Review of Draft Calendar for 2020

Action Requested:

The HRC will review and give feedback on draft calendar for 2020.

Summary Report:

At the November 14, 2019 meeting the HRC shared a few items to work on and receive updates on in the coming year. Staff would also like support from the HRC on several items. To be sure to address these items and assist with meeting preparation a draft calendar is being provided. The format and action item categories are based on a previous year's calendar.

Staff ask that the HRC review this and offer feedback or suggest modifications.
