

Shadow Report from Barb Evans for Sept. HPC meeting:  
Submitted August 20, 2020

**Park and Recreation** report from Barb Evans

HPC cross over= none.

Based on the June Minutes, there is nothing involving the HPC in discussion as they are trying to balance facilities and activities with the virus.

They are putting in more Pickle Ball courts in two parks not in the Historic District.

**Housing and Redevelopment Authority** report from Barb Evans

HPC cross over=none

They are involved in the purchase of a property at 1800 Maple.

For their August Agenda, they are working on the 2021 budget.

Question: How much info is supposed to be in the minutes? When under "Staff Reports" it says that Mitzi Baker "gave a update on the Code Enforcement position," it does not say what that was. It could be that something she explained could have relevance for us, but I can't tell.
