

Date of Park and Recreation Advisory Board Meeting: Feb 16, 2017

To: Park and Recreation Advisory Board

From: Allison Watkins

Subject: Ice Arena and Pool

Action Requested: PRAB Discussion

Summary Report:

Arena:

- The City Council approved the purchase of a 552 Electric Zamboni. Staff will be ordering that next week. There is a 6 to 8 month turn around so we should get it by the middle of next season.
- The dehumidification system (Munters Unit) motor needed to be rebuilt. The bearings were bad and it was making a very loud noise. It was rebuilt Feb 7th and put back in on the 8th.
- The City Council approved summer ice to be put back into the budget. The NHA will be running the program this year.

Pool:

- Nothing at this time.
