  - a. Noxious Weed Ordinance
    - i. Jay presented and Kim presented copies of the resolution that the EQC passed back in Feb, 2019. The EQC needed to clarify that invasive species are in fact a noxious weed. The EQC updated Article I, Sec. 86.1 Weeds and Invasive Species of the Land Development Code to open for additional species to be added to the existing state-wide lists for the City of Northfield. City staff does not have the capacity to do extensive research to maintain a list of invasive species versus the state of Minnesota. The EQC and city staff can recommend that a species be added to the list by a majority vote of the city council. This list would be posted on the city website for property owners.
    - ii. Next steps: Based off staff concerns for maintaining a list, the EQC recommended that the ordinance go to legal and then move to city council for formal adoption.
  - b. Draft Climate Action Plan
