Human Rights Commission Meeting Date: October 10, 2019

To: Human Rights Commission

From: Beth Kallestad, Program Coordinator

Discussion regarding action steps for Strategic Priorities

Action Requested:

The Northfield Human Rights Commission will discuss setting some action items for the next few months that they can work on related to Strategic Priorities #1-3.

Summary Report:

In May 2018 the HRC created a list of priorities and activities it could work on in the next 2-3 years. (see attached)

In order to help the HRC members feel they are making progress on these items, the Commissioners will be asked to brainstorm a list of how they might help move each item forward in the next 3-months and decide as a group on actions they want to do.
