Activity # 1

Activity Title: Home Matters Residential Rehabilitation Program

II. Activity Information

Describe the proposed activity.

The Northfield Housing and Redevelopment Authority (HRA) propose to maintain existing housing stock by continuing the Home Matters Rehabilitation program for low/mod income homeowners in single family dwellings. Program will provide up to \$10,000 in forgivable loans to homeowners for foundation repair, roof replacement, HVAC replacement, plumbing and electrical repairs. A 2012 Rice County Housing Study noted that approximately 54% of the housing stock was in need of some repair. Of the approximate 4400 owner occupied single-family homes in Northfield, 2023 were built prior to 1980 and are more than 30 years old. The same study showed that more than 26% of homeowners are paying over 30% of their incomes toward their housing costs. The Home Matters Residential Rehab Program will be available to homeowners citywide at or below 80% of area median income. Rental properties are not eligible. Participating homeowners will be required to contribute a minimum of:

- Projects from \$1 - \$5,000: Homeowner shall contribute 50% of total project costs. For example, a homeowner needs a new furnace which costs \$4,500. The owner would pay half of the overall costs (\$2,250) and would be eligible to receive a zero-interest loan , forgivable after 5 years for the other half (\$2,250).
- Projects from \$5,001 & Above: Homeowner shall contribute 33% of total project costs. For example: a homeowner needs a new roof and gutters which costs \$12,000. The owner would pay 1/3 of the overall costs (\$4,000) and would eligible to receive a forgivable, zero-interest loan for the remaining 2/3 (\$8,000). Total forgivable loan dollars would be limited to \$10,000

Maintaining the existing housing stock is one key to providing affordable housing in Northfield. As the housing stock ages and systems need replacement, low and moderate income families are forced to either stretch budgets beyond safe levels or ignore needed repairs. The Northfield HRA intends to add \$5,000 to the Program Year 2018/2019 CDBG Funds toward this purpose.

Due to direct mailing outreach to some Northfield homeowners, the HRA has received multiple applications for assistance. The HRA plans to continue its direct mailing outreach program in the Spring of 2018 to include all other areas of the City not covered by the first two mailings. The HRA anticipates that available funding will not be sufficient.

Activity # 2

Activity Title: Safe Homes Program

II. Activity Information

Describe the proposed activity.

Northfield Union of Youth (NUY) Safe Homes Program

Youth homelessness is extremely complex and blends a host of mental, systemic, chemical, physical, familial, and social-emotional issues. NUY believes in youth empowerment and the transformative benefits of equipping young people to directly take on the challenges they face. NUY has developed NUY Safe Homes by engaging and appointing youth to leadership positions who have personally experienced homelessness in Northfield. These young people have lived and are living with these challenges. They can uniquely inform the creation of a trauma-informed, safe, and accessible system that would provide meaningful solutions.

NUY Safe Homes is a multi-tiered approach, meeting youth in their current circumstances:

- 1) **Formal host family model.** NUY will recruit, train, and support host-families to provide a safe and caring home for homeless youth. NUY's licensed social worker will provide formal case management and supportive services to youth matched with a host family.
- 2) **Informal hosting support.** NUY will provide formal support for youth and informal host families when hosting is already happening. This includes identifying youth staying with friends/family and providing support and best practiced guidance on the complexities of informally hosting/staying with friends or family.
- 3) **Youth-centric supportive services.** NUY provides supportive services through mentoring, tutoring, enrichment activities, and employment services to youth aging out of foster care or without a home due to the lack of affordable housing. NUY staff help empower youth ages 18-24 to navigate this difficult time of life in a difficult housing landscape.

Alternatives: This multi-tiered model is an extremely cost-effective model that utilizes the existing strengths of the Northfield community, without adding additional capital infrastructure. Traditional solutions to homelessness often include dedicated homeless shelters. While there is a time and place for these traditional approaches, it is both cost and resource prohibitive. Where would it be built, who would staff it, and is it an appropriate response to the complexities of youth homelessness? Figures for this traditional approach quickly escalate to the hundreds of thousands PLUS initial infrastructure and construction. Additionally, Northfield's homeless youth (in leadership with NUY) have expressed concerns

NUY has been awarded a substantial grant from the MN State Office of Economic Opportunity (OEO) to make this a viable program. The funding source is the Homeless Youth Act Grant (HYA) and is awarded on a biennium basis. NUY has been awarded \$37,500/year for 2 years (\$70,000 total). **This leaves an annual budget shortfall of \$25,639.** The criteria for the renewal and potential increase of HYA grant funds during the next biennium will be based on program outcomes and additional funding partnerships. NUY is actively looking for additional funding through private donations and grants. This includes possible reallocation of other previously secured grant sources; however, this would pull necessary resources from other capacity limited programs and is not a sustainable strategy.

