2017 Rental Property Expense Report

SUMMARY AND ACTION REQUESTED:

The Housing & Redevelopment authority (HRA) is asked to review the income and expense reports for the HRA owned rental properties.

BACKGROUND:

The HRA owns 4 rental properties containing 5 rental units. The properties are:

- 517 Washington St S - 2 dwelling units. Leased to Community Action Agency for Homeless Transitional Program.
- 2330 Elianna Dr. - 1 dwelling unit - Private lease
- 2334 Elianna Dr. - 1 dwelling unit - Private Lease
- 2007 Hidden Valley Rd - 1 dwelling unit - Leased to Ruth's House of Hope for Women in Transition Program.

ANALYSIS:

517 Washington St S - Built 1900

Rental Income per unit is currently \$600/month. The total income, based on current rents, is \$14,400 annually. The total income in 2017 was \$13,476. There were several factors for the lower income in 2017 including 4 months vacancy and lowered monthly rent.

The income exceeded the general expenses for the property by \$3,158. However, there were significant repairs and capital improvements at the property costing an additional \$17,941. It should take approximately 6 years for the HRA is able to recoup these additional expenses at the current rate of annual profit.

2330 Elianna Dr - Built 2007

The 4-bedroom dwelling rents for \$945/month. The HRA paid an annual associations fee of \$2184 and \$2500 for taxes. The tenant pays their own utilities. Mowing and snow removal is provided by the association. Repairs/improvements were less than \$100 for the year. The HRA has a net gain of \$5,872 in 2017 at this property.
