

**Date of Park and Recreation Advisory Board Meeting:** June 15, 2017

**To:** Park and Recreation Advisory Board

**From:** Allison Watkins

**Subject:** Ice Arena and Pool

**Action Requested:** PRAB Discussion

**Summary Report:**

**Arena:**

- The arena is being flooded for the summer ice session.

**Pool:**

- Startup has been very slow this year at the pool. Over the winter we had freezing in some pipes that run to the building. These were fixed. With all the rain in May we were pushed behind on getting the pool joints caulked. There was ground water coming up from the first joint in the pool which is where I believe we were losing water last year. Startup was on Friday June 2 and Saturday night at some point we lost power to the pool. Xcel was called and came out and got us back up and running by noon.
- The pool opened on schedule June 5.
- Todd Fredrickson is working on the solar fields.

**Alternative Options:**

N/A