NUY is overwhelmed by the need for respite and transitional housing support for Northfield youth, with referrals nearly every week. NUY is committed to meeting the needs of homeless youth and has taken a large step of faith to provide services to the Northfield community while still seeking additional funding. A partnership with the Northfield HRA would not only provide financial assistance to an important program, but would act as a catalyst in attracting additional funding and donations.

***Please review each section for completeness.
Each activity should have separate Sections I through V.***

Please Note: Although an activity may be deemed eligible for CDBG funding, it does not guarantee funding. The Community Development Needs for the CDBG Program in the Comprehensive Plan sets forth the priority of needs and as such, dictates which types of eligible activities may be funded in a given year.

CDBG funds may NOT be used for costs attributable to a building used for the general conduct of government or used for political activities.

Acquisition/Disposition: The use of CDBG funds to acquire real property, in whole or in part, by purchase, long-term lease, donation, or otherwise, for any public purpose. Real property to be acquired may include: land, air rights, easements, water rights, right-of-ways, buildings and other property improvements, or other interests in real property.

Demolition/Clearance: Clearance, demolition, and removal of buildings and improvements including movement of structures to other sites.

Economic Development Activities: Economic development activities may include, but are not limited to: (1) Construction by the grantee or sub-recipient of a business incubator designed to provide inexpensive space and assistance to new firms to help them become viable businesses, (2) Loans to pay for the expansion of a factory or commercial business, and (3) Providing training needed by persons on welfare to enable them to qualify for jobs created by CDBG-assisted special economic development activities. The level of public benefit to be derived from the economic development activity must be appropriate given the amount of CDBG assistance.

Rehabilitation: Rehabilitation related activities may include single-family rehabilitation, multi-family rehabilitation, energy efficiency improvements, public housing modernization, and rehabilitation of commercial properties.

General Administration: CDBG funds may be used for the general administration costs incurred by a Subrecipient to administer their CDBG program. Administration costs directly associated with a CDBG activity should be part of the activity as project administration.

Relocation: CDBG funds may be used for relocation payments and assistance to displaced persons, including individuals, families, businesses, non-profits, and farms, where required under section 570.606 of the regulations (pursuant to the Uniform Relocation Act).

Public Facilities/Improvements: CDBG funds may be used by the grantee or other public or private nonprofit entities for the acquisition (including long term leases for periods of 15 years or more), construction, reconstruction, rehabilitation (including removal of architectural barriers to accessibility), or installation, of public improvements or facilities. Buildings for the general conduct of government cannot be acquired or improved with CDBG funds. This includes neighborhood facilities, firehouses, public schools, and libraries, as well as water and/or sewer treatment plants. The regulations further specify that facilities that are designed for use in providing shelter for persons having special needs are considered to be public facilities.

Public Services: CDBG funds may be used to provide public services (including labor, supplies, and materials), provided that each of the following criteria is met: 1) The public service must be either a new service or a quantifiable increase in the level of service; and 2) The amount of CDBG funds obligated within a program year to support public service activities under this category may not exceed 40% of the City's allocation and the total public services of all Sub-recipients may not exceed 15% of the total grant awarded to Dakota County for that year.

Planning: Includes studies, analysis, data gathering, preparation of plans, and identification of actions that will implement plans. The types of plans which may be paid for with CDBG funds include, but are not limited to: Comprehensive plans; Individual project plans; Community development plans, Capital improvement programs; Small area and neighborhood plans; Environmental and historic preservation studies; and Functional plans (such as plans for housing, land use, energy conservation, or economic development).

Homeownership Assistance: Homeownership assistance activities may include financial assistance for downpayments, closing costs or other part of the purchase process and counseling for pre-purchase, post-purchase or foreclosure prevention.
