

CVB Meeting of 6/18/19

There was some lively discussion regarding the fact that both colleges were providing lodging during their reunions and not paying lodging tax. There is some ambiguity about whether they were charging for the rooms and how including the room with a package deal impacts the lodging tax obligation.

Hotels report being very busy in the upcoming two weeks.

The bulk of the meeting was spent doing an annual check-in on goals and setting priorities for the coming year.
