any design, device, material or process covered by letters, patent or copyright, trademark or trade name, CONSULTANT shall provide for such use by suitable legal agreement with the patentee or owner and a copy of said agreement shall be filed with CITY. SCOPE OF SERVICES

Subject to the terms of this Contract, CONSULTANT shall perform the following services:

Request for Proposals

City of Northfield, MN

Save the Northfield Depot/Transit Hub

October 26, 2016

I. Introduction

The City of Northfield is requesting professional consulting services related to the Save the Northfield Depot building relocation project and adjacent future transit hub site work. In 2008 the existing depot building owned by Canadian Pacific Railroad was scheduled for demolition. In negotiation with the railroad, the building was not demolished and a local nonprofit “Save the Northfield Depot” has been working diligently since then to plan the site and raise funds to relocate the building. Through project planning, a site has been identified as the future location of a Transit Hub that can be utilized by both Hiawathaland Transit and Benjamin Bus.

In 2016, the depot building was moved to its new site on what is called the ‘Q-Block’ located between Second and Third Street on the west side of Highway 3.

The depot building exterior is being renovated while fundraising efforts continue to complete the rest of the project. Future phases included interior remodeling, construction of the pavilion, site work, and a transit hub.

Due to financial challenges, the City is considering assisting with the project and further developing the site for a transit hub. Transit services are provided by both Hiawathaland Transit and Benjamin Bus.

II. Project Scope

Phase 1: The Save the Northfield Depot group has a site plan from an architect and engineer for the relocation of the existing building. Site work on the plan is identified as ‘future work’. The City is requesting professional services to provide a layout of a Transit Building connected to the future pavilion located on the north side of the depot building. The dimensions and size of the building is conceptually provided. The interior floor plan shall be architecturally sketched and dimensioned. Typical floor layout will provide a waiting area, bathrooms, and janitor/supply closet.

The architect shall determine the number of transit riders that could wait within the facility and the size of building. Currently, the Save the Northfield Depot Group has the transit building roughly sized at 512 square feet. Preliminary discussion with Hiawathaland Transit indicates building size may need to be around 900 square feet.

The site shall be reviewed for ingress and egress for buses, vehicles, and non-motorized access including bike parking. The bus waiting areas shall be identified on the site plan. The consultant shall meet with both Hiawathaland Transit and Benjamin Bus to review the site layout and receive their input.

The consultant shall provide turning movement diagrams that show how buses can utilize the site. It is anticipated that access to the site will be from the north off Second Street and departures will be onto Third Street.

The consultant shall provide preliminary construction cost estimates to complete the site work excluding the Transit Hub building itself.

Construction costs should include:

- Site Grading

- Driveway and Parking Lot Construction
- Sidewalks
- Utility extension costs
- Restoration (not full landscaping of the site)

Phase 2: Design and Preparation of Plans and Specifications

Professional Design Engineering Services, including topographic survey, up to and through bidding, bid evaluation, and contract award, that are necessary to properly assemble construction documents and contracts to facilitate the development of the site.

It is anticipated in Phase 1, that the footprint of the future transit hub will be identified within the proposed site. Site development in which the plans and specifications should be prepared include:

- Site Grading
- Parking Lot and Drive Aisle
- Sidewalks
- Restoration

Phase 3: Construction Phase Services shall include the following:

- Attendance of preconstruction meetings and weekly construction meetings throughout construction.
- Material and shop drawing review.
- Construction staking including preparation of staking files.
