

December 21, 2016 Open House Presentation of Study Findings – Jefferson Parkway and TH 246

- Still unsafe for bikes on Jefferson Parkway
- Cty 1 and TH 246 intersection should be improved
- Missing pedestrian and bike safety components
- Update complete streets policy
- Concerns with vehicles stopping at the proposed High School Crosswalk – Enhance
- Physical environment at High School – Possible Bumpouts
- Take a broader look at multi-model transportation in the area.
- Connectivity to the Schools
- Take median out of Jefferson Parkway and make it 4-lane
- Include right turn (bypass) lanes with the roundabout
- Lower the speed limit on TH 246
