Executive Summary

The 2018-2020 Strategic Plan is organized by key issues identified in the report, "Building Inclusive Communities, An Action Guide for City Leaders," published by the League of Minnesota Cities. The Northfield Human Rights Commission has identified four categories for action for this work plan. The categories are listed and described as follows:

- 1. **Cultural Competence:** Cultural competence is a willingness to learn and listen. It is being welcoming and dropping defenses. It is a permanent way of changing how community issues are communicated and approached.
- 2. **Equity:** Improve cross-cultural understanding and acceptance.
- 3. **Leadership:** Being a successful leader of a multi-cultural leader of a community also means recognizing and fostering leadership in others.
- 4. **Public Relations:** Increased visibility will allow more citizens to access our services and increased communications will keep the Commission aware of events and trends in the community.
