

## Appendix B: Special Assessment Checklist

The following is a suggested checklist that may be useful in helping to ensure that every step in the process of making the local improvement, assessment of the cost, and financing is done as required. In no way does it diminish the necessity of checking with the city attorney throughout the process to assure legal compliance. Some of the steps will be omitted in some projects, others in different projects, but these can be crossed off when not applicable in the individual case.

Where certain steps are never done locally, as where the financing steps are the responsibility of an outside consultant, these may be omitted altogether from the list. Additional steps may be put in the list – for example, to list both the preparation of the notice of hearings and of their affidavits of publication.

No checklist of this kind is legally required. For proceedings where some steps are combined for a number of projects, the form as drawn may be cumbersome and perhaps impractical.
