Park & Recreation Advisory Board Meeting Date: August 29, 2016

To: Park & Recreation Advisory Board

From: Jasper Kruggel, Streets and Parks Manager

Tree Inventory Update

Action Requested:

The Northfield Park & Recreation Advisory Board receives and files this report on Park and Boulevard Tree Inventory Conducted by the Minnesota GreenCorp Member, Alan Toczydlowski.

Summary Report:

Attached is a report submitted by the Minnesota GreenCorp Member, Alan Toczydlowski, who worked in the Streets and Parks Department for 11 months dating back to September 2015. Alan's final day with the City of Northfield was August 16th. We are grateful for the work Alan performed, and the tree inventory he conducted has helped us determine the diversity of our urban forest on public land, and has set the framework to manage our urban forest actively into the future.

Attached is Alan's final report on the urban forest, please review and ask questions.
