

IDEAS from other Commissions:

- Doing more in terms of restorative justice and mediation: **perhaps have Restorative and Mediation Practices, RAMP, Rice County, come visit and work with us.** I know the director.
- Another idea: Eden Prairie brings area non-profits and learn from them and then recruit with them.
- Having a newsletter, and gather ideas
- Eden Prairie: They work really well
- Another one has town halls, how to be in the community
- CREATE more regional commissions, not just cities
- Can we educate landlords, employers, SEND THEM GENERAL INFORMATION? Idea shared by Judy Foster from St. Cloud.
- Talking to the representatives, have information directly to them. Keep working on them learning about local issues, especially now after the elections and seeing the big difference between the Twin Cities area and rural areas.
